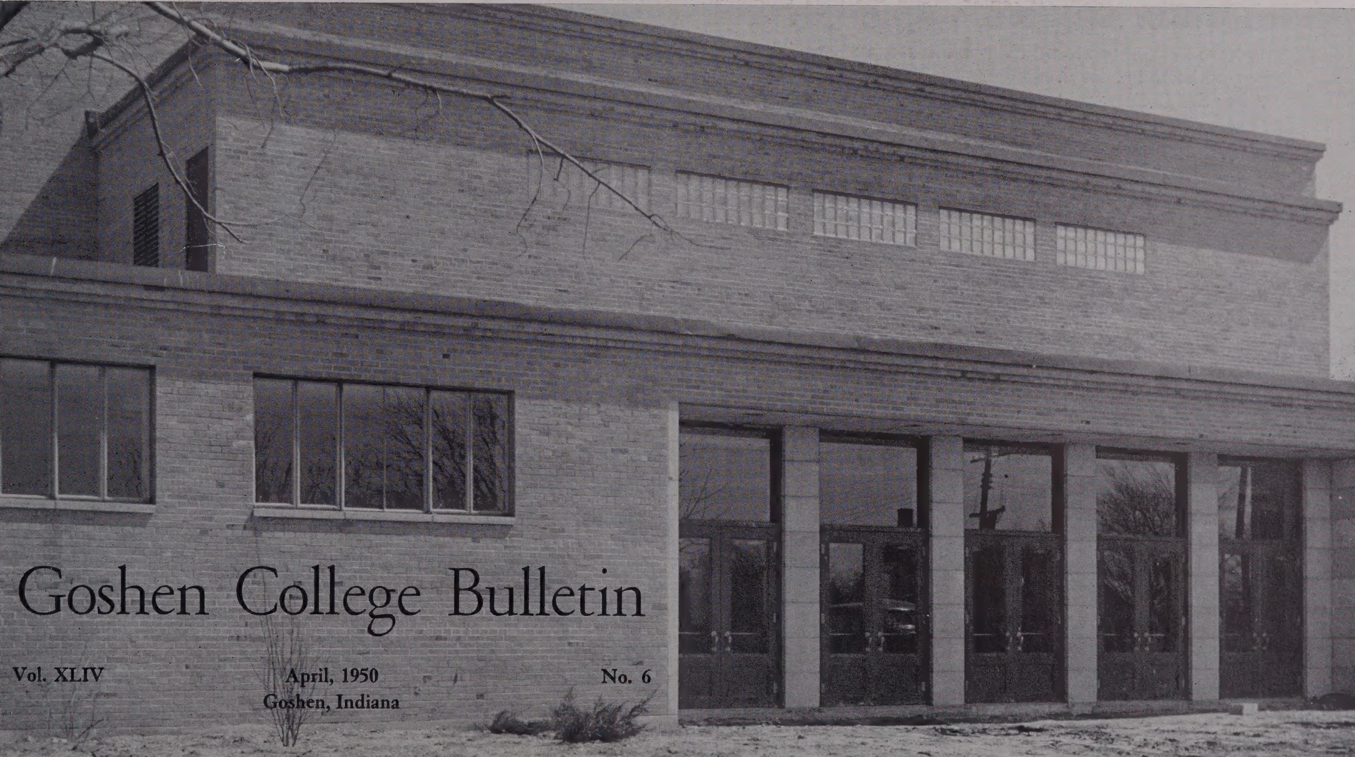
THE COLLEGE UNION



Goshen College Bulletin

Vol. XLIV April, 1950 No. 6
Goshen, Indiana

THE AUDITORIUM-GYMNASIUM now is completed. Several months ago President Miller publicly asked students and faculty for suggestions for a name. Of the many names proposed none seemed to include the uses of the building or to express the spirit of the campus better than "The College Union." This name was presented as a recommendation to the Executive Committee of the Board of Education and adopted by them.

Even twenty-five years ago Assembly Hall with its wings and the balcony was inadequate to accommodate the audiences meeting for Christian Life conferences and other special meetings at the College. Since that time both the student body and the Goshen College congregation have quadrupled. For the past several years it has been necessary to hold commencement exercises, chorus programs and lecture course numbers in the high school auditorium. This has withdrawn interest from the College as a religious and cultural center. Even the high school auditorium has been entirely too small to accommodate the crowds who have flocked to attend chorus, lecture, and special programs arranged by the College.

After the College debt was liquidated in 1940 and the heating plant erected in 1945, the need for a student center and auditorium-gymnasium could receive serious consideration. Even as early as September 26, 1941, when President Miller presented this need to the Board, they voted to "look with favor" on the erection of an auditorium-gymnasium and authorized the solicitation of funds for the project.

The Board decided on October 20, 1944, to engage Orus Eash, an alumnus of the College, as architect to draw preliminary plans. Mr. Eash is the junior member of the firm Bauer and Eash, Architects, of Traverse City, Michigan. On February 16, 1946, the Board appointed the following Building Committee: President Ernest E. Miller, chairman; D. A. Yoder, C. L. Graber, C. J. Gunden, and Clifford P. Martin. The Board decided also to engage Mr. J. Gordon Jackson, of Detroit, an experienced construction engineer, to supervise erection of the building instead of letting a single contract. This arrangement has proved both efficient and economical, saving the Board thousands of dollars.

The building supplies a number of outstanding needs on the campus. The north wing contains the book store, post office and snack shop. Both faculty and students now enjoy the large well-lighted lounge, a room where they can meet informally in out-of-study hours. It will serve for smaller meetings of the confer-

ence district and for overflow crowds when larger audiences assemble in the Auditorium.

The music rooms under the stage of the auditorium supply an urgent need for music studios, a listening room and a recitation hall supplied with the necessary equipment for instruction in vocal and instrumental music. The instructors in physical education also will appreciate the new building. Facilities for a satisfactory recreational program have been entirely inadequate for a student body of seven hundred. The new building with separate rooms for men and for women will provide twice the space afforded by the old wornout gymnasium with its leaky roof and aging timbers.

The acoustics seem to be excellent. A person standing on the platform at the east end of the hall and speaking in an ordinary tone of voice can converse with another standing 128 feet away.

With the completion of the auditorium-gymnasium and its connected areas the campus once more can become the center of student and faculty religious and cultural interests and serve

the community and the Church in a way that it previously has not been able to do. The annual meeting of the Indiana-Michigan Sewing Circles is scheduled to be held in the Auditorium in May. The annual meeting of the Mennonite Board of Missions and Charities will meet here in June. Next year The College Union will make it possible for the biennial meeting of the General Conference of the Mennonite Church to hold its committee meetings and its general sessions on the Goshen College campus.

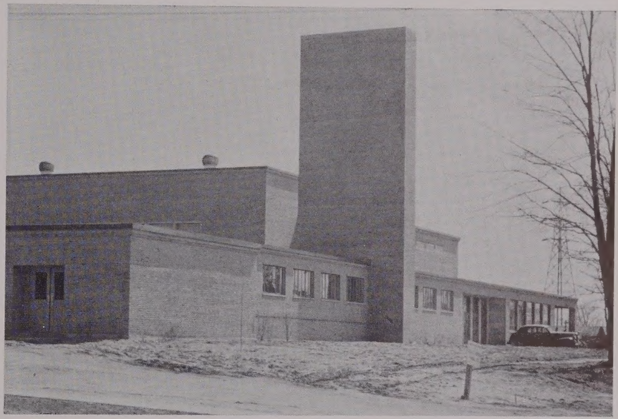
Details of Construction

Construction of The College Union is strictly fireproof throughout. Exterior walls, cinder block faced with brick on outside. Interior, common brick and Celocrete block. Windows, steel. Stairways, terrazzo over reinforced concrete with steel nosing. Interior trim and door frames, steel.

The roof is five-ply built up with one inch of insulation over welded steel deck.

Ceilings throughout are plastered with Zonolite plaster over metal lath. Five-eighth inch acoustifibre blocks cover ceilings of classrooms.

The entire building is heated from the central steam plant built in 1945. Auditorium is heated by blower system with outlets in ceiling. Other areas are heated by modine convectors and unit heaters, thermostatically controlled.



Ventilation in Auditorium works through blower system.

The Auditorium is lighted with recessed Kirlin incandescent fixtures, remainder of building with fluorescent.

Equipment of the building includes a complete system of bells and complete amplifying system. A clock, the gift of one of the classes, is to be installed in the tower.

The kitchen is located in the Snack Shop adjoining the cafeteria to be equipped with electrical stove, water, sink, and cupboards—completely modern.

The structure contains one million cubic feet.

Plans Proceeding for Dedicatory Exercises

Plans are maturing for the dedication of the Auditorium-Gymnasium on April 23. President Miller has appointed the necessary committees and has arranged tentative outlines for several of the sessions.

The Council on Nursing Education has formulated plans for a Workshop on Nursing Education to be held in the Administration Building on the afternoon of April 21 and the forenoon of April 22. On Friday evening, April 21, a public meeting in Assembly Hall will discuss certain aspects of nursing education.

Dr. Caroline Hauenstein, executive secretary of the Indiana State Board of Nurses Registration and Nursing Education, and Dr. Martha O'Malley, Director of the Division of Hospital and Institutional Services of the Indiana State Board of Health, will be present for the workshop. Also participating in the conference will be Orpah Mosemann, R.N., Esther Widmer, R.N., and Verna Zimmerman, R.N., of the Elkhart Hospital staff and the new Goshen-Elkhart Collegiate School of Nursing.

A program in Assembly Hall on Christian Education will occupy Saturday afternoon. This will be followed at four o'clock with open house in the Auditorium-Gymnasium.

The Saturday evening program will give recognition to those who have been active in promoting the building program and will extend opportunity for greetings from sister colleges and institutions. Bishop Milo Kauffman, president of Hesston College, and John R. Mumaw, president of Eastern Mennonite College, and others will bring greetings and felicitations. Bishop A. J. Metzler will preach the Sunday morning sermon in Assembly Hall.

Although the entire Auditorium will not be ready for the Saturday evening program, President Miller expects to hold this meeting in the front half of the building equipped to accommodate an audience of about one thousand. The dedication will take place in the Auditorium on Sunday afternoon, April 23. The hall will accommodate an audience of two thousand and auxiliary areas equipped with loud-speakers will provide room for several hundred more.

On Sunday evening the College Choruses will test the acoustical properties of the Auditorium with a program of sacred music. The directors, Professors Walter E. Yoder, Mary Oyer, and Dwight Weldy, promise a good concert and several interesting surprises.

Goshen College Organizes Collegiate School of Nursing

By President Ernest E. Miller

After considerable planning and much thought and prayer, arrangements are completed to begin classes in the Goshen College Collegiate School of Nursing. Students will be admitted into the Goshen-Elkhart program at the opening of school in September, 1950. Eighteen months at the College and an additional thirty months in clinical experience at Elkhart and affiliations will prepare for the State Board examination leading to the R.N. and for the Bachelor of Science in Nursing.

The program as set up by the College in consultation with the Indiana State Board of Nurses Registration and Nursing Education provides for a four-year program. The candidate for the nursing degree is admitted to the nursing arts curriculum of Goshen College. During the first three semesters and a summer term she will be a regular student at the College, enrolled in some of the freshman general education courses but even beginning with the first year some of the courses will point definitely toward nursing education.

During the remaining summers and the last five semesters (thirty months in all) the student nurse will combine practical work in clinical and bedside nursing at the Elkhart General Hospital with upper level academic courses at Goshen College. At the end of the forty-eight months she will take the State Board examination leading to the R.N. degree and then will receive from Goshen College her Bachelor of Science in Nursing.

From an educational point of view and also from the viewpoint of hospital service the integration of clinical subjects and liberal arts education is a much better arrangement than having all the clinical subjects and experience at one time and the liberal arts training at another. The complete course will be printed in the 1950-51 Goshen College catalog to appear in March of this year.

Scholarships and loans will enable a larger number of young women to avail themselves of the educational opportunities offered by the Collegiate School of Nursing. Students registering for this course may be eligible for the regular freshman scholarships or they may make application for one of the eight Miles Laboratories scholarships. They also may make application for a loan. The college has a loan fund to enable properly qualified worthy students to continue their education without interruption.

In the matter of accreditation of the Goshen College Collegiate School of Nursing one can say only that it is not possible for any accrediting agency to accredit an institution before it is actually in operation. We have had meetings with the Indiana State Board of Nurses Registration and Nursing Education, however, and are taking every step in line with their counsel and co-operation.

The College has every assurance that the State Board is in sympathy with the program as outlined by the College and that they look on it wih favor. Miss Caroline Hauenstein, executive secretary of the State Board, wrote recently that they are pleased with the curriculum set up by us and with the buildings and other facilities available on the Goshen College campus.

Much planning and thinking has gone into the appointment of a faculty for the Collegiate School of Nursing. The good record of some of those already appointed is a matter of common knowledge and does not need further mention here: Miss Verna Zimmerman, R.N., Miss Orpah Mosemann, R.N., Miss Esther Widmer, R.N., Miss Ada Showalter, dietitian (M.A. Cand.). Other persons are in process of appointment or are working toward further specialized preparation.

Physicians and surgeons also are an important part of the faculty and teaching staff of a school of nursing. Elkhart and Goshen have a number of specialists. This is unusual for a hospital of the size of the Elkhart General Hospital.

The Elkhart Hospital is ready to start new construction in June on a large addition to the present plant to eliminate present over-crowded conditions. This will make available space for another eighty beds but more important from the standpoint of hospital service and of the nursing school, it will make available up-to-date additional facilities necessary for a completely modern hospital.

It probably is not necessary to restate here that the purpose of the whole nursing program of which the Collegiate School of Nursing at Goshen College is a part, is to place emphasis on the Christian aspect of nursing education and nursing. The distinctive goal is not merely to educate young women to become expert in the care of the sick as a routine or professional matter but to put into their service to their patients the principles of the Christian ethic, ideals, and practices.

The program also should have a certain missionary outlook serving not only to educate Mennonite girls in the principles and practice of Christian nursing but also to instill the evangelical, missionary spirit into others outside of the Mennonite group.

Alumni Contributions

September 1, 1949—February 1, 1950

ALUMNI RISE TO SUPPORT OF BUILDING PROGRAM

Once more alumni have responded generously and promptly to an appeal for funds to complete the Auditorium-Gymnasium. Their response to the November appeal and to President Miller's Christmas greetings has reduced very materially the amount still needed to complete the Auditorium-Gymnasium.

The list printed below gives the names of contributors between September 1, 1949, and February 1, 1950. These contributions prompted by alumni loyalty have earned the lasting gratitude and appreciation of the Administrative Officials of the College and the officers and directors of the Alumni Association. But let us keep the money coming in. The building is not yet finished.

Progress on Construction

Workmen completed the laying of sleepers and subflooring during the second week of February and began immediately afterward laying the hard maple floor. As was true of every other part of the building, the floor is being laid with both beauty and permanence in mind. The sleepers were dipped in wood preservative and the hard maple was treated similarly.

The only combustible materials in the entire building are the flooring materials in the Auditorium and on the platform. After the flooring is laid, sanded, and finished, the motor-driven sliding doors, dividing the floor into two equal areas for physical education—one for the men and one for the women—will be installed.

By the way, a story which gained currency in some sections illustrates how misinformation or misinterpretation may lead to an unfounded rumor. The story in the form in which it finally reached Goshen ran something like this: "The Administration at Goshen is spending money recklessly in erecting the new Auditorium-Gymnasium. Just think! They are spending $10,000 on one single door!"

Instead of reckless expenditure the Building Committee has exercised the most extreme economy consistent with sound building principles and durable construction. The cost of the building is slightly less than fifty cents per cubic foot, whereas similar buildings in this area built by contract are costing, and have cost in the recent past, upwards of one dollar per cubic foot.

Alumni can rest assured that the building which their loyalty and generosity have helped to erect on the Goshen College campus is an enduring monument to the fine spirit of the contributors. Every item of expenditure has been submitted to the most careful scrutiny. The Auditorium-Gymnasium should serve many generations of Goshen College students in the general program of Christian education which the founders began and their successors have promoted at Goshen College.

ADDITIONS TO COLLEGE STAFF

President Ernest E. Miller announced in faculty meeting on January 9 a number of additions to the instructional staff for the year 1950-51. Three new instructors have been employed and two others who are doing graduate work will return to the campus next September.

James Clemens 35, of Line Lexington, Pennsylvania, will join the staff in September, 1950, as assistant librarian. He has been teaching in the schools of eastern Pennsylvania since his graduation from the College. He is a candidate for the degree, Master of Arts in Education, at the University of Pennsylvania and for the Master of Science in Library Science at Columbia University.

Miss Edna Pearl Shantz 48, of Midland, Michigan, has been appointed instructor in the Home Economics Department in the area of clothing, textiles, and applied arts and will begin teaching at the beginning of the second semester next year. Miss Shantz is teaching home economics at Eastern Mennonite College and will do further graduate study at Michigan State College next summer and during the first semester next year before transferring to Goshen.

Miss Orpah Mosemann, R.N., of Lancaster, Pennsylvania, has accepted an appointment in the Nursing School of Goshen College and will begin service at the Elkhart Hospital on March 1. Miss Mosemann completed her training in the School of Nursing at the 300-bed General Hospital in Lancaster, Pennsylvania, in 1938. Later she was a student at Eastern Mennonite College. She has done postgraduate nursing study in the University of Pennsylvania and is now a graduate student in Western Reserve University where she will receive the degree, Bachelor of Science in Nursing, in February, with a major in Administration in Schools of Nursing and Nursing Services. Miss Mosemann is editor of **The Christian Nurse**, official organ of the Mennonite Nurses Association published bimonthly.

Miss Elaine Sommers 47 will return in September as Instructor in English. Miss Sommers is doing graduate work at Michigan State College in the field of Communications and is a candidate for the Master's degree. Her thesis consists of the preparation of a syllabus for a "Course in Communications at Goshen College."

Orpah Mosemann, R.N.

Lester J. Zimmerman 47, now doing graduate work in science and mathematics at Purdue University, will return in September to continue his duties as Instructor in Science. He is a candidate for the Master's degree at Purdue.

President Miller also announced several changes and promotions. Dr. Melvin Gingerich, Director of the Mennonite Research Foundation, who has been serving as visiting lecturer in social science during the absence of Professor Guy F. Hershberger, has been given the rank of Professor. Dr. Gingerich will devote half time to the Research Foundation and half time to teaching at the College.

Dr. Hershberger, Professor of History and Sociology, has been released at his own request to devote half time to the work of the Mennonite Research Foundation. He will continue, however, to teach half time at the College when he returns in September from a year's leave in Europe.

The Board of Directors on recommendation of an administrative committee has granted promotion to three members of the instructional staff: Dr. Roy Umble from Associate Professor of Speech to Professor; Howard Kauffman from Instructor in Sociology and Economics to Assistant Professor; and Miss Edith Herr from Instructor in Physical Education to Assistant Professor.

JANUARY 1950 GRADUATES

Five students completed their work for their degree during the first semester and will receive diplomas dated January 27, 1950. Rachel Driver, of Hesston, Kansas, B.A. with a major in Natural Science; Gerhard George Ens, Hillsboro, Kansas, B.A. with a major in Natural Science; Paul Mast, Goshen, Indiana, B.A. with a major in Bible; Mary Wollman, Menno, South Dakota, B.S. in Education, and Mrs. Weldon Bender (Emily Gerig), B.S. in Nursing. Mrs. Bender completed at Goshen College the required courses for the B.S. in Nursing degree and has now completed the nurses training course at the Mennonite Hospital in Bloomington, Illinois. The Nurses Training School at that hospital recommended her for the degree.

On February 14, Harold Lee Headrick, of La Junta, Colorado, received the diploma for completion of the

Winter Bible School Curriculum. He attended one session at Hesston and two at Goshen. Mr. Headrick is assistant Sunday-school superintendent of the East Holbrook Mennonite Church near Cheraw, Colorado.

Rachel Driver has completed a premedical course and is employed in the Records Office of the Bethel Deaconess Hospital at Newton, Kansas.

Gerhard George Ens also has completed the premedical course and is living in Kansas City.

Paul Mast has entered the Bible Department of Bethel College at Mishawaka.

Mary Wollman, a member of the Krimmer Mennonite Church, is at her home in Menno, South Dakota, awaiting appointment to the foreign field in Africa.

SECOND SEMESTER ENROLLMENT AT GOSHEN COLLEGE

Dr. Paul Bender, registrar, reports 706 students registered at the opening of the second semester: Freshmen, 188; Sophomores, 132; Juniors, 105; Seniors, 127; Advanced Theology, 14; Postgraduates, 4; Part-time, 136.

Fifteen new students are registered: 12 Freshmen, 2 Sophomores, and 1 Junior. Nine students (three freshmen, one sophomore, one junior, and two seniors) are returning to the College after an absence of one or more semesters.

Among the new students and returning students are ten transfers to Goshen from other colleges: two from Indiana University and one from each of the following, Bible Institute of Los Angeles, Muskingum, Wheaton, Bethel College at Mishawaka, Messiah, Bluffton, Bob Jones, and Oklahoma A. and M.

Some of the transfer students come to Goshen because they live near Goshen. Others have transferred because the college which they have been attending does not offer the particular course in which they are interested. Among the latter are Mary Ann Smucker, daughter of the Rev. Jesse N. Smucker 18, of Bluffton, Ohio, who has registered for elementary teacher training, and Ruth Siemens, of Lenoir, North Carolina, who has transferred from Bob Jones because that is an unaccredited college. One of the new students, Hans van den Berg, is a foreign student from the Netherlands.

The present full-time enrollment is 570. Thirty-seven regular students dropped out at the end of the first semester and twenty-one entered either as new or returning students. The net decrease of full-time second semester students is sixteen. Part-time enrollment was 136 on February 4. Dr. Bender stated that this number would be increased by additional enrollment of evening students.

CHRISTIAN LIFE CONFERENCE

The annual Christian Life Conference at Goshen College was held this year in Assembly on February 3-5. President Ernest E. Miller served as moderator, Professor S. A. Yoder, assistant moderator, and Professor Walter E. Yoder, chorister.

The general theme of the conference was "Eternal Verities for Life Today." The program began with an address in Chapel on Friday morning and continued through Sunday with afternoon and evening sessions. The general topics discussed in successive sessions of the conference were "Revelation," "Redemption," "Panel Discussion," "The Holy Spirit," "The Church," "Providence," and "Immortality."

Following were the topics and speakers in the various sessions:

Friday morning, Chapel, 10:00 a. m., "God Hath Spoken," Roy Roth 43, East Peoria, Illinois.

Friday evening, 7:30, "Redeemed with the Precious Blood of Christ," J. B. Martin x26, Waterloo, Ontario; "Ye Are Bought with a Price, Therefore," Roy Roth.

Saturday afternoon, 2:00, "The Christian Answer to Modern Unbelief," a panel discussion arranged by H. S. Bender 18.

Saturday evening, 7:30, "The Eternal Spirit," J. E. Gingrich pt 42, Elkhart; "Walk in the Spirit," J. B. Martin.

Sunday morning, 11:00, "The House of God," Howard J. Zehr 41, Freeport, Illinois.

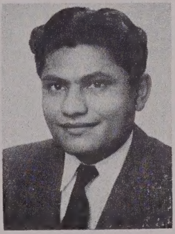
Sunday afternoon, 2:00, "The Lord Reigneth," Roy Roth; "In Thee Will I Trust," Peter J. Dyck 50, Laird, Saskatchewan.

Sunday evening, 7:00, "The Life Everlasting," J. Lawrence Burkholder 39, Goshen; "I Must Work While It Is Day," J. D. Graber 25, Elkhart.

The large student body and the growing congregation left little room for visiting friends. Quite a number, however, motored in from Ohio, Illinois, Michigan, and various parts of Indiana. At several sessions the main floor, balcony, and wings were completely filled. People also were seated in the lobby, in the Bible room, and in the room on the northwest corner of the second floor. After the Auditorium is completed, the Administration hopes to be able to accommodate all visitors.

ANNUAL "Y" MISSION DRIVE

The annual Mission Drive sponsored each year by the Missions Study Committee of the "Y" was held this year, February 6-8. The committee in cooperation with the Foreign Missions Fellowship and President Miller decided to direct attention to four special fields: the American Mennonite Mission in India, the Sunnyside Extension Church in Dunlap, the Foreign Student Fund, and the World Christian Literature Fund.



Pyarelal Malagar

The India missionaries need projectors in their evangelistic efforts, Sunnyside Church still owes about $3500 to the Mennonite Board of Missions and Charities, the Foreign Student Fund is used to pay board and room of foreign students during their period of study on the campus, and the World Christian Literature Fund is asking for money to promote the printing of Christian literature for Japan. These needs were presented during the chapel service by Pyarelal Malagar 49, of India, Rev. Irvine Robertson 50, East Brady, Pennsylvania, Julia van Delden 51, of Germany, and Emma Sommers, of Kokomo. Dr. S. C. Yoder gave the concluding address on "Christian Stewardship."

ANNUAL NONCONFORMITY WEEK

Millard Lind, B.A. 42, B.D. 47, delivered a series of five chapel addresses during the week of January 9-13. This year the Church and School Relations Committee of the "Y," in co-operation with the Religious Life Committee of the faculty, varied the program of annual nonconformity week by securing a single off-the-campus speaker to deliver all the addresses.

Mr. Lind delivered four addresses in the regular chapel hour, "The Kingdom of Darkness," "The Kingdom of Light," "The Citizens of the Kingdom of Light," and "The Relationship Between the Two Kingdoms." A fifth related message was delivered in the Thursday Student Devotional.

The purpose of nonconformity week is to call the attention of students and faculty to certain nonconformity doctrines peculiar to the Mennonite Church. Mr. Lind's experience as a pastor, as an editor of Sunday-school lesson quarterly materials, as associate editor of the **Gospel Herald,** as well as his training and experience in other lines of Christian work and activity, enabled him to present a series of interesting, informative, and challenging addresses.

FIFTIETH WINTER BIBLE SCHOOL

Regular 1950 Winter Bible School enrollment reached thirty-six. An additional fifty-six students attended evening classes at the College for the six-week period. Professor John C. Wenger 34 taught an evening course in "Mennonite Principles" and Stanley Shenk 44, pastor of the South Union Church at West Liberty, Ohio, an evening course in "How to Study the Bible."

Eight special instructors assisted during the six-week term: John E. Gingrich w34, pastor of the Prairie Street Mennonite Church in Elkhart; Bishop Howard J. Zehr, pastor of the Freeport, Illinois, Mennonite Church; S. J. Hostetler, missionary on furlough from India; Russell Krabill, of Goshen, manager of the Gospel Book Store; Amsa Kauffman, of Goshen, pastor of the Clinton Brick Church; Paul Yoder, Harper, Kansas; and Royce Saltzman, of Grantham, Pennsylvania, chorus director.

Regular college instructors teaching one or more courses each in the W.B.S. were John Mosemann, principal, "The Life of Christ"; J. C. Wenger, "Mennonite Principles," and John Umble 01, "Public Speaking."

John E. Gingrich w34 and Howard J. Zehr drove to Archbold each Wednesday afternoon to conduct classes at the Central Church on Wednesday and Thursday evenings, returning to the College again for classes on Friday morning. Courses offered at Archbold were "Bible Doctrines—Church and Last Things" and "Personal Evangelism" by John Gingrich, and "Christian Life" and "Ephesians and Colossians" by Howard Zehr. One hundred and twenty-five students enrolled in the classes at Archbold.

Commencement Exercises

The Fiftieth Annual W.B.S. Commencement Program was held in Assembly Hall on February 14, Bishop Nelson Kauffman, of Hannibal, Missouri, president of the Mennonite Board of Education, delivering the address. After tracing the history of the W.B.S. movement as it developed in the Elkhart Institute, Goshen College, Hesston College and Bible School, and Eastern Mennonite College, he pointed out a number of advantages of W.B.S. of the Institutional type—Bible knowledge, training in methods of Bible study, a broader fellowship with the young people of the church. He pointed out the necessity for Biblical knowledge as a sound basis for Christian faith and gave a vigorous presentation of the value of the congregational type of Bible school not only for young people, but also for young married people whose vocational and family responsibilities prevent their attendance at the six-week institutional type of Winter Bible School.

A special feature of the program was a testimony of several W.B.S. students on the subject, "Values of Winter Bible School to Me." Homer F. North, of Nappanee, Glen E. Yoder, of Shipshewana, and Howard J. Zehr paid tribute to some of their former W.B.S. teachers and mentioned the inspiration and help that had come to them from the six-week period of intensive Bible study in Winter Bible School.

The devotional service was in charge of J. E. Gingrich. A Winter Bible School group led by Royce Saltzman presented several numbers of special music. Professor J. H. Mosemann was chairman and Royce Saltzman, of Grantham, Pennsylvania, chorister. Harold Headrick, of La Junta, Colorado, received a diploma for the successful completion of the prescribed three-year W.B.S. course. President Miller pronounced the benediction.

THE OLD GYM

Some of you older alumni may wonder what has become of the old gym now that the new Auditorium-Gymnasium soon will be in use. Well, here it is, still in good repair, practically as good as it ever was, except that it needs a new roof, but far too small and inadequate for the use of the present large student body.

Naturally many opinions are expressed in regard to the future disposition of the building. They range from dismantling the building and using the lumber for other construction to using it as a temporary dormitory, or a dormitory to accommodate guests, or as a cabin for additional social room space when a considerable number of organizations hold socials on the campus at the same time.

SUMMER SESSION 1950

By Dean Carl Kreider, Ph.D., Director

The Administration has completed plans to offer thirty-four courses during the nine-week period, June 6—August 4, of the 1950 Summer Session. In the past the College sometimes has recruited faculty members from other schools. During the current Summer Session, however, the entire staff of nineteen faculty members will be regular members of the Goshen College faculty.

Professor Mary Royer, who has been absent on leave for a number of years during the Summer Session, has consented to teach two courses in elementary education and to serve as Acting Dean of Women. Miss Viola Good plans to take advanced work at Columbia University. Dean Atlee Beechy, who joined our staff a year ago, will be serving this summer as instructor in one of the elementary education courses as well as Dean of Men.

Dr. S. A. Yoder will teach three courses in English; Dr. Roy H. Umble, three courses in English and speech; Dr. W. H. Smith, three courses in history and government; Dr. S. W. Witmer, three courses in biology; Dr. Olive Wyse, three courses in home economics; and Dr. Karl Massanari, three courses in education.

Dr. Glen Miller will teach the entire year of organic chemistry. This course will be of particular interest to premedical students who are planning to accelerate their preparation. Dr. Paul Bender will teach the entire six-hour course in general chemistry.

Dr. Silas Hertzler will continue as Director of Teacher Education and will teach two courses in education and psychology. The presence on the Summer Session faculty of nine instructors who have earned Doctor's degrees will make this Summer's faculty the strongest that we have had for many years.

In addition to the Summer Session offerings there will be two three-week Spring Sessions. Perry J. Miller, principal of the Shipshewana High School, and Leroy Yoder, of Topeka, Indiana, will teach three-hour courses during the first Spring Session. This session will run concurrently with the last three weeks of the second semester, May 15 to June 2. Since many of the elementary schools are dismissed by May 15, elementary teachers frequently find it possible to attend the three-week Spring Session in addition to the nine-week Summer Session.

Perry Miller will teach a three-hour course during the second Spring Session, June 6 to June 23, concurrently with the first three weeks of the Summer Session. Students who are not able to remain for the entire nine-week Summer Session usually find it possible to stay for at least three weeks.

An added attraction in our coming Summer Session will be the annual meeting of the Mennonite Board of Missions and Charities and the Mennonite Youth Fellowship. The Summer Session faculty has voted to dismiss classes on Saturday, June 10, and on Monday and Tuesday, June 12 and 13, to permit Summer Session student attendance at the public sessions of these meetings.

ST. OLAF CHOIR COMING TO GOSHEN NEXT YEAR

Professor Willard H. Smith, chairman of the Goshen College Lecture-Music Committee, has announced that the committee has engaged the St. Olaf Lutheran Choir of Northfield, Minnesota, for a concert to be given during the 1950-51 series on February 16, 1951.

He recently expressed considerable satisfaction at the greatly increased facilities which the Auditorium-Gymnasium will offer for public programs at the College. During the past several years it has been necessary to hold the numbers of the series in the high-school auditorium. Even that with its capacity of over eleven hundred has been entirely inadequate several times during the current year. About two hundred people were turned away from the home-coming lecture on account of lack of seating space.

TRUEBLOOD TO BE COMMENCEMENT SPEAKER

President Miller has engaged Dr. D. Elton Trueblood, Professor of Philosophy at Earlham College, as commencement speaker on June 5. Dr. Trueblood is the author of **The Predicament of Modern Man**, **Alternative to Futility**, **Foundations for Reconstruction**, and **The Common Ventures of Life.**

NEW AUDIO-VISUAL CENTER

In the northwest corner of the basement of the Administration Building careful planning and persistent effort on the part of John Byer 48, formerly of Tampa, Florida, has added a much-needed service to the instructional facilities of the College.

Mr. Byer's expert skill in electricity led to his appointment as college electrician, projector operator, and loud-speaker control man during his undergraduate years in the College and later to his appointment by President Miller as Director of Audio-Visual Aids. Following his graduation he spent a summer at Indiana University studying Audio-visual aids, equipment and installations.

Under his direction, carpenters, painters, and electricians now have metamorphosed the old Snack Shop, storeroom, and office into a well-equipped, modern visual aids classroom with projection by a Bell-Howell projector operated from an adjoining room. Equipment includes a wire recorder, phonograph, and loud-speaker.

The classroom has been completely renovated and redecorated and equipped with darkening shades and an originally designed ventilating system enabling the admission of fresh air without admitting light. The permanent screen painted on the wall always is ready for instant use. Sixty comfortable chairs accommodate all but the largest classes.

A separate storage and shipping room equipped with a convenient worktable further facilitate the work of the director. The office contains the director's desk, his secretary's desk and typewriter, and a table stocked with a complete set of catalogs of educational films which may be ordered from more than forty sources.

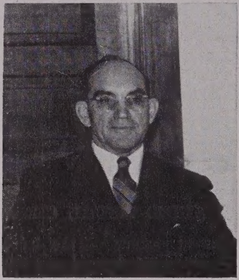
The number of hours of projector use rose from thirty-three in 1945-46 to one hundred and twenty-three in 1948-49, the first year in which Mr. Byer served as Director of Audio-Visual Aid. During the first semester 1948-49 instructors used fifty-eight films and during the second semester one hundred and ten. During the first semester this year, instructors showed ninety-three films.

During 1948-49, fifteen instructors showed ninety-six films and during the first semester of 1949-50, fifteen instructors showed ninety-three. During the first semester 1948-49, Dr. Olive Wyse led the other instructors by showing fifteen films. During the first semester of the current year, Professor Samuel W. Witmer showed twenty-four films, almost twice as many as his nearest competitor, Professor Karl Massanari.

HARTZLER IN VOLUNTARY SERVICE

Professor B. Frank Hartzler 29, formerly of Goshen, who returned last year after serving as an M.C.C. relief worker in Europe and India, has responded to a request to serve in connection with the M.C.C. Voluntary Service Unit at the Topeka State Hospital and has taken up his residence at Topeka.

He also is serving as part-time instructor in the music Department at Hesston College and Bible School. He drives to the campus from Topeka each Wednesday to give private and class voice lessons during the day and conducts a community chorus in the evening, thus enabling Hesston College for the first time to offer voice lessons on the campus.

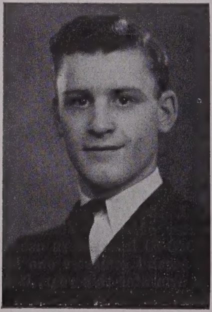


Professor Hartzler's studies in music with a number of America's outstanding voice teachers and choral conductors enable him to render a fine type of service to the Hesston community.

HESSTON CALLS LICHTI

Leonard L. Lichti, B.A., 43, of Nemaha, Nebraska, has accepted an appointment as dean of personnel and instructor in psychology and mathematics at Hesston College. He will assume his new responsibilities next September at the beginning of the fall term.

After graduating from Goshen, Mr. Lichti spent several years in Civilian Public Service in duties involving both administrative and personnel responsibilities. Following his release in 1945, he was elected instructor in mathematics in the Nemaha school. Two years ago he was promoted to the superintendency of the Nemaha schools.



Mr. Lichti has been doing graduate study in psychology at the University of Nebraska and hopes to complete the requirements for the Master of Arts degree in two more summers.

STUDENT ORGANIZATIONS INCREASING

A larger student body and a larger faculty have resulted incidentally and naturally in expansion of extracurricular activities. Those of us who were here in the early days and who remember extracurricular activities as consisting chiefly of the Y.P.C.A, literary societies, and class organizations would scarcely recognize the present Goshen College as the institution which we attended years ago.

The list of student organizations now includes (in addition to the Y.P.C.A. with its subdivisions of Y.M.C.A. and Y.W.C.A.; the class organizations, Freshman, Sophomore, Junior, and Senior; and the literaries—Adelphian, Aurora, Avon, and Vesperian) the following: choruses—A Cappella, Collegiate, Men's, Ladies', and Motet; and the following clubs and associations, Aero Club, Audubon Society, Christian Workers' Band, Debate Squad, Elementary Education Club, Foreign Missions Fellowship, French Club, "G" Club, Home Economics Club, Maple Leaf, Mennonite Historical Society, Men's Dormitory Council, Music Club, Peace Society, Photography Club, Record Staff, Spanish Club, Secondary Education Club, Science Club, Seminary Fellowship, Women's Athletic Association, Women's House Government.

A recent typical one-week calendar extending from Friday to Friday included the following:

Friday-Sunday, Feb. 3-5—Christian Life Conference.

Monday, Feb. 6, 4:15—Women's Literary Meetings; 7:00, Music Club.

Tuesday, Feb. 7, 4:15—Men's Literary Meetings; 8:15, The Chapel Choir, on Lecture-Music Series.

Friday, Feb. 10—Freshman Men's Discussion Contest; 8:30, Athletics.

COMPLETES TOUR TO FAR EAST

Joseph D. Graber 25, of Elkhart, secretary of the Mennonite Board of Missions and Charities, has filled a number of speaking engagements since his return from his visit to the Far East in the interests of the M.B.M.C.

He had intended to visit the new Mennonite Mission in China during his inspection trip but was unable to do so because the Communist government refused permission. He did report that letters and cablegrams from the six workers at the mission state that "they are getting along nicely" without interference from the communists.

Mr. Graber also visited the relief work on the island of Luzon in the Philippines and reports that the work is moving along "very nicely."

One of his major objectives was to visit Japan to seek the best place to locate the new Mennonite Mission. Although he did not make the choice of a site he was impressed with the northern Japanese island of Hokkaido as a location for a mission.

Mr. and Mrs. Ralph Buckwalter are in a language school in Tokyo and Mr. and Mrs. Carl Beck are in a language school in Osaka. Their daughter, Carol rides to school sixteen miles on the bus.

MENNONITE AID, INC.

The past several issues of the **Gospel Herald** have contained articles interpreting and explaining the new program of mutual aid. The leaders of the movement invite congregations in the Mennonite Church to join as units and thus make Mennonite Mutual Aid a true brotherhood program.

Any member of the Mennonite Church between the ages of 18 and 75 is eligible for hospital and surgical benefits. Members between 18 and 65 are eligible for burial aid. The purpose of Mennonite Aid is to enable members of the church to share each other's expenses in illness and death and help share each other's burdens.

Complete information about joining as individuals or as congregations is available at the office of Mennonite Aid, Inc., 1413 South Eighth Street, Goshen. C. L. Graber, former business manager and now connected with the publicity department of the College, is director. Rev. Graber reports that he already has received a considerable number of applications.

BROOK LANE FARM

Mr. and Mrs. Delvin Kirchhofer (Helen Moser, R.N., 33) and the other eleven members of their staff are finding increasing appreciation for their services at the hospital at Brook Lane Farm. On January 4, the hospital reached the full capacity of twenty-three patients. On the same day the hundredth patient was admitted. The hospital began receiving patients about a year ago. The proportion of patients from M.C.C. constituent groups has been rising until at present fifty per cent are members of Mennonite, Amish Mennonite, or Brethren in Christ groups.

Additional staff members are needed including a farmer, a matron, and a cook. The hospital also can use short-term voluntary service personnel from time to time.

Milton L. Smith 28, of 400 West Leamy Avenue, Springfield, Pennsylvania, former principal of the Springfield High School, has been appointed to the committee on Educational Reconstruction of the United States National Commission for UNESCO (United Nations Educational, Scientific, and Cultural Organization).

He is now educational director of CARE and also heads the new CARE book program launched in cooperation with UNESCO. He has been active in the National and Pennsylvania State Education Associations and the Secondary School Principals Association.

Mr. Smith is the author of an article, "Peace Is Everybody's Business," in the February, 1950, issue of the NEA Journal.

The 1950 Maple Leaf

Members of the junior class joined forces with the 1950 **Maple Leaf** staff recently to send folders to over 5,000 alumni and friends of the College. The two-color folders featured two actual pages from the forthcoming edition.

The outstanding reproduction on this spread is the new mural in the Auditorium-Gymnasium, completed last summer by Art Sprunger. In attempting to express the theme, "What is Goshen College?" the staff chose to use the mural as summarizing the various aspects of the College.

The 136 pages of the book will further attempt to answer this question, through the use of nearly 400 well-chosen pictures. A new section, called "Traditions" will present such subjects as Homecoming, Freshman Days, and Open House.

Most of the pictures already have been taken by John Jay Hostetler, the staff photographer. Others will be taken in the near future to complete the photographic record of the year's activities. The editorial staff headed by Owen Gingerich is now turning its attention to writing, while the business staff is beginning to get the necessary ads. Businessmen wishing to advertise in the 1950 **Maple Leaf** should write to Mervin Miller, the business manager.

Those who failed to receive a special folder with a convenient reply envelope may still obtain a book at the 3.25 rate if they order at once. The editors expect to mail the book early in June.

THE MAINTENANCE STAFF

A group of people on the College campus whose importance is likely to be overlooked is the Maintenance Staff. Where between seven and eight hundred people live and work together on a college campus many seemingly unimportant tasks are of great significance to the health, welfare and convenience of the group.

This is especially true where many of the six to eight hundred are young people who have not learned to assume full responsibility for their part in the tidiness, cleanliness and orderliness of their daily surroundings. A paper towel tossed toward the receptacle may or may not hit its mark. In either case the tosser grabs his books and rushes off to class. Soiled shoes may get a hasty swipe on the rubber pad at the front door or the sand and soil may drop off on the freshly waxed floor of the corridor.

It is easy to forget that the faithful, cheerful, efficient service of the Maintenance Staff is highly important to the happiness and comfort of a student body and faculty. The accompanying picture from last year's Maple Leaf presents a group whose loyal devotion to duty contributed significantly to the life and work of the Goshen College campus.

First Row: Anna Yordy w07, Matron of Coffman Hall; Mrs. Olive (Brunk) Geil, Salad Cook; Mrs. Laura (Johns) Weaver x04, Matron of Kulp Hall; Siddie (King) Oyer, Matron of North Hall; Pauline Conrad w38, Cook.

He holds two services on Sunday, adult instruction class on Tuesday evening, fellowship service on Wednesday evening, and junior instruction class on Thursday evening. Two of the Miller children are in high school, two in the grades and two at home. Mr. Miller's major field is science.

During the past year, the Mennonite Board of Education asked the Foundation to aid a study committee within the Board of Education in gathering certain information concerning the participation of Mennonite young men in inter-high school competitive athletics. The Foundation has almost completed its survey of Mennonite churches on this question. This study also should furnish statistics on the number of young men attending public high schools and other than Mennonite colleges.

The Foundation conducted a study of Mennonite church buildings constructed since the first World War and printed a summary of the findings in the **Gospel Herald.** Church building committees have found the returned questionnaires valuable in planning new buildings.

Another recent project is the preparation of an index to all the resolutions of the general and district Mennonite conferences. This index will make it possible to ascertain quickly the official position of the conferences on various questions of doctrine and polity.

The last one listed will be one of the major assignments to be undertaken. It will include a study of the effectiveness of the evangelistic outreach in the homeland, including the work of Sunday-school extension activities, rural missions, city missions, literature distribution, radio programs, and other forms of evangelism.

In response to the recent alumni appeal for additional funds to complete the building this spring, she wrote to the Akron office of the M.C.C. and asked them to transfer one entire month's allowance to the College. That is the type of devotion that keeps administrative officials and faculty members keenly alive to their responsibility to continue to direct students of Goshen College into a deeper Christian experience and a keener sense of obligation to the Master to make His will and work known in the world.

CONSTRUCTION OF AUDITORIUM REACHING FINAL STAGES

Building Committee Making Tentative Plans to Dedicate Building April 23

The Building Committee for the new Auditorium-Gymnasium now promises that, barring unforeseen delays such as an unexpected slackening of donations, the inside construction will be completed before the present scheduled date, April 23. The Building Committee has set that date for the dedicatory exercises.

Before January 1, the last mason picked up his tools and walked out of the building, all mason work completed. Plastering, begun a few days earlier, was completed during the first ten days of this month. All ceilings are plastered with Zonolite insulating plaster, three coats on the ceiling of the Auditorium. Five-eighth-inch Acoustifibre blocks are used on ceilings of classrooms and of the downstairs corridor running the length of the music rooms.

As soon as the plaster was dried, carpenters began laying the maple wood floor. Workmen finished laying and polishing the terrazzo floors during the last week in December. Terrazzo floors now cover snack shop, cafeteria, lounge, locker and shower rooms, and corridors; pea gravel in halls and bookstore and plain cement in the storage rooms. Platform and the Auditorium will be floored with northern hard maple and the floor covering of the five music rooms is asphalt over concrete.

Workmen began installing lockers in the men's and women's shower rooms during the last week of the old year. At that time one shower room was already in operation and the other was completed during the first week of January.

The entire building is heated from the central steam plant built in 1944. The Auditorium is heated by a blower system with outlets in the ceiling. Other areas are heated by modine convectors and unit heaters thermostatically controlled. Ventilation in the Auditorium works through a blower system. The Auditorium is lighted with one hundred recessed Kirlin incandescent fixtures and the remainder of the building with fluorescent. All doors and all window frames are of steel.

After the maple floors have been laid in the Auditorium and on the platform, a folding door, opened and closed by electric motors, will divide the Auditorium into two equal areas to provide separate gymnasium floors for men and women. The plans also include a folding door to separate the platform from the Auditorium. This also is to be opened and closed with electric motors.

Sidewalks and Landscaping

The warm weather and a late fall enabled Mr. Jackson to lay most of thé necessary concrete and black top walks connecting the various buildings. One main concrete walk leads from the door in the center of the north wall of the Auditorium to the Library and the Administration Building. Another from the east end of the Auditorium, where the music rooms are located, leads to the Science Hall. Cross walks and diagonal walks also have been laid where needed.

Considerable landscaping already has been done. Spreading yews have been planted under the east windows of the lounge and along the north wall of the Auditorium. A lage bed of flowering and ornamental shrubs extends in a southeasterly direction form the pergola east of the Library across what formerly was High Park Avenue. The former parking space in the rear of the Administration Building has been closed to traffic and a parking area for faculty cars has been graveled between the snack shop and the Library. Another parking lot has been opened across South Main Street opposite the Library on lots purchased by the College a number of years ago. Between Coffman Hall and the old Gymnasium, the College has opened a service drive leading to the Administration Building.

After the weather becomes favorable next spring, a few things remain to be done outside. Plans include concrete walks and approaches on the Main Street side of the Auditorium, additional landscaping, and a large parking area south of the Auditorium. Plans also call for additional landscaping and side walks on the east side of the building outside the windows of the music rooms. Here there will be something of a sunken garden effect.

Alumni Prompt and Generous

President Miller and the officers of the Alumni Association have been highly pleased at the ready response of alumni to President Miller's gentle hint for additional funds to complete the Auditorium-Gymnasium. It has been a distinct pleasure to open the letters that have come pouring into the office since he mailed his Christmas greeting. The return envelopes have enclosed bills and checks running from $1.00 to $500.00. It is gratifying to note the large number of alumni who are repeating the previous years' generous gifts. It is encouraging, too, to read the large number of expressions of good will and good wishes.

The editor wishes it might be possible to share with the whole alumni family these many expressions of loyalty, interest, and gratitude which some of the letters express. No doubt the prompt generous response of alumni denotes not only their loyalty to the institution, but also their confidence in, and their affection for its administrators.

In chapel on Friday morning, January 6, President Miller shared with the students a few of the more impersonal alumni responses which the letters carried. The Director of Alumni Relations wishes to use this opportunity at the beginning of the New Year to express his joy and satisfaction at being a member of such a large and growing Alumni Association imbued with a fine spirit of loyalty and devotion to their Alma Mater and to thank the members of the Alumni Association for their fidelity to the College and its Administrators.

HOME-COMING 1949

Alumni Return to Campus for Traditional Home-Coming Exercises

Many alumni returned to the campus for the 1949 Home-Coming. Dean Harold S. Bender preached the annual Thanksgiving sermon to an audience that packed Assembly Hall to capacity.

Following the annual turkey dinner in the College dining hall, students, homecomers, and friends met in Assembly Hall for the after-dinner program. The committee used the Hiawatha theme. President Miller 17 served as toastmaster. Esther Musselman 51, of Gettysburg, Pennsylvania ("The Song of Hiawatha"), accompanied at the piano by Jane Willey 51, delighted the audience with several vocal selections. Mary K. Nafziger 47 ("Daughter of the Moon, Nokomis") toasted to the ideals of the College.

Lowell Byler x52, of the School of Music at Northwestern University ("Echoes of Laughing Water") presented several vocal selections in his usual pleasing manner, accompanied at the piano by Miriam Kauffman 52. He was followed by two toasts, J. Lawrence Burkholder 39 ("Big Pow Wow of Medicine Man") and Charles Ainlay 41 ("Pale Face Make 'Ugh' ")

In introducing Mr. Ainlay, President Miller recalled the evening downtown in 1941 when he was met by the students led by Mr. Ainlay for a celebration of the admission of Goshen College into the North Central Association. The program closed with a cello solo by Professor Mary Oyer 45 ("Potent Spell of Magic") accompanied at the piano by Charles Burkhart 50.

Following the program, members of the Service Committee of the "Y" piloted homecomers and friends through the new Auditorium-Gymnasium, explaining the various services already in operation as well as those parts of the building which were then being finished.

The day's exercises ended with the annual program in the High School Auditorium by the College Choruses. The A Cappella Chorus of fifty-two voices directed by Professor Dwight Weldy sang the opening and closing groups. The Collegiate Chorus of sixty voices directed by Professor Walter E. Yoder presented a group of Christmas selections. Professor Mary Oyer's Motet Singers of twenty-four voices presented numbers by Bach, Praetorius, Thompson, and the Old English "Blessed Be That Maid Marie." The combined chorus of one hundred and thirty-six voices under the direction of Professor Walter E. Yoder closed the program with Mueller's inspiring chorus, "Now Thank We All Our God."

Regular classes were held on Friday morning to give alumni an opportunity to see their former professors at work. Dr. Roy Umble presided at the chapel service on Friday. He introduced Ellis Croyle who presented to President Miller a check for $6,454.53, which represented the money raised by the students during the two-day work recess in October. For the benefit of the homecomers, Albert Meyer delivered the oration which had won first place in the oratorical contest earlier in the week.

On Friday afternoon in the old Gymnasium, which was large enough to hold only a fraction of the would-be spectators, the alumni and the varsity met for the annual basketball games. As in previous years the youngsters proved too much for the alumni. In the women's game, the alumni had the varsity worried for a time with the sharp shooting of Lillian Bair 49, Goshen, and Ruth O. Yoder 49, Louisville, Ohio, but the excellent guarding of Doris Liechty 50 enabled the varsity to pull away from the alumni to a 34 to 23 score.

The men's game also was a good game but more one-sided than the other. The work of William Smoker 53, of New Paris, under the basket for the varsity and his teammates ran up the varsity score while the guarding of Jay Holaway 50, Nappanee, and Bill Swartzendruber 50, Keota, Iowa, made the good work of Ray Bair 48 and Harold Cocanower x52 largely ineffective. Final score 50 to 33.

The home-coming exercises closed with the Cleveland and Ruth Grant lecture "North to the Yukon" illustrated by natural color film. Several hundred people were turned away after every seat and even all available standing room in the Goshen High School Auditorium had been sold.

Come again, Alumni. Better luck next time! With the new Auditorium-Gymnasium affording approximately double the seating space of the Goshen High School Auditorium, everyone should be able to find a seat and enjoy the 1950 home-coming exercises in comfort.

REGIONAL ALUMNI REUNIONS

The Goshen-Hesston Alumni Reunion was held September 1 in Swartzendruber's Sales Pavilion, north of Wellman, Iowa, with the usual attendance. A feature of the program was music by the members of the Eastern Mennonite College Male Quartet who had given a program earlier in the Wellman Church. After some discussion on the question of holding separate reunions for the Hesston and Goshen alumni, the conjoint reunion voted to postpone the vote for one year. The Executive Committee was authorized to decide whether the next meeting will be held in one or two years. Members of the Executive Committee include Mrs. Robert Fisher (Rachel Swartzendruber pt 42), route four, Iowa City, Iowa, president; L. Glen Guengerich 36, Kalona, Iowa, vice-president; and Mrs. Dale Swartzendruber (Kathleen Yoder x47), Parnell, Iowa, secretary-treasurer.

The second annual meeting of the Goshen College Alumni Association of Western Pennsylvania was held at Green Gables, Jennerstown, Pennsylvania, this fall. About fifty-five people attended representing the Belleville, Springs, Scottdale, and Johnstown, Pennsylvania, communities; Pinto, Maryland; and two points in West Virginia. Dr. J. James Brenneman x37, of Belleville, was elected president; Dr. Charles Frank Bishop 40, West Virginia, treasurer, and Catherine Hernley 46, of Scottdale, secretary.

GOSHEN COLLEGE GETS POST OFFICE

The Post Office Department has set up a sub-station in the Goshen College Post Office. Evelyn Plank x47, formerly of West Liberty, Ohio, who has been serving first as secretary to J. Gordon Jackson, construction engineer on the Auditorium-Gymnasium, and more recently as assistant in the Book Store and Post Office, has been appointed postmistress. She was at the uptown Goshen Post Office for a three-day period of training during the holiday season and has now been bonded as a Federal employee. The College Post Office is authorized to issue postal orders, postal notes, and registered letters and to insure packages.

FACULTY MEMBER WRITES BOOK ON DOCTRINE

Professor John C. Wenger, Ph.D., 34, at the request of the Commission for Christian Education of the Mennonite Church, has written a new book, **Doctrines of the Mennonites.** Part of this material appeared originally as chapter thirteen of Dr. Wenger's **Glimpses of Mennonite History and Doctrine.**

In addition to being a textbook on Mennonite Doctrines, the book includes in the appendix the various confessions of faith and catechisms used by American Mennonites in America and Europe.

The Commission for Christian Education recommends this book as a substitute for the regular quarterly helps during one quarter and also for winter Bible schools and Bible classes in the Mennonite Church. On account of the anticipation of wide use of the text, the Mennonite Publishing House is printing four to five thousand copies in the first edition.

The volume of about two hundred pages is available in paper binding at one dollar per copy and may be ordered from the Mennonite Publishing House, Scottdale, Pennsylvania.

TO EXPAND DEPARTMENT OF COMMERCE

Miss Lois Winey 36 is enjoying her graduate work at New York University. She is registered in Business Education in the School of Education and expects to complete the work for the Master's degree in that school. She is also taking courses in the School of Retailing and in the School of Commerce as well as one course "for spiritual refreshment" at Biblical Seminary.

Miss Winey's studies will enable the College of Liberal Arts of Goshen College to offer courses in Office Management and Retailing, thus broadening the field of the department and making it possible to enrich the offerings in Commerce.

Since New York University does not provide for housing its students, Miss Winey has been obliged to find her own apartment. She is living in a new residential development where the Metropolitan Life Insurance Company has erected a ninety-million-dollar apartment project. Her address is c-o Ridge 1-B, 440 East Twentieth Street, New York 9, New York.

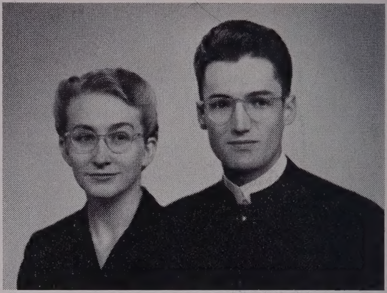
DR. CORRELL VISITS CAMPUS

During the months of November and December, Dr. Ernst Correll, Professor of Economic History in the Graduate School of the American University at Washington, D.C., spent several weeks of his sabbatical leave in study in the Mennonite Historical Library. Our older alumni will recall that Dr. Correll with Dr. Bender was one of the founders of the Mennonite Historical Society in 1925 and the **The Mennonite Quarterly Review** in 1927. At the program celebrating the twenty-fifth anniversary of the founding of the Mennonite Historical Society, Dr. Correll gave an interesting and valuable address on Mennonite History and Research.

Since leaving Goshen about twenty years ago, Dr. Correll has maintained his interest in the College and has made a number of valuable contributions in the field of Mennonite History. He expressed himself as delighted with the remarkable growth of the Mennonite Historical Library during the past twenty years.

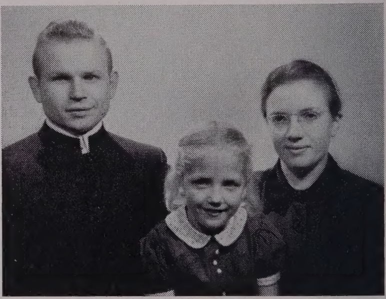


Mr. and Mrs. Ralph Buckwalter

FIRST GOSHEN ALUMNI MISSIONARIES TO JAPAN

Mr. and Mrs. Ralph Buckwalter, B.A. 48, Th.B. 49 (Genevieve Lehman, R.N., pt 49) and Mr. and Mrs. Carl Beck, B.A. 48, Th.B. 49 (Esther Thut, R.N., pt 47) and daughter Carol reached Japan on December 17 and were met at Yokohama by Joseph D. Graber 25, secretary of the Mennonite Board of Missions and Charities. They are making their temporary home in Tokyo.

Since the close of the war there has been a growing feeling among Mennonites that they should have some part in bringing the Gospel to Japan. This conviction was strengthened by General MacArthur's call for one thousand missionaries and the assurance that Japan is wide open for the Gospel. The Mennonite Board of Missions and Charities in its annual meeting in June, 1949, decided to send two couples to Japan.



Mr. and Mrs. Carl Beck and Carol

Since no representative of the Board had personally investigated Japan as a possible field for missionary work, the Board decided to send Joseph D. Graber 25, secretary of the Board, to the Far East. He left San Francisco by Pan American Airways on November 28 and spent December 2-9 in the Philippine Islands visiting the relief work there and looking into the possibility of opening a mission station in that country. There he also met Orie O. Miller 15, Executive Secretary of the M.C.C., who was inspecting M.C.C. relief work in the Far East. He intended also to visit the American Mennonite Mission in Hochwan, China, if conditions warrant and if transportation would be available.

From December 19 to January 12, Mr. Graber was in Japan working with the two missionary couples on the problems of housing, arrangements for language study, and investigations looking toward the location of a mission field in Japan.

AMERICAN MENNONITE MISSIONARIES TO STAY IN CHINA

Although the United States Government has warned all American nationalists to leave China, the members of the recently established American Mennonite Mission in Hochwan, China, have voted unanimously to remain. So far the members of the unit have enjoyed courteous treatment from the Communist Government and they feel that there is no immediate necessity for leaving their posts.

They are greatly encouraged with the progress made so far. A number of Chinese Christians are helping in the mission. One in particular, a nurse, is working for the Mennonite Mission for much lower pay than she could receive elsewhere.

The unit now consists of six members: Mr. and Mrs. Don McCammon, B.A. 45, Th.B. 46 (Dorothy Snapp 44), Mr. and Mrs. Eugene Blosser 49 (Luella Gingerich, R.N., 47), Christine Weaver 44, and Ruth Bean 47.

TO SERVE IN ETHIOPIA

Dr and Mrs. Walter E. Schlabach 44 (Mae Schwebe, R.N., pt 44) and children sailed from New York City for Ethiopia on December 15 on the S.S. "City of Perth." After a short time at Deder, they expect to locate at the hospital at Nazareth. They will be serving under the Eastern Mennonite Board of Missions and Charities, Dr. Schlabach as a physician and Mrs. Schlabach as a registered nurse.

ORDINATIONS

Timothy H. Brenneman 37, minister of the Bayshore Church at Sarasota, Florida, was ordained to the office of bishop at services held there on Sunday afternoon, November 6. Bishop E. B. Frey, of Archbold, Ohio, officiated, assisted by Bishop Elmer Stoltzfus, of Aurora, Ohio. The Bayshore congregation is a member of the Ohio Mennonite and Eastern A.M. Joint Conference.

On November 20, Ivan K. Weaver w35 was ordained near Goshen, Indiana, to be pastor at the new district mission board station at Petoskey, Michigan. Mr. Weaver is the husband of the former Anna Lois Yoder x38. The ordination, held at his home church, Yellow Creek, near Goshen, was performed by his father-in-law, Bishop D. A. Yoder x07, at the request of Ray F. Yoder x13, bishop of the Yellow Creek congregation.

Cleo A. Mann pt 41, husband of Nellie Miller x22, of Elkhart, former M.R.C. relief worker in Belgium, was ordained deacon for the Pleasant View congregation north of Goshen, on December 18. Bishop D. On November 22, Paul M. Lederach, Ph.D., 45 was ordained bishop to assist Bishop Amos Kolb in the western district of the Franconia Conference. The service was held at the Vincent Church, Spring City, Pennsylvania, with Noah W. Risser, Hershey, Pennsylvania, leading the devotions. Clarence J. Ramer, Duchess, Alberta, preached the sermon and Bishops Amos Kolb, John E. Lapp, and Arthur D. Ruth performed the ordination. Although Bishop Lederach, who is editor of the **Herald Teacher**, the new Sunday-school teachers monthly which is to appear in 1950, has been resident at Scottdale, he has been serving as minister in the Norristown congregation of the Franconia Conference.

The annual Peace Oratorical Contest held in Assembly Hall, November 17, brought out eight men and three women speakers. FACULTY RECITAL

On December 1, the Music Department of Goshen College presented Dwight Weldy 40, tenor, in a Faculty Recital in Assembly Hall. He was accompanied at the piano by Charles Burkhart 50, son of Mr. and Mrs. I. E. Burkhart 26 (Gladys Loucks 25) of Goshen.

Mr. Weldy was in good voice and gave a satisfactory performance in a program of art songs and arias presenting a wide variety of moods and techniques. Mr. Weldy has a true tenor voice which changes quality only very slightly in the upper and lower registers. At the close of the program he favored the audience with several encores.

MEN'S CHORUS MAKES VACATION TOUR

The thirty-seven members of the Men's Chorus, under the direction of Professor Dwight Weldy 40, gave a program of Christmas songs and other standard chorus numbers in a number of Mennonite communities. The group made a tour by bus leaving Goshen on December 27 and returning at noon on January 4.

Their stops were at North Lima, Ohio, December 27; Grantham, Pennsylvania, December 28; Ephrata, Pennsylvania, December 29; Pinto, Maryland, December 30; Thomas Church, Hollsopple, Pennsylvania, December 31; Aurora, Ohio, January 1 (afternoon); Orrville, Ohio, January 1 (evening); Walnut Creek, Ohio, January 2; and Oak Grove, West Liberty, Ohio, January 3.

The following were members of the traveling chorus.

The director and the chorus returned from their tour of 1630 miles well pleased with their reception at all points visited. They experienced no bad weather and not a member missed a program. Probably the largest audience greeted them at Ephrata, Pennsylvania, where a high-school auditorium seating one thousand people was completely filled with members of many church groups including Old Order Amish.

SUMMER STUDENT TOUR

The Council of Mennonite and Affiliated Colleges again has planned a summer student tour to Europe. Provision is being made for a group of forty-five students and alumni. The basis of selection for the group will be one student and one alumnus for each one hundred regular full-time students enrolled in colleges which are members of the Council. This means that Goshen College is entitled to send five students and five alumni.

The group is scheduled to leave Bradley Field, Windsor Locks, Connecticut, on June 16 by chartered plane for Luxembourg. The tour offers certain unusual advantages not often available to the European tourist. The group will not only visit many points of interest in Western Europe including Italy but will have the privilege of becoming intimately acquainted with a group of Dutch and German students by living and working with them for several weeks on some rehabilitation and construction project.

Return passage is booked from England for August 24 on the SS Samaria, scheduled to dock in Quebec or Montreal about September 1. The trip will cost $725. Each member of the group will save about $500 because the travel arrangements are made through the Menno Travel Service.

Materials for making application for membership in the summer group are available in President Miller's office. The Reverend C. N. Hostetter, president of Messiah Bible College at Grantham, Pennsylvania, is to accompany the group as a representative of the Council.

FIFTIETH ANNIVERSARY SERVICES IN INDIA

Bishop Sanford C. Yoder, former president of Goshen College and secretary for many years of the Mennonite Board of Missions and Charities, with Paul Erb, editor of the **Gospel Herald** at Scottdale, Pennsylvania, participated in the Fiftieth Anniversary celebration of the founding of the American Mennonite Mission in India.

One feature of the celebration was a jubilee parade in which one thousand Christians sang Christian hymns. They also planted a tree as a memorial to those who gave their life for the cause of Christ in India and also as an omen looking forward to the growth of the church in India.

Eliazer Pershadi, Bible teacher in the Christian Academy at Dhamtari, India, writes December 14: "This year our school work is going on as usual and we are enjoying our work. We were happy to have Bro. Paul Erb speak to the teachers in the school on 'The Influence of Christianity on English Literature.' Also, we were glad to hear Bro. S. C. Yoder twice in the English service and once in the Hindi service. . . . The Jubilee programs were very well attended and enjoyed by the people of our communities. The delegates brought greetings from our Mennonite churches of the U.S.A. and likewise they will be carrying the same."

The new Home Science building at the Dhamtari Christian Academy was dedicated on December 19, with the address given by Bro. S. C. Yoder.

On December 18, S. C. Yoder preached at Balodgahan, Paul Erb at Mangal Tarai and Sundarganj, and John Friesen 38 at Shantipur.

Professor Yoder is on his way to the States and expects to arrive in Goshen in time to resume teaching at the College at the beginning of the second semester.

ESTABLISH HEADQUARTERS IN BUENOS AIRES

Quite unexpectedly the Mission Council decided that the Nelson Litwiller (25) family should move from Bragado to Buenos Aires where, as secretary, Mr. Litwiller maintains an office representing the Mennonite Board of Missions and Charities. Their new address is Mercedes 149, Buenos Aires (7), Argentina, South America.

Several reasons impelled the missionaries to this decision. Dozens of the members of Mennonite churches are migrating from the rural areas to Buenos Aires, a city of four million inhabitants. Another reason was to comply with Government requirements of establishing legal headquarters in the capital. Furthermore there were some three hundred German-speaking Mennonite refugees scattered about the city and suburbs of Buenos Aires.

One of the duties of Mr. Litwiller will be to give these refugees every available spiritual assistance. The Litwillers have started on their twenty-fifth year of service in Argentina. With them in Buenos Aires is their daughter, Esther, who has finished her third year in the commercial High School.

LEDERACH EDITOR OF NEW MAGAZINE

The Publishing House and the Commission for Christian Education have chosen Paul Lederach 45 to edit the **Herald Teacher**, a new monthly magazine for Sunday-school teachers of intermediates, young people, and adults. The magazine is to be available in October, 1950. The Publishing House has chosen the Goshen College Sunday School as one of about forty throughout the church to use and review the pre-publication material during this month.

GOSHEN'S FLYING PREACHER

Ivan Headings x41, of Pryor, Oklahoma, pastor of the Mennonite Church at Oak Grove, four miles west of Adair, is known as the "Flying Preacher." He purchased a one hundred and ninety acre farm northwest of Pryor about three years ago where he, his wife Louise, a son, age seven, and two young daughters raise turkeys. They keep a flock of two hundred and fifty breeding hens and sell about three thousand poults a year.

Mr. Headings owns his own plane, a Luscombe Silvaire, for use in his turkey business and also in his church work. He had special training in turkey nutritional work at Iowa State College and has had considerable successful experience in working with diseases and nutritional work for some of the large turkey producers. (Mr. Headings' address recently changed from Pryor, Oklahoma, to route one, Adair, Oklahoma.)

A MOTHER'S TRIBUTE

Mrs. Harry B. Severson (Fannie B. Rupp 12), of Rockford, Illinois, has printed a book as a memorial to her son, Robert, who lost his life on the European front when the Seventy-Eighth Division penetrated the Siegfried Line and crossed the Rhine near Bonn.

The book, privately printed on heavy paper with gold-stamped cover and beautifully illustrated, is a masterpiece of the bookmaker's art. It tells the story of Bob's military life as pictured through his letters and those of some of his friends. To give a background for the letters, the volume briefly high lights a limited segment of the European campaign.

The story is one of profound pathos. Reared amid cultured surroundings with unusual educational advantages, taught for one year at the Massachusetts Institute of Technology, interested in and somewhat skilled in radio, Bob is placed in an infantry unit, where as a private first class he trains, suffers every hardship and discomfort, and finally gives his life in what his loyal, heroic spirit deems the path of duty.

Without such a book the story of World War II would be incomplete. It tells the story, not only of Bob but of tens of thousands of others.

NEW BOOK ON HISTORICAL MENNONITISM

Dr. Robert Friedmann 43 is the author of a book published in 1949 by the Mennonite Historical Society at Goshen College but completed by the author in 1942. The volume is receiving the attention of Mennonite scholars interested in new insights and historical perspective.

Too often church history, especially Mennonite Church History, has been written as if the church existed in a vacuum and without proper attention to impinging influences. Coming as he does from a former humanistic background, Dr. Friedmann is able to bring to his study an objectivity not always possible for the scholar with a Mennonite background.

Dr. Friedmann began his studies more than a quarter of a century ago as a student in Austria but was in a sense shut out from an inner understanding of the Anabaptist-Mennonite movement on account of a lack of knowledge or acquaintance with Mennonites. This lack, however, he overcame when he met Dean Bender, when he had access to the Mennonite Historical Library at Goshen College, and when he united with the Mennonite Church.

The book consists of two originally separate studies which, however, form a complete unit. The first deals with early Anabaptism and certain changing aspects brought in by contact of the Anabaptists with Pietism (somewhat related to "revivalism" of the Moody type but with rather different features). The second part deals with Mennonite devotional literature. To quote from the author's preface: "The first . . . gives the general historical analysis; the other gives the concrete proof of the thesis. . . . In this way the two studies tell in a somewhat unusual manner of the **inner life** of the 'evangelical' Anabaptists and of the Mennonites, their descendants in later centuries. . . . The first deals with the story of the unconsciously changing forms and the changing genius of the inner life as it develops from the Anabaptist into the Pietist pattern; the second tells of the deposits of this process in the written word, that is the devotional literature." The last and most elaborate chapter deals with the spiritual development of the Mennonites (mainly the Old Mennonites) in America.

Dr. Friedmann's book, **Mennonite Piety Through the Centuries: Its Genius and Its Literature**, is number seven in "Studies in Anabaptist and Mennonite History," published by the Mennonite Hisorical Society. It contains three hundred pages, five plates, and may be purchased from the Society for $3.50.

Several years ago while living in Goshen, Dr. Friedmann had the misfortune of losing his first wife, the talented and accomplished Susi Friedmann. His present wife is the former Miss Betty Stern, of Pittsburgh, Pennsylvania, originally from Frankfort on the Main, Germany. His son Martin is continuing his studies in the Juilliard School of Music, of New York, working also with the faculty quartet with the City College of New York. His older son John, now married, is studying in the University of Chicago in the Division of Planning.

Dr. Friedmann himself is teaching History and Philosophy in the Western Michigan College of Education in Kalamazoo. Dr. and Mrs. Friedmann live at 205 West Cedar Street, Kalamazoo, Michigan.

PICTURE OF GOSHEN COLLEGE IN UNITED STATES SENATOR'S OFFICE

At the request of the Honorable Homer E. Capehart, United States Senator from Indiana, Goshen College sent him an air view picture of the College. The picture is now framed and hanging in the Senator's office with pictures of all other Indiana colleges. It is rumored that Senator Capehart will be a candidate next year to succeed himself.

PASTOR TO GIVE YEAR'S SERVICE AT BERLIN CENTER

Lester Hostetler 15, pastor of the Bethel College congregation at North Newton, Kansas, has been granted a one-year leave of absence by the congregation so that he and Mrs. Hostetler (Charity Steiner 16) can accept an M.C.C. appointment for a year's service in Berlin, Germany.

Rev. and Mrs. Hostetler plan to leave about February 1. In Berlin they will be in charge of the M.C.C. Community Center or Nachbarschaftsheim which seeks to minister to both spiritual and physical needs through a program of religious services, discussion groups, recreation, personal counsel, and self-help work projects.

The Center in Berlin established last spring with Harold and Anna Buller in charge is one of several such centers established by the M.C.C. as part of its rehabilitation program in Central Europe.

Among the facilities provided by the centers are women's sewing rooms, shoe repair facilities, books and study rooms for students, supervised play and craft room for children. There are group meetings for Bible study, worship, and discussion.

Rev. Hostetler's many years of interest in young people's problems and his wealth of experience in directing religious, musical, and recreational activities should enable him to make a fine contribution to the work of the Center.

ON MISSION TO WEST AFRICA

Dr. Benjamin Gerig 17 visited West Africa as one of a four-member Visiting Mission of the Trusteeship Council which left New York on October 29, to survey conditions in the Trust Territories in West Africa. During a two-month tour the Mission visited the Cameroons and Togoland under British administration and the Cameroons and Togoland under French administration, spending about two weeks in each territory. The first Mission visited East African Trust Territories and early in 1950 a third Mission will visit the Trust Territories in the Pacific area.

It is the duty of the Mission to observe the political, social, and educational conditions in the Trust Territories and the progress toward self-government and independence, as well as the efforts of the Administering Authorities to achieve these and other basic objectives of the Trusteeship System.

Mr. Gerig has long been recognized as an authority in the field of mandated territories and trusteeships. He wrote his doctoral dissertation in this field and made an exhaustive study of trade conditions in South America.

COLLEGE ACTS AS HOST TO A.S.A.

On November 19, representatives from colleges and universities within a one-hundred-and-fifty-mile radius of Goshen met on the Goshen College campus for a meeting of the American Scientific Affiliation, an organization of scientists from all over the United States who are interested in correlating the facts of science with the Holy Scriptures. Dr. Delbert Eggenberger of the Armour Institute of Chicago read a paper on "Gamow's Theory of Element Building." The meeting also discussed plans for the National meeting of the A.S.A. to be held on the Goshen College campus sometime in 1950.

CLASS OF 1946

The editor is indebted to Ethel Yake and Catherine Hernley for an opportunity to read the fall letter of the class of 1946. Apparently the editors of the letter collected twenty-five cents from each member of the class to cover the expense of typing, mimeographing, and mailing the letter. Apparently, too, the twenty-five cents did not quite cover the expense.

Mr. and Mrs. Royal Bauer had been located in Landour in the Himalayas, 1800 miles from the Mennonite mission stations in the Central Provinces. They are now stationed at the American Mennonite Mission in Drug, C.P., India. Not yet having mastered the language and being stationed at Drug by themselves, they run into all sorts of problems.

Professor Glen Miller, sponsor of the class, writes, "We are now using the new school lounge, the snack shop, bookstore, and post office as well as the music rooms. The new building is going to add very greatly to our campus life. A big new girls' dormitory is next on the list."

Earl R. Leinbach

Earl R. Leinbach, 4044 West Michigan Street, Indianapolis, Indiana. The church at Bean Blossom will appreciate the extra help this year from Goshen students who are in Indiana University at Bloomington. The church house is being purchased; so we are planning on making some much-needed improvements.

Mrs. Henry Yoder (Esther Eash) route two, Hollsopple, Pennsylvania. The fifth and sixth graders built a pioneer village in the woods. . . . They made trails through the woods and built regular log cabins. . . . Fall has so many possibilities for art and science. . . . To date we found worms which have spun cocoons for luna and cecropia moths.

Alice Grace Hostetter, Grantham, Pennsylvania. Still working toward my master's degree; so I again endured the summer heat in Philadelphia. . . . School at Grantham has begun again, but somewhat differently than previous years. We are occupying the new girls' dormitory, and the boys have moved into the former girls' dorm. . . . He has a congenital spinal handicap which precludes survival beyond possibly a few months or a year. We took him to Riley Hospital at Indianapolis, where they told us that in his case surgery on the spina bifida would not be successful. We are enjoying him now. I think that if I were in college again I would study a little more philosophy.

President Miller Granted Leave of Absence

APPOINTED M.C.C. COMMISSIONER TO THE FAR EAST FOR ONE YEAR

At the request of the Mennonite Central Committee to release President Ernest E. Miller 17 for fourteen months voluntary service in the Far East, the Mennonite Board of Education has granted President Miller fourteen months leave of absence.

According to present plans, he will leave Goshen on June 14, 1950, and return to the campus in the summer of 1951. President and Mrs. Miller (Ruth Blosser 17) are scheduled to sail from Los Angeles on June 23, arrive in Japan, July 7, and in Hong Kong, August 9. On September 1, Mrs. Miller will leave Hong Kong.

President Miller is to visit the Philippines and Indonesia during August and September and arrive in Calcutta on October 10 in time to attend the National Christian Council meetings in Allahabad on October 15. Following this conference, he will visit the M.C.C. projects in North India, in Pakistan and Delhi until November 10. He then will proceed to the American Mennonite Mission at Dhamtari, C.P., India, and after a short stay here, visit Mennonite missions in various parts of India.

Then after a brief visit in Dhamtari over the Christmas season, he will spend another two or three weeks period in each of the following places: Indonesia, the Philippines, Hong Kong, and Japan. After another survey of M.C.C. relief work in Hong Kong, he will spend a month in North India and leave Karachi for the Middle East by air. His service as commissioner concludes with a short stop in the Middle East and several weeks in Europe. Menno Travel Service is assisting in making President Miller's travel arrangements.

During Mrs. Miller's stay in India, she will do a certain amount of work with the Bible Women, sewing circles, and other work of that type. She will probably remain in India for approximately six months.

The Mennonite Board of Education has appointed Dean Carl Kreider 36 to serve as acting president during President Miller's absence. Dr. Paul Bender, registrar, whose work naturally keeps him in close touch with the office of the dean as well as other administrative offices, has been appointed acting dean. Overflow Crowds Assemble for First Meetings in the College Union

DEDICATION EXERCISES PROCEED AS PLANNED

Students, faculty, and friends experienced a feeling of inexpressible joy to think that such a large project had been completed and that the building could be dedicated practically free of debt. The cost of the building was approximately $475,000 and equipment cost an additional $25,000.

Overflow crowds attended the Sunday afternoon dedication service and the Sunday evening chorus program. Several hundred people were unable to find seats in the auditorium at the afternoon program and almost an equal number in the evening.

One of the important events in connection with dedication was "Open House" on Saturday afternoon from four to six-thirty. C. L. Graber, of the Department of Public Relations, was chairman of the Open House Committee which had laid careful plans for the event.

On entering the building, visitors registered and received a free copy of a souvenir booklet, well illustrated and describing the history of construction of the College Union, and giving significant facts about the construction and services of the building. Well-coached guides described the various areas and services of the building as they escorted groups of visitors through the auditorium, across the stage, through the locker and music rooms and the various corridors, finally ending in the College Lounge where Dr. Olive Wyse and Dean Viola M. Good supervised the serving of refreshments. The bookstore, post office, and snack shop were in operation.

Following are the complete programs for the various conferences and services held in connection with the dedication:

Service of Dedication (Written by Professor Samuel A. Yoder 28, and read by President Ernest E. Miller 17, with responses by the congregation.)

The President: The temple of God is builded not of stones but of Christian lives.

The People: Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you? If any man destroyeth the temple of God, him shall God destroy; for the temple of God is holy, and such are ye.

The President: Or know ye not that your body is a temple of the Holy Spirit which is in you, which ye have from God? And ye are not your own; for ye are bought with a price: glorify God therefore in your body.

The People: We are a temple of the living God; even as God said, I will dwell in them, and walk in them; and I will be their God, and they shall be my people.

The President: In recognition of the Christian college as an integral part of the Church of Christ, and of the responsibility of the church for the instruction of her people in the faith and duties of the Gospel and in the care of mind and body.

The People: We dedicate this house.

The President: With the prayer that all those who here teach and learn in the years to come may be endued with the Holy Spirit, and that this building may ever stand for the things of the kingdom of God, a testimony to the Gospel of Christ, a center of holy life and humane service,

The People: We dedicate this house.

The President: That it may minister to the betterment of the body, to the purity of manhood and womanhood, to the cultivation of a truly Christian social life in this college community, to the cause of Christian brotherhood and the utilization of every means that will elevate and refine and sweeten human life,

The People: We dedicate this house.

FREE SOUVENIR BOOKLET

For "Open House" the College printed a Souvenir Booklet and distributed it free to all who registered. Several hundred copies of this booklet are left. The College will be glad to mail a copy to each alumnus or friend of the College who requests it.

The eight-page booklet, eight by nine and one-quarter inches, contains a history of the building and a large number of cuts illustrating the progress of construction and the completed building.

A postcard addressed to the Alumni Office will bring you a free copy postpaid.

SPECIAL GIFTS FOR THE AUDITORIUM

A number of classes and individuals have made special gifts for the auditorium. Dr. J. E. Hartzler 04 10, donated a pulpit stand, reading desk, and five chairs for the stage—all of beautiful design and constructed of solid oak.

The class of 1943 made a liberal donation toward the general construction of the building. The following classes specified their gifts for special projects: 1944, clock and bells; 1945, stage lighting; 1948, sound studios; 1949, public address system; 1950, stage curtains.

The above are substantial gifts which enhance the value and usability of the building and for which the administration is very grateful. All of these gifts are appropriately acknowledged with bronze plates or plaques.

ALUMNUS-NATURALIST ADDRESSES AUDUBONS

In its feature program of the year the Audubon Society was fortunate in securing the services of Arthur L. Smith 23 to present his lecture, "Our Feathered Friends," illustrated with Kodachrome movies of great interest showing birds in their native habitat.

Mr. Smith, instructor in biology in Central High School in South Bend for a number of years, has gained quite a reputation as traveler and lecturer. He is known as an outdoor man, nature lover, and tree planter, and is an active member of the Isaac Walton League of South Bend.

ANOTHER FACULTY MEMBER ACHIEVES DOCTORATE

On March 17, Miss Mary Royer, Associate Professor (now Professor) of Education, became the third woman doctor on the Goshen faculty. Dr. Royer did her work for the Ph.D. degree at Ohio State University. Her major field of study was elementary education, but she has also done extensive work in the related fields of adult and parent education, teacher education, and philosophy of education. During her residence at Ohio State University she served as graduate assistant to her adviser, Dr. Ruth Streitz.

Dr. Royer chose as her doctoral thesis, research on "The Implications of a Voluntary Service Program for the Improvement of Teacher Education." She made a study of voluntary service covering a five-year period. Questionnaires sent to teachers who had engaged in Voluntary Service with the Mennonite Central Committee showed that they considered the experience they had encountered in various types of service had benefited them very greatly.

ORDINATIONS

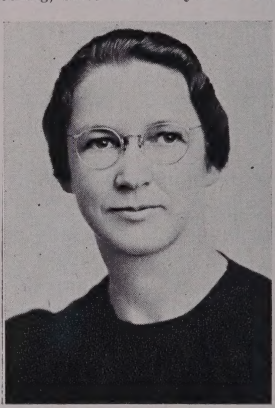
D. Chauncey Kauffman s15, who for a number of years has been serving acceptably as superintendent of the Oak Grove Sunday School southwest of West Liberty, Ohio, was ordained deacon of that congregation on September 11, 1949. He was ordained by Bishop S. E. Allgyer, nonagenarian bishop of the congregation. Mr. Kauffman is a teacher in the public schools of West Liberty.

John Steiner x36, physical director of physical education at Hesston College, was ordained to the Christian ministry in an impressive service, held in the Hesston College Chapel on Sunday afternoon, April 16. He will serve the Mennonite congregation at Scott City, Kansas.

Donald Berry 47, son of Mrs. William T. Berry, of Goshen, was ordained a minister of the Congregational Christian Church at ordination services held at the First Christian Church of Goshen, on Sunday, May 21. Mr. Berry, a senior in the Chicago Theological Seminary, has been serving as pastor of the Marion Temple, at Marion, Indiana.

MISS NITZSCHE TO GO TO LA JUNTA

Bertha Nitzsche 36, who has been teaching Home Economics at Hesston College since her graduation from Goshen College, has resigned to accept a position at the La Junta Mennonite Hospital and is looking forward to becoming better acquainted with another activity of the Mennonite Church.



Courtesy of Hesston College Journal

Miss Nitzsche received the Master's degree in Nutrition at Iowa State University in 1942. She has taught all of the Home Economics courses, except one year of clothing, since her first year at Hesston College in 1936. She also has rendered appreciated service in the Business Office and in the Library during those years. She has served as hostess of the Home Ec. Cottage, her home for many years.

The hospital at La Junta has asked for Miss Nitzsche's services for next year, but she may continue graduate study in the field of Home Economics for one year.

DR. MILLER VISITS JAPAN

Dr. S. T. Miller 05, one of the leading physicians and surgeons in Elkhart, made a trip to Japan with Mr. and Mrs. Ross Martin, also of Elkhart, leaving from Seattle by air for Honolulu on February 21 and proceeding to Japan by way of Manila and Hong Kong. They then spent two weeks in Japan.

Dr. Miller considers that the news coming from China regarding foreign missionaries is rather depressing. He feels that it will be necessary for the United States Government to buy bonds from the Communists to insure the safe release of Americans in China. This practically amounts to paying a ransom for their delivery.

He states that there is a demand for literally thousands of Christian missionaries in Japan. Since, however, only one half of one per cent of Japanese are Christians and since the natural increase of Japanese by birth is one million a year, Christianity is actually losing ground in Japan at the present time. Christianization of the islands must go on at a much more rapid rate if the Christian Church is to gain ground or even to hold what it has gained.

Dr. Miller returned to his practice in Elkhart on April 1. Since his return, he has been much in demand by civic and religious bodies to speak on his impressions and experiences.

PERSONAL DISTRIBUTION OF CHRISTMAS BUNDLES IN FRANCE

By John H. Yoder 47

I'm delivering them (Christmas bundles) personally, which means perhaps fifteen a day, which means ten days or more, which I just don't have, but am taking anyway because it's worth it. Instead of a mob who insist on their right to a dole and fight for a place in line, every stop there is a mother whom I interrupt in the midst of the washing or housekeeping she does for her seven or eight or nine, who wonders where I come from, can't understand why someone in America would send her that, but maybe understands a little better when I translate the "In the Name of Christ" on the bottom of the packing label; she sometimes isn't even sure whether she ought to accept it, because she doesn't know of any of her neighbors who have received such things; she wonders if she should offer a drink or a tip; she wonders if that person will really get the letter if she writes to Oyster Point or Kalona or Moundridge. An afternoon of that, even if it means walking around Nancy in the rain and asking all along for a number that doesn't exist and climbing tenement stairways so dark that at two o'clock I can't see to read the names on the doors, is all I need to convince me that it's worth taking the ten days I don't have, and that any mass distribution would be throwing the things to the wind.

GOSHEN STUDENTS WIN STATE PEACE SPEECH CONTEST

In the state finals of the Indiana Peace Speech Association Contest held at Manchester College on Saturday, May 29, Tina van der Laag 50 of Amsterdam, The Netherlands, won first in the women's oratory, and Richard Hostetler 52, of Canton, Ohio, first in men's extempore speaking; Albert Meyer 50, of Sterling, Ohio, second in men's oratory, and Doris Liechty 50, of Archbold, Ohio, second in women's extempore.

The last minute withdrawal of Franklin College and Indiana University left five colleges and universities participating in the finals: Earlham, Goshen, Indiana State Teachers, Manchester, and the University of Notre Dame. This was the first year of Notre Dame's participation in the contest. Their contestants won third in men's oratory and second in men's extempore speaking.

Judges for the contest were the coaches and speech instructors, each judge ranking every contestant except his own. Dr. Roy Umble 35, Indiana State Chairman and director of forensics at Goshen College, coached the Goshen contestants.

The Reverend Amos W. Geigley 13, Gettysburg, Pennsylvania, annually donates the $200 given for prizes in the four divisions of the state contest. Prizes in each of the four divisions are $25 for first place, $15 for second place, and $10 for third place.

The Intercollegiate Peace Speech Association is the successor of the Intercollegiate Peace Association founded in 1906. Formerly, the annual contest consisted of an oratorical contest for men. Later, it was organized as two divisions, one for men and one for women. A few years ago the contest was reorganized and now consists of four divisions as mentioned above.

FIRST EXPERIENCES IN THE PHILIPPINES

By Kay Crager 46

The immigration people were very co-operative and didn't make any fuss about my outdated papers. There seems to be an awful lot of red tape involved in being an alien. The government offices all show evidence of the war. We walked over shell holes in the floor covered by boards or sheets of metal. In one place I particularly noticed the concrete reinforcements were bent and so was the wall. I've been fingerprinted and filed so many times! There must be some sort of rebate deal between the photographers and the government because they use so many pictures. They must have about a dozen of mine in their drawers by now. Of my time in Manila I can say that a blind man could drive there, but not a deaf one. I think those reckless drivers blow their horns from habit more than need. The Filipino people I have met seem to be very courteous and respectful. Any American woman is "ma'am."

I have met several families here in Bangued and been in the hospital every day. I shall try to grasp the language because it is extremely annoying to be left out of the conversation. The weather is plenty hot and I am told that this is the coolest time of the year. It must be terrific when it really gets hot. I am fortunate to be arriving this time of year. Fannie [Schrock 42] left about a week before I arrived and so I never met her and she left me a big job to replace her until Fern [Hershberger] gets here.

ALUMNI SUPPLY STATISTICS FOR POPULATION BUREAU

The Population Bureau again this year is conducting a survey of ten- and twenty-five-year College graduates to determine the number of married alumni and also the number of children of a given class. Fourteen students—five men and nine women—graduated from Goshen College and from the Goshen College Academy in 1925. The five men are married and four report at least one child. The total number of children is sixteen.

Of the nine women in the class of 1925, six are married. All reported at least one child and the total number of their children is twenty-one. This makes a total of thirty-seven born to the fourteen members of the class of 1925. A higher average was reported for the class of 1923 last year.

Thirty-nine students graduated from Goshen College in 1940—twenty men and nineteen women. Eighteen men are married. Sixteen have at least one child and the total number of children is thirty-five. Twelve of the nineteen women reported that they were married and eleven reported at least one child. The total number of children born to the women of the class of 1940 is twenty-six. The total number of children born to the thirty-nine members of the class of 1940 is sixty-one.

Since population statisticians do not consider a group as reproducing themselves unless there is an average of at least two children per member in the group, the class of 1940 would be considered as reducing rather than increasing the population.

This would seem to be a more serious matter than appears at first sight. If those best fitted to rear and train children leave this divinely appointed obligation to those less fitted to do so, the former probably have no right to complain about the increase of irreligion, communism, and ignorance in the world.

SERVICE UNITS

The Mennonite Relief Committee is offering service opportunities for youth—summer service, year-round service, and service abroad—in many areas at home and abroad. The units are organized and directed by Levi Hartzler 35, Secretary of Service and Relief under the Mennonite Board of Missions and Charities at Elkhart.

Summer service units open to properly qualified personnel include city mission units at the Home Mission and Mexican Mission in Chicago; Cleveland, Ohio (colored); Hannibal, Missouri; Los Angeles, California (colored); Saginaw, Michigan (colored); Youngstown, Ohio (colored); and Detroit, Michigan. These units run from six to twelve weeks.

Rural mission units will be opening in Minot, North Dakota, and Menahga, Minnesota; Otelia, Pennsylvania; and Allemands and Akers, Louisiana. Child Welfare units offer opportunities for service at Camp Ebenezer, Millersburg, Ohio (colored); Kansas City Children's Home; Mennonite Youth Village, near White Pigeon, Michigan, for underprivileged children; and West Liberty Children's Home.

Youth teams will conduct youth conferences, discussion groups, socials, and visitation work in various communities to give a Christian witness and make clear the functions of Mennonite Youth Fellowship. The committee is planning service teams of five people each.

A Colporteur Team, serving in the mountains of Northern Pennsylvania, will make community surveys, sell Bibles and religious books, and give a personal testimony wherever possible in unchurched rural areas.

Units also will be organized in the homes for the aged at Eureka, Illinois, and Rittman, Ohio. General hospitals at Elkhart; Hannibal, Missouri; and Wichita, Kansas, will give opportunity for attendant service on the wards and assistance in the kitchens.

A Builders Unit will erect necessary buildings for children's camps at Mennonite Youth Village.

The above are Summer Service Units for 1950. The committee also offers year-round service units. A hospital unit will provide attendant service on the fifteen wards of a five-hundred-bed hospital. Several builders' units are being organized—one at the Hesston College Science Hall and the other, the Goshen College Womens Dormitory. The latter unit will begin work September 1.

The Mennonite Relief Committee also offers opportunities for service abroad covering longer periods. One unit will work at the La Plata Mennonite Project, La Plata, Puerto Rico, in medical, educational, agricultural, recreational, constructional, and maintenance service, and a unit in Ethiopia will do medical service at Nazareth and educational service in government schools in Addis Ababa. A unit in Belgium will do general relief work, deported persons' visitation and relief, and children's home work. The units in Ethiopia and Belgium are administered through the Mennonite Central Committee.

Other branches of the Mennonite Church are offering summer service opportunities to their young people. A number of Goshen College students who are members of those branches will be doing voluntary service under their own boards.

Although the world-wide service of the Mennonite Central Committee, with offices at Akron, Pennsylvania, is carried on chiefly through two- or three-year terms of voluntary enlistment, the M.C.C. also is offering a number of summer service opportunities to properly qualified personnel. Ray Horst 48, assistant director of M.C.C. Voluntary Service, and Beulah Stauffer 47, administrative assistant in direct charge of enlisting summer service personnel, were on the Goshen campus recently in the interests of this work.

M.C.C. SUMMER SERVICE UNITS

The list of M.C.C. prospective summer service units in Canada, the United States, and Mexico includes the following: Ponoka Provincial Hospital, Ponoka, Alberta; North Battleford Provincial Hospital, North Battleford, Saskatchewan; The Ninette T.B. COLLEGE BENEFACTOR DIES

Franklin Nice Kornhaus, son of Mr. and Mrs. Joseph Kornhaus, of Morrison, Illinois, was born September 24, 1874, and following a brief illness died at a Los Angeles hospital on March 26. He is survived in his immediate family by his wife, Mrs. Vashti (Pfrimmer) Kornhaus; a sister, Mrs. Ella Parks, of Richmond, Virginia; and two brothers, John Kornhaus, of Lutz, Florida, and Benjamin H. Kornhaus, of Denbigh, Virginia.

Before enrolling at the Elkhart Institute on November 3, 1897, Mr. Kornhaus attended the Sterling, Illinois, Business College and had spent two years as a clerk and six months as a salesman. At Elkhart his schoolwork and personality impressed Principal N. E. Byers to the extent that he offered to make Mr. Kornhaus principal of the commercial department but disliking to incur further school debt in preparation for the position, he decided to go into business.

In Moline and Dixon, Illinois, he was so successful in fund raising campaigns that he was much in demand for that type of work. During a leave from one of these strenuous campaigns, he visited California and never returned East.

Settling in Oakland, he found his lifework as an official in the American Trust Company. In Fruitvale he built a branch bank from no assets and no deposits to a thriving auxiliary with ten million dollars in deposits. Although he was a busy bank executive, he threw himself wholeheartedly into the civic life and the philanthropic and religious work of his city. Two years ago, he was elected "Man of the Year" in the Oakland Y.M.C.A.

He served on the Board of Education of the Oakland Public Schools for twenty-two years and for several years was president of the board. He represented the Oakland Board of Education at the American Association of School Administrators in Atlantic City in February.

The Fred Finch Children's Home occupied much of his attention since his retirement from his business responsibilities several years ago. It was primarily his service as president of the board of that institution that led to his citation in March to the "Methodist Hall of Fame in Philanthropy, the Honor Society of the Healing and Helping Hand," by the Board of Hospitals and Homes of the Methodist Church. He received this award at Chicago at the National Convention of the Association of Methodist Hospitals and Homes from Bishop William T. Watkins, president of the board.

The extended trip East was a crowning event in a rich and full life. From Chicago he made a side trip to Goshen College to visit his Alma Mater and to spend several days at the homes of former classmates and friends in Goshen and Elkhart. On Monday evening, March 6, he enjoyed hearing a debate between the Goshen College varsity and a team from the University of Vermont. In this debate, Albert Meyer 50, first holder of the "Franklin N. Kornhaus Scholarship in Public Speaking," was one of the participants.

Sometime during the night of March 6 he became seriously ill. The next day Dr. F. S. Martin 29 was consulted and ordered immediate hospitalization for a checkup and medical treatment. A few days later he had recovered sufficiently and was so eager to return home that his physician gave permission for him to travel.

He left for home on the evening of March 11. On his arrival in Oakland, he was hospitalized and sank into a diabetic coma from which he did not recover.

Goshen College has lost a warm friend and generous benefactor. In 1948, Mr. Kornhaus provided a perpetual memorial to his interest in Christian education by establishing with the Mennonite Board of Education "an endowment fund of twenty-five hundred dollars to provide an annual scholarship of one hundred dollars or more to be awarded to a student of Goshen College for achievement and promise in the field of public speaking."

Lucille Kreider, route 2, Wadsworth, Ohio. School is interesting as always . . . sixth-grade room . . . very interesting.

Irene Eschliman, 120 N. Elm Street, Orrville, Ohio. Back in the States . . . on the new "President Wilson." What a contrast to living in the mountains, cooking over three stones in the ground, and taking baths in a mountain stream! Before leaving the Philippines I helped to get our little mountain school started for the third year. That means we are offering the first three years of high-school work. There was an enrollment of one hundred students when I left. This year the students are going out in teams to hold services in the communities where there are no churches. Many people have been reached in this way, and the students are developing into good evangelists. Some of them plan to make it their lifework. After this year the school will be completely in the hands of the Disciples Mission, but it will always mean a great deal to me. I won't even try to tell you how hard it was to leave.

Otto Binkele, 33 W. Union Street, Ligonier, Indiana. Hope to live in Ligonier for another year—signed my contract last week! Don't forget, this town is still only 17 miles from Goshen on U. S. 33.

Omar J. Rhodes, Kalona, Iowa. Since 1943 we rented and lived on a 65-acre farm near the school where I have been teaching—Jefferson Township high school near Cedar Rapids. The farm was sold. . . . Unable to find another farm we have moved to Kalona after having a farm sale. . . . Finishing the school year teaching. Mrs. Rhodes and the children are O.K. Warren, 14; David, 11; Jeanette 9; and Ross, 7.

Dr. Carl M. Hostetler, 1602 S. Eighth Street, Goshen Indiana. Still in the office that we remodeled four years ago. . . . Really enjoying my work. . . . Spent three days at the Chicago Medical Meeting. Roman Gingerich of the College has again asked me to help during Junior High School week at little Eden Camp next summer from June 28 to July 5. This will be my fourth summer there. The family has enjoyed it greatly the last two years. We are looking forward to the Christian fellowship and inspiration this beautiful spot has to offer. Find time again to sing with the Menno Singers sponsored by the Eighth Street Mennonite Church. . . . Thirty men practice once a week, give sacred concerts around the community. Had two trips, one to Illinois and last Sunday to Ohio. Three programs a day. . . . Reminds me of B. F. Hartzler. He left Goshen last fall with his old Packard and a trailer full of tools, sheet music, piano equipment, and sundry assortment of things to move to the surbubs of Los Angeles. When he stopped in Topeka, Kansas, someone in the Service Unit told him of their need for living quarters. He used his funds to buy a stately old mansion, and put it to good use as a housing unit. He's a landlord now. Goes to Hesston each week to teach voice. I hope many of you will be able to attend some of the sessions of the Mission Board Meeting at Goshen, or Commencement, or the Dedication of the new Audio-Gym on April 23. It will give you a chance to see what opportunity your children will have in the future when they attend Goshen College.

P.S. Mrs. Carl M. Hostetler. I'll add my note in this manner. I do thank you for the fine response to that one notice. Most of the classes who have a letter send a number of reminders. It seems to me that you all wanted this enough to respond. Thanks, too, to the people who sent a message for the first time this year. I wish you could each have the pleasure of seeing these letters come one at a time, and in the handwriting that makes them seem more personal. Thank you also for the response in cash. Although Lois Winey is at N.Y.U. this winter, the classes in the Commerce Department at the College are again cutting the stencils and mimeographing this letter. So our thanks to Miss Fern Troyer and Miss Gladys Stoltzfus, the teachers, and their classes. If you haven't been in Goshen for the last few years I'm sure you would greatly enjoy attending one or more of the meetings that Carl mentions. You could see with your own eyes what a fine growth there has been at the College.

H. Clair Amstutz, 521 South Main Street, Goshen, Indiana. I was asked to say something about the recent Mental Health Institute held here under the auspices of the M.C.C. It is significant that conferences of this type are now being held. Jesse Zigler, of the faculty at the Bethany Biblical Seminary, was the principal speaker and stressed the place of the church and of faith in prevention of mental illness. Both Helen Moser Kirchhofer and her husband, Delvin, appeared on the program. Helen described the work at Brook Lane Farm and Delvin showed slides of their work as well as of the other mental hospital work—the new hospital being built in California, and the training unit at Topeka, Kansas. This is work of supreme importance not only for what they are doing for the patients, but as a pilot plant for more work of similar nature in the church. I am sure that various mental health projects will be started as a result of their pioneering work. We had the privilege of having Helen and Delvin stay at our home during the Institute, after which they went on a speaking tour through Illinois and Ohio.

Mrs. Abram Kaufman (Beulah Hartzler), Plain City, Ohio. Since September 3, 1947, I am Mrs. Abram Kaufman. On October 17, 1949, Julia Ann Kaufman came to live with us. My husband is pastor of the Sharon Mennonite Church near Plain City, Ohio.

CLASS LETTER OF 1942

Mrs. Isaac Helfrick (Laura Blosser), route 2, Mercersburg, Pennsylvania. The girls and Eileen have settled down to a few minutes of relatively quiet play with six-week-old Gerald. Still busy farming.

Paul Blosser, Louisville, Ohio. Herma and I go back and forth from work together. Herma works at Old King Cole Displays, Inc. She does the bookkeeping work at that plant which makes and designs advertising displays. I'm still working in the office at the Lumber Yard. I have been taking correspondence work toward a C.P.A. degree.

Mrs. Emory Gross (Viola Eby), rural route 2, Bristol, Indiana. We have a new baby, Rodney Scott, born October 30. . . . Third boy—no girls. Stephen in first grade. Second boy Dennis is four. Live in Vistula in the house we bought when we were married. Husband working in South Bend . . . carpenter for the Sollitt Construction Co. Drives back and forth each day.

Mrs. Allen Hartzler (Pauline Hershey), route 2, La Junta, Colorado. Allen and I living on a farm, Allen working in partnership with my father. Their scope includes sheep, turkeys, hogs, alfalfa, corn, and small grain. Farming here is done by irrigation.

Robert J. Baker, 1321½ Prairie Street, Elkhart, Indiana. My status quo remains the same—married, teaching, one boy. We attend Belmont Mennonite Church.

Mildred Witmer, Mennonite Sanitarium, La Junta, Colorado. Time has passed very swiftly since I'm here. It has been such a good opportunity to do some of the things I'd never felt I had time for previously. Consequently I've read and read and read, learned to knit and crochet, taken a correspondence course in elementary journalism, and am now ready to start learning shorthand! My progress has been good and shortly before Christmas they let me start to get up. Now I am getting up twice each day for about half an hour each time. One day this week I was even permitted to get dressed and go for a twenty-minute ride around town. It was such fun to see what sort of place I've been living in for the past 6½ months!

Clarence Burck, route 1, Box 167, Monmouth, Oregon. Still live in our little 22x28 house and have gotten fruit trees planted this past year. Spend most of my time at the carpenter racket—general carpenter work with some mason work and painting if and when it is needed. Someday I still hope to find an occupation which involves less "strong-back methods."

Pearl Kauffman, La Plata, Puerto Rico. Included in my work is contacting the homes of malnutrition children who have been discharged from the hospital in improved conditions and giving instruction for feeding them. A class of nurse aids enjoy their course in foods and nutrition. . . . Expect to conduct a nutrition clinic for mothers. Just now the La Plata Service Project is being transferred from the hands of the Mennonite Central Committee to the Mennonite Relief Committee.

Royce N. Engle, Archbold, Ohio. We are four—Doris and Royce, Scott, 4 years, and Kathleen, 15 months. Very good employment as automobile and tractor salesman for John Rich and Sons, Ford dealers at Archbold. About ready to make our fourth house move in as many years, this time into our own home. Building a six-room house about a mile from Archbold on 1¼ acre of land. . . . A good garden, orchard, and chickens.

Lena Graber, Christian Hospital, Dhamtari, C.P., India. Florence Nafziger is living with me again. Dr. Yoder's fame as a surgeon has spread and people come from long distances to have him do surgery on them. It keeps us busy making supplies, doing the sterilizing, and setting up for the operations. We have around 40—50 inpatients daily and we have over 100 outpatients daily too. Our X ray is set up now. We can do fluoroscopy, too. A Gospel Team from Leonard Theological Seminary are here in Dhamtari and surrounding churches. Enjoy having them. They will give a program using Visual Aids. We use the SVE projectors which use a kerosene Petromax lantern.

Dr. A. G. Widmer, Wayland, Iowa. Isn't anything new since the last letter. Still located at Wayland and like it in the country. Gwen, our oldest daughter, is five; Theodore, three; and Jane, one.

Mrs. Kenneth Lehman (Genevieve Warner), Topeka, Indiana, Feel quite at home in Topeka. . . . Put our membership in the Methodist Church here. Anne and Becky have earned Bibles for perfect Sunday-school attendance. Katie, now 18 months old, goes with them. Wayne Yeater is our minister. This summer we remodeled the kitchen. Since Hazel Schrock, the office nurse, married, I have been Kenny's assistant and secretary.

Fannie Schrock, Bangued, Abra, Philippine Islands. The way it looks now, I will be able to meet a future relief worker to the P. I. in Hong Kong. We understand that Ruth Martin, who is waiting there for reassignment, will be coming over here. Then I expect to see Bob Smith, one of our own former P. I. relief workers, on Okinawa and have a good long gab session with him. He is Director of Church World Service there. I also am hoping to visit the M.C.C. Unit at Osaka, Japan, and if I can make the necessary arrangements, travel across country to Tokyo and spend a few days with the Ralph Buckwalters there, and rejoin the ship at Yokohama. The ship spends five days between the two seaports and the distance can be made by land in 12 hours, they tell me. The only hitch is, you have to have some kind of permit to stay that length of time in Japan and I am not certain if I can arrange it. We have had the satisfaction of seeing this hospital develop from a piece of waste ground and two discarded Quonset huts into a nicely equipped, and busy, 20-bed hospital, running as high as 22 patients at times. The people of the mountains have come a long way in their attitudes toward medical service in the last three years. It seems to me they use less of banana leaves, ashes, or what have you, and have come to rely more on medicines, etc.

Merle R. Meeden, 210 E. Clinton Street, Howell, Michigan. Family and I still living at Howell, Michigan, serving the First Baptist Church of Howell as well as the West Highland Baptist Church located in a rural community fifteen miles away. Last May my family and I had the privilege of attending the Northern Baptist Convention in San Francisco. We went the southern route and visited such places as Painted Desert, Grand Canyon, Hoover Dam, etc., along the way. On our return trip we came through Yellowstone National Park, the Black Hills and the Bad Lands.

Ernest W. Lehman, Akron, Pennsylvania. We are still working with the Mennonite Central Committee, trying to make some contribution to this program of Christian service to the needy in various parts of the world. One of my duties this spring is to help organize a number of peace teams to visit among churches this summer . . . several teams under M.C.C. sponsorship, and also several under direction of the Peace Problems Committee of the Mennonite Church. College experiences are brought to our memory as we take part in a community Mennonite chorus. Warren Leatherman is our director, and does very well in this capacity. We have been busy this winter preparing to give programs in this area. And speaking of chorus programs, I should also mention the very inspiring program given by the Goshen College Men's Chorus just after Christmas here in our local Ephrata high-school auditorium. About 1000 people turned out to hear the chorus sing.

Mary Zehr, 600 N. Main, Morton, Illinois. Teaching a sixth grade in Washington again this year. In I. Q. tests which were given, my thirty-seven ranged from 93 to 127. The girl who makes the best grades in the room had an I. Q. of 119. The boy with 127 is a B student. Our church was host to the Illinois S.S. Normal during Christmas vacation.

Mrs. Lawrence Greaser (Annabelle Troyer), Hesston, Kansas. It is slightly difficult to keep my husband persuaded that he should finish college, since our near future is shaping up so excitingly. My father has bought a farm across the road from the mission grounds in Puerto Rico, and Lawrence is to take charge of it as soon as we can get down there. There will be chickens to raise, a pineapple plantation to tend, vegetable gardens to grow, and a canning factory to operate. . . . The idea is to help the Puerto Ricans help themselves, and thus make the mission congregations more self-supporting and not so dependent on the church in the States. Our work will be a sort of new missionary endeavor; we will be able to help in the church work in a foreign mission field, but we will be self-supported.

Mr. and Mrs. Millard Lind (Miriam Sieber), route 1, Scottdale, Pennsylvania. It's a shame that people get so busy with insignificant things like raising a family of boys and earning their shoes, that they can't take time out for the really important things, like writing to one's college classmates! Find parenthood totally different from our college conception of the same . . . more exacting, more challenging, more disappointing, more rewarding. I'm beginning to look forward to our tenth reunion—1952. Millard says we're to count on going. We continue to like our new Pennsylvania home, and our work.

Mrs. Bennie Fadenrecht (Ruth Zook), 404 S. Washington, Hillsboro, Kansas. Since Bennie's graduation from Tabor in May we have been pilgrims, that is, moving around. From the latter part of June until the beginning of September we were in Pine Ridge, South Dakota, at the Sioux Indian Reservation. Helped with D.V.B.S. and had charge while Reverend Unrau had vacation. A new mission field . . . no church. Services held in home. Home visitation makes up the greater part of the work. From there we went to the India homes, Oklahoma, the M.B. Mission field among the Comanche Indians. Now studying Spanish and making preparations for going to Colombia, South America. Dwight and Rosalyn are healthy, active children.

Verna Oyer, 336½ West Park Drive, Huntington, Indiana. I've been in Huntington now since the fall of '43, though the job itself has changed from art and music in two junior highs to art in the grades and junior highs of three schools, to, finally, art in the high school, this being my third year in that position. . . . Enjoy teaching very much. . . . Summers—spent working up undergraduate credits in art in Ball State, in Muncie, and Chicago Art Institute. Summer of '47 I started on my M.A. at Columbia University, and actually it seems now that that was when life began. Columbia has helped me develop the self-confidence I needed to improve as a teacher, and has made me proud of my profession.

Gladys Widmer, 1711 Prairie Street, Elkhart, Indiana. It has been a pleasure to gather all your letters and get them off to you. Thanks for the good response. I know you have enjoyed reading of the whereabouts and doings of the rest. This will be the only letter of 1950 unless some of you suggest otherwise. We thought there may be a better response if there is only one a year—what do you say? I am still at the Mennonite Board of Missions and Charities office at Elkhart, Indiana. The nearness of your Alma Mater gives the opportunity to attend some of the activities every now and then—lecture courses, special programs.

Commencement Season 1950

First Graduation Exercises in The College Union

RECORD-BREAKING NUMBER OF SENIORS RECEIVE DIPLOMAS

Once more Goshen College has graduated the "largest class in the history of the institution." The class of one hundred and ninety-nine students who received degrees or certificates on June 5 had the honor of being the first to invite their friends to graduation exercises in the new auditorium in the College Union. Although Friday, class day, began with a downpour of rain, weather for the entire commencement season, including Thursday evening, was ideal.

The largest audience of the 1950 commencement season assembled for the Baccalaureate service on Sunday evening, June 4. Near capacity audiences were present also for the Friday evening class program, the chorus program on Sunday afternoon, and the annual commencement exercises on Monday evening.

The sophomores drove to Warren's Woods and Dunes State Park near Michigan City. The juniors went to Epworth Forest on the north shore of Webster Lake near North Webster. The freshmen spent the day at Pokagon State Park north of Angola. The seniors had intended to hold their final outing at McNaughton Park in Elkhart after the senior breakfast, but most of them remained on the campus on account of the terrific downpour of rain.

Programs by College Seniors

The seniors assembled in the college dining hall at 7:00 for the class breakfast in charge of Professor and Mrs. Roy Umble 35 (Ferne Smith 35). The theme of the program centered around the idea of work and the class motto, "Honor lies in honest toil." Alumni Day

Saturday, known traditionally as Alumni Day, left room for class reunions in the forenoon. The most successful of these reunions was that of the class of 1915 who celebrated the thirty-fifth anniversary of their graduation from Goshen College with a dinner at Henry's Tea Room on South Eighth Street. The organizing ability of Bert H. Smith was successful in bringing together the following members of the class: Dr. Clifford Franklin Brunk, M.D., of Detroit; Rev. Chauncey H. Duker, of McHenry, Illinois; Professor A. J. Eby, of Trenton, New Jersey; the Rev. Amos E. Kreider, of Goshen; Mrs. E. E. Lehman (Lita R. Miller), of Goshen; Mr. and Mrs. Bert H. Smith (Edna Metzler), of Dayton, Ohio; and Mrs. Vesta (Zook) Slagle, of Topeka. The class sponsor, Dr. Jonathan M. Kurtz 01, professor of physics in the Chicago College of Optometry, also was present.

The class of 1940 was represented by a number of members who had returned for the tenth anniversary of their graduation: Mrs. Clare F. Garber (Frances Barnard), of Goshen; Mrs. C. Richard Yoder (Edith King), of Bloomington, Illinois; Mrs. N. Wilmer Schrock (Pauline Liechty), of Orrville, Ohio; Dr. Reuben Widmer, M.D., of Winfield, Iowa; Mr. and Mrs. Dwight Weldy (Marjorie Conrad), of Goshen; Marjorie Ellen Yoder, of West Liberty, Ohio; and Professor Howard Charles, of Goshen.

Three hundred alumni gathered in the college dining hall on Saturday evening for the annual reunion. After alumni had done justice to one of Miss Roose's bountiful, nicely prepared, and expertly served dinners, the following program was carried out:

Business Meeting .... Dr. C. M. Hostetler 33, Presiding
  a. Report of the Secretary—Leland Bachman 38
  b. Introduction of the Class of 1950—Roy Umble 35, Sponsor

In the business meeting the following directors were elected for a period of three years: Leland A. Bachman 38, Olive G. Wyse 25, Levi C. Hartzler 35, Howard C. Yoder, 22, John Hess 47, and Keith Miller 50.

The secretary reported that the Board of Directors had elected the following officers for the coming year: Dr. C. M. Hostetler, of Goshen, president; Levi C. Hartzler, of Elkhart, vice-president; Leland Bachman, of Goshen, secretary; Viola M. Good 39, of Goshen, treasurer; and C. P. Martin 27, of Elkhart, fifth member of the executive committee.

The consensus of opinion among those present seemed to be that this was one of the really great reunions in the history of the association. The wit and geniality of the toastmaster, the brevity and interest of the toasts, the historically reminiscent one of the main address, President Miller's brief informing summary of recent items of interest in connection with the college and plans for the immediate future, and the very delightful performance of the Motet Singers all combined to make it an evening of inspiration and fellowship long to be remembered. The address of I. W. Royer 00, alumnus of the year, and also the clever toast of Mrs. Clare F. Garber are printed elsewhere in this issue.

The informal musicale held on Saturday afternoon was one of the best in recent years. The program in charge of Professor Mary K. Oyer was as follows:

Piano Solo, Charles Burkhart
Soprano Solo, Julia Latta accompanied by John Weber
Tenor Solo, Royce Saltzman accompanied by Rebecca Sprunger
Soprano Solo, Esther Musselman accompanied by Jane Willey
Piano Solo, Miriam Kauffman
Two groups of numbers by the Motet Singers directed by Professor Mary K. Oyer

The Sunday program was a full one. Sunday school and the morning worship service were held in the College Union. Harry Diener, of Hutchinson, Kansas, preached the morning sermon. Following the sermon Bishop Sanford C. Yoder, assisted by Dean Harold S. Bender, of the Goshen College Biblical Seminary, ordained David Shank, of Goshen, to the Christian ministry.

In the afternoon the combined choruses presented Handel's "The Messiah" in the Union Auditorium.

  Esther Musselman, soprano   Julia Latta, alto

A near capacity audience listened in a worshipful mood to the six numbers from part one, fourteen from part two, and six from part three including several choruses that the combined groups presented for the first time.

After the Messiah program the seniors and their parents were invited to President Miller's home for the "President's Tea for Seniors." Approximately two hundred and thirty were present. In the receiving line were President and Mrs. Ernest E. Miller (Ruth Blosser 17), Dean and Mrs. Carl Kreider (Evelyn Burkholder 36), and Dean and Mrs. Harold S. Bender (Elizabeth Horsch 18). President Miller used as his text John 10:16, "And other sheep I have, which are not of this fold: them also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd." He pointed out that in the four phrases of this text lie the basis, the motive, the promise, and the goal of the Christian Church. He spoke optimistically of missionary work, basing that optimism on the phrase, "They shall hear my voice." "If we remain clear open channels for His voice, not putting ourselves in His stead but remembering that the promise says 'they shall hear my voice,' then we can be assured that men and women will respond." He also emphasized the phrase, "one fold, and one shepherd." "We actually are asked," he asserted, "to teach all men to observe all things."

The ushers handed a copy of the president's sermon in a neatly printed pamphlet to each of the members of the senior class as they marched from the auditorium at the close of the service.

that we are drifting inevitably toward a super state in which individual liberties will be wiped out. He pointed out that the strength of the community and of the nation lies in its homes, churches, and schools and presented a strong plea for the revitalizing of these basic institutions in American life upon which the founding fathers built a civilization that is the envy of the entire world.

"America," said Dr. Trueblood, "must regain her position as a nation in which men dream of what the good life for man may be. We have let ourselves be maneuvered out of this position, and now we must win it back. We are unfaithful to the American way when we interpret it in terms of bathtubs and television sets."

Class Roll 1950

Following is a list of the candidates for degrees with their majors and with the date on which the work for the degree has been or is to be completed. Candidates whose work will be completed in August took part in all phases of the commencement exercises except coming to the stage to receive their diplomas during the graduation exercises. Dean Kreider read the names of those candidates and asked them to stand, but they will receive their diplomas in August on completion of their work.

BACHELOR OF DIVINITY

June 5, 1950

Hostetler, Silvan Jay	Goshen, Ind.

From the beginning of their registration as freshmen this has been the largest class in the history of the institution. In 1940 the college had a total enrollment of two hundred and fifty-six. In September, 1946, the class of 1950 enrolled two hundred and fifty students.

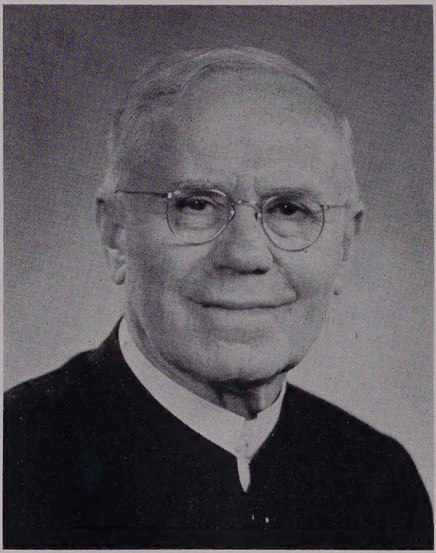
Approximately forty members of the class carrying full-time work at graduation are married. Members of the graduating class come from nineteen different states. The majority, however, are from Indiana, Ohio, Pennsylvania, and Illinois. Five are from Canada and one from the Netherlands.

The youngest member of the class is twenty and the oldest forty-two. Forty members of the class are ex-C.P.'s and veterans. Five are ministers, and seven were engaged in relief work. Five have been accepted in medical school, one at Northwestern, two at Jefferson in Philadelphia, one at Hahnemann in Philadelphia, and one at the University of Kansas.

Nineteen are the sons or daughters of ministers. Five members of the class were married the day after graduation, and a number of others have announced their weddings for some time during the summer. A considerable number of graduates are older students who have been teaching and completing the requirements for a college degree by doing part-time work.

ALUMNUS OF THE YEAR

For his many years of service in the areas of the educational, missionary, pastoral, and Sunday-school work of the Mennonite Church and for his valuable and consistent support of the work of the church for more than fifty years, Isaiah W. Royer 00, minister and pastor of the Orrville, Ohio, Mennonite Church, was selected by the Board of Directors of the Alumni Association as "Alumnus of the Year."



I. W. Royer

He was born near Orrville, Ohio, on May 2, 1873, to Dunkard Brethren parents. On May 24, 1890, he was baptized by Bishop John K. Yoder as a member of the Oak Grove Mennonite Church in Wayne County, Ohio. He attended the Smithville Academy in 1894; the Ada, Ohio, Normal School (now Ohio Northern University) in 1893 and 1897; the Elkhart Institute from 1998 to 1901; and did part-time work at Goshen College from 1905 to 1908. He was a charter student at Bethany Bible School in 1907 and continued his studies at that institution from 1909 to 1912 when he became pastor of the Orrville, Ohio, Mennonite Church, at that time a mission station.

He was ordained to the Christian ministry at the Mennonite Home Mission in Chicago in 1904, served as associate pastor of the Goshen College Church from 1904 to 1910, then as a worker at the twenty-sixth Street Mennonite Mission in Chicage until 1912 when he moved to Orrville. He held his membership in the Oak Grove congregation in Wayne County from 1912 until 1922, when the Orrville Mission was organized as an independent congregation.

As a pastor and as a member of the Ohio Mennonite Conference, he always stood on the side of progress, unity, and charity. His chief aim was to serve his Master ably and energetically, but in meekness and humility. Next to his work as pastor, his outstanding contribution was in the state and church-wide Sunday-school organizations. For many years he was secretary of the Ohio Mennonite Sunday School Conference as well as secretary of the General Sunday School Committee. In this work his industry, consecration, application, and broad-mindedness enabled him to maintain a forward-looking program always directed toward the unification and strengthening of the working body of the church.

Within the past few years his congregation, under his guidance and with his encouragement, has built a large new building for the church, Sunday school, and young people's work. He also has had the requisite foresight and self-denial to request his congregation to invite a younger minister as assistant pastor. He always has shown remarkable facility in inspiring and training young workers and leading them into an independent testimony and service.

On October 16, 1906, he was united in marriage with Tina Neuhauser x07, of Concord, Tennessee, at the Concord Mennonite Church by Bishop John Blosser. They are the parents of three daughters, all of whom are alumnae of Goshen College: Miss Mary Royer, Ph.D., professor of education at Goshen College; Miss Katherine Royer, B.A., Goshen College, editor of children's Sunday school materials at the Mennonite Publishing House; and Mrs. Charles Neff (Elizabeth), B.A. 38, former schoolteacher and Sunday-school worker and now housewife and mother at Street, Maryland.

Mr. and Mrs. Royer are frequent visitors at Goshen College and retain their interest in young people and in young people's activities.

As alumnus of the year, he delivered the following address at the alumni reunion in the college dining hall on the evening of June 3.

Address—"In the Beginning"

Mr. President, Mr. Toastmaster, Fellow Alumni, and Friends:

As a member of the class of 1900 may I offer special congratulations to the class of 1950.

With grateful thanks I accept the kind recognition of the Board of Directors to be chosen representative alumnus of the year, on this fiftieth anniversary of the graduation of our class of 1900.

According to very late reports there is a new trend in higher education which so far as I know Goshen College has not yet conformed to, in spite of all its advancements—and that is of providing college courses on the care of the aged, A recent news comment found in the **Pathfinder** reports that there is great promise in the fact that older people are becoming the objects of serious study for the first time in the history of higher education. This inspires me. Dean Kreider, give us all the encouragement you can.

Someone has said: We are all the time coming to the end of things here—the end of the week, the end of the month, the end of the year, the end of college days. It is end, end, end all the time. But, thank God, He is going to satisfy us with long life, endless life, with no end to it!

Once the great evangelist, Moody, said in his buoyant way: "Some day you will read in the papers that D. L. Moody, of East Northfield, is dead. Don't you believe a word of it. At that moment I shall be more alive than I am now; I shall have gone up higher—that is all; out of this old clay tenement into a house that is immortal, a body that death cannot touch, that sin cannot taint, a body fashioned like unto His glorious body."

This week I heard a high-school commencement address on the subject, "Keeping Alive as Long as You Live." The message of the speaker was, "You must keep first things first. You cannot keep alive without knowing God." A young man sitting beside me said, "That was the best commencement address I ever heard."

Fifty years ago is near to the beginning of Goshen College. So I have chosen to think with you on the subject, "In the beginning." In thinking of beginnings, there came to me the majestic beginning sentence of the Bible—"In the beginning God." And also the beginning sentence of John's great Gospel—"In the beginning was the Word, and the Word was with God, and the Word was God." This was the Word which was made manifest in the flesh and revealed God not only as the Creator but also as the Father of all mercies, whom we claim as our Saviour and Master. In Him dwelt all the fullness of the Godhead bodily.

In His name the beginnings of Goshen College in the Elkhart Institute were planned by the founders, prominent among whom were J. S. Coffman, D. J. Johns, J. S. Hartzler, Jonathan Kurtz, and others. After fifty years it is a challenge and an encouragement to listen to a senior class program such as we had last night which reflected so well the spirit of the founders. "In the beginning of Elkhart Institute, God . . . ." And now in the commencement of the largest graduating class in the history of the school, God is honored and His guidance is sought.

Reference was made in the program yesterday evening to our senior program fifty years ago and to the oration, "The Voices of Nature," given by S. F. Gingerich, uncle of Dr. Melvin Gingerich. The orator of 1900 quoted the verse from I Corinthians: "There are so many kinds of voices in the world . . . and none of them is without signification." How well I remember auditing Dr. S. F. Gingerich's classes in English literature after he had studied in England, especially the poets of the Lake Region. Again and again he quoted the lines of Tennyson:

Flower in the crannied wall,
I pluck you out of the crannies,
I hold you here, root and all, in my hand,
Little flower—but if I could understand
What you are, root and all, and all in all,
I should know what God and man is.

Before he was able to return to his home in Iowa after his study abroad, he received word to come home—his mother was dying. As I walked with him on his way to the train, he told me, "There is no one to whom I would rather have told my experience in England. She would have appreciated it so much."

My beginning with Elkhart Institute was in 1895 at the Ohio Mennonite Sunday School Conference held at the Salem Church near Wooster, Ohio, where I saw J. S. Coffman, M. S. Steiner, and E. J. Berkey trying to interest Dr. Samuel Yoder's grandfather in donating funds to help erect a building for the Elkhart Institute.

In 1898 at a family reunion J. S. Hartzler tried to interest me in coming to the Elkhart Institute; and through his urgent solicitation, I decided to go to Elkhart.

On the way to school I attended the first Mennonite General Conference at the Holdeman Church near Wakarusa, where J. S. Hartzler asked J. F. Funk to take me along to Elkhart. My first sight of the Elkhart Institute was as Brother Funk and I drove up South Prairie Street in his one-horse buggy. That first evening there was a missionary meeting at the Prairie Street Church where J. S. Coffman, A. D. Wenger, M. S. Steiner, D. H. Bender, George Lambert, and others spoke. At this meeting J. A. Ressler and Dr. and Mrs. Page volunteered as the first missionaries from our church to India. And so on my beginning day in school I saw the beginnings of the foreign missionary program of the church.

Some of the beginnings of Goshen College we may recall through a few gleanings from the **Elkhart Institute Monthly:**

President J. S. Coffman in the opening address of the second winter term used as his subject "What doest thou here," and he pointed out very forcibly that our purpose in attending school should be, not only for the development of the intellect, but for the development of a character that will stand out as a pillar for Christian civilization . . . .

Editorial, September 15, 1899—The death of the beloved president of this institution has cast a deep gloom over the Board of Directors, the faculty, the students, and all friends of the school. His heroic efforts in behalf of the school, his wrestling with God in prayer, his noble example of sacrifice, his high ideals of education, his firm devotion to principles—all these have become a part of the school and will continue to live in the minds of the students and teachers as long as life shall last.

In a conversation with Brother Coffman a few months before his death, he said [to the editor of the Institute Monthly], "I have no fears regarding the future of the Elkhart Institute. We have praying teachers . . . ."

December 15, 1900—The management of the Elkhart Institute feel grateful for the recognition the school received by the General Conference which was held at Sterling, Illinois, October 31 and November 1. In addition to the report of the committee on church institutions, which has already appeared in part in the Institute Monthly and Herald of Truth, a resolution was passed by the General Conference which applies to all the church institutions investigated, including the Elkhart Institute. The resolution read as follows: "That this conference recommend the institutions investigated and reported by the committee as institutions worthy of the support and encouragement of our people in general."

April 15, 1901—The faculty for 1901-'02 will be stronger than ever. E. J. Zook, of Wayne County, Ohio, comes to the Institute with more experience and training than any previous teacher or principal. He is a graduate of the Ohio Normal University and Wooster University, and has had seven years' experience in teaching. For the first time in the history of the Institute there will be two college graduates on the faculty. [Here alumni interrupted the speaker with a spontaneous burst of laughter.—Editor.]

May, 1901—Previous to this year there has been no organization to represent the graduates of the Elkhart Institute. In March of this year an organization for this purpose was effected. It is called "The Elkhart Institute Alumni Association." Only such students who have received diplomas of the Institute for a course of at least two years are eligible to membership.

The object of this organization as set forth in the preamble is threefold.

1. To maintain school friendships and a strong school spirit. Lifelong fellowship often has its beginning in school life. Example: A stronger spirit of friendship grows among students than in any other phase of life. Young men and women leaving this school will by this organization keep in touch with their former fellow students.
2. To further the interests of this Institution. The growth and prosperity of this school depends in a measure upon what the outgoing students do for it and say for it. As members of this Association, they will be especially interested in the welfare of this Institution and will labor for its success.
3. To promote higher education. The members of this Association should be students for life. By their efforts, united in an organization, they may be able to wield a strong influence in promoting higher education.

The officers of this Association for the year are as follows: Pres., I. W. Royer; Vice-Pres., A. J. Steiner; Recording Sec., Frances R. Zook; Corresponding Sec., Mrs. N. E. Byers; Treas., Samuel Honderich.

June 15, 1901—The Elkhart Institute Alumni Association held its first annual meeting on Wednesday afternoon, June 5. The spirit of loyalty to the school was very strong, and one of the results was the raising of an endowment fund of $1390.00. Officers were elected for the ensuing year.

In 1902 the senior class subscribed $1300.00 to the endowment fund.

1903 was an outstanding year in the history of the school. In this year ground was broken for the school which has now become Goshen College.

Among those present was C. Henry Smith who had just received his master's degree from the University of Chicago. I had the privilege of attending his graduation exercises. And what added to the interest of that day was the laying of the cornerstone of the Manual Arts Building of the University. Here I saw for the first time President William Rainey Harper and John Dewey. Wanting to remember Bro. Smith on his graduation, I purchased the book **Twice-Born Men** by Begbee and presented it to him. A year ago last February while sitting with Dr. Smith at the Ohio Pastors' Convention in Columbus, Ohio, he said to me, "Bro. Royer, do you remember the book you gave to me on my graduation—**Twice-Born Men?** I still have it and have appreciated it." Over and over Dr. Smith, who had studied with the great historians and teachers of our times, said to me, "The faith of our fathers—we have found nothing better."

That is my message to you tonight: "Jesus Christ the same yesterday, and to day, and for ever." In Him is our life. Jesus said: "Though I bear record of myself, yet my record is true: for I know whence I came, and whither I go." "I came . . . not to do mine own will, but the will of him that sent me."

My toast to the members of the Alumni Association is "Live, and help live." To the younger members may I read the words of this poem as an encouragement to you. "Live and let live," was the call of the old. Now the call is "Live and help live."

Culture for My Inner Best Self

I will start anew this morning with a higher, fairer creed;
I will cease to stand complaining of my ruthless neighbor's greed;
I will cease to sit repining while my duty's call is clear;
I will waste no moment whining, and my heart shall know no fear.

I will look sometimes about me for the things that merit praise;
I will search for hidden beauties that elude the grumbler's gaze.
I will try to find contentment in the paths that I must tread;
I will cease to have resentment when another moves ahead.

I will not be swayed by envy when my rival's strength is shown;
I will not deny his merit, but I'll strive to prove my own.
I will try to see the beauty spread before me, rain or shine;
I will cease to preach your duty, and be more concerned with mine.
—**Author Unknown.**

I will be courteous, sympathetic, and helpful at all times and in all places.

I will be loyal to my home, country, church, Christ, and my college.

And now for the encouragement of us who are older:

Culture for My Inner Best Self

"Into the Sunset"

"Let me die, working.
Still tackling plans unfinished, tasks undone!
Clean to its end, swift may my race be run.
No laggard steps, no faltering, no shirking;
Let me die, working!

"Let me die, thinking:
Let me fare forth still with an open mind,
Fresh secrets to unfold, new truths to find,
My soul undimmed, alert, no question blinking;
Let me die, thinking!

"Let me die, rejoicing.
No sighing o'er past sins; they are forgiven.
Spilled on this earth are all the joys of heaven;
Let me die, triumphant."

I have fought a good fight,
I have finished my course,
I have kept the faith.

TOAST TO THE CLASS OF 1940

(Alumni at the annual reunion enjoyed the following toast by Mrs. Clare F. Garber (Frances Barnard 40) so much that the editor has received several requests to print it in the NEWS-LETTER. It speaks for itself.—Editor.)

Since I haven't returned very often to the college campus since graduation, the metamorphosis of the old Goshen College to the new Goshen College is really breath-taking. I have chosen to speak about these changes for the class of forty in terms of a parody on Edgar Allen Poe's **The Raven.** May his bones rest in peace as we take liberties with his masterpiece, and may you rest in peace also since I have written only a few stanzas rather than eighteen as did Mr. Poe.

Once upon an evening dreary, while I pondered weak and weary
Over many a Maple Leaf of forgotten lore,
While I read and rambled chuckling, suddenly my knees were buckling
As I thought on this night's toasting, toasting from this dining floor.
'Tis some doin's that I'm toasting when I rise and take that floor,
Only this time—nevermore!

Ah, distinctly I remember, it was in the days of forty
When the library was in the Ad. building with its ever squeaking door,
Eagerly we wished the morrow, when we'd cease to need to borrow
Money from the college coffers, coffers that were draining for
Would-be teachers, lawyers, preachers who would leave this peaceful shore
"Rowing—not drifting" evermore. [Class motto.—Editor]

Deep into the darkness peering, long we stood there wondering, fearing,
Doubting, dreaming dreams no mortal ever dared to dream before,
But the silence of the future needed Bishops, Troyers, Bechtels
And the ever-present Millers, and Yoders by the score—
Shrocks and Widmers, Kolbs and Liechty's galore
Surely someday there'd be more.

Back into the past now turning, all my soul within me burning,
I remember things like chem lab with its H_2SO_4
And the drafty, dusty dimness of the barn called the gymnasium
Whose condition made alumni undertake the massive chore
To raise the funds, build a building worthy to be gloated o'er.
Old gymnasium—nevermore.

And that Maple Leaf beguiling my blithe fancy into smiling
Made me think of all the fun we experienced here before
This and more I sat divining, with my head at ease reclining
On a cushion's battered lining with which my daughter mops the floor
From which battered, busted lining feathers fly about the floor
Child psychology—nevermore.

And that Maple Leaf, ne'er flitting, still is sitting, still is sitting
On the table 'mongst the clutter of the toys from off the floor
And the pages send me dreaming into college days then teeming
With activities seeming so important in those days of yore
And the motto in the chapel seems to stir me as before
To Culture for Service—evermore.

SOME OF THE ADDRESSES DELIVERED AT THE GROUND-BREAKING CEREMONY

At the request of a number of alumni as well as members of the college administration the following addresses delivered at the ground-breaking ceremony are printed in this issue of the NEWS-LETTER. The complete program is given on another page of this issue.

The executive committee of the Alumni Association had been asked to prepare a program for the occasion. All of those taking part in the program were alumni or students representative of various groups interested in the construction of the building: President Ernest E. Miller 17, a member of the college administration; I. W. Royer 00, a representative of the Elkhart Institute-Goshen College group; Mrs. B. Frank Raber (Clara Jennings x32), a mother of two Goshen College students, a son and a daughter; Miss Ruth Eigsti 51. chairman of the Women's House Government Association, a representative of the women of the college; John P. Oyer 53, a representative of the men living in the Quadrangle; the Director of Alumni Relations; and Dr. Carl M. Hostetler 33, president of the Alumni Association.

The addresses printed here are those by Mrs. Raber, by the chairman of the Building Committee, by the Director of Alumni Relations, and by the President of the Alumni Association.

WHY GOSHEN COLLEGE NEEDS A WOMEN'S DORMITORY

By Mrs. B. Frank Raber

The fact of our endorsement of church schools is very evident today. In a day of perverted ideals and false values, when homes are weakened by pressure from without and strain from within, it is heartening that we do find strength in our church schools.

What would a church school be without our dear happy daughters! And they must have a campus-home! A dormitory for them is of primary importance to their peace of mind and happiness. 'Tis there they often see themselves for the first time as they really are and come to know themselves. There, too, they give of themselves as few other times and places allow. Each one in turn makes her contribution to those about her in patterns of lasting, yes, ofttimes **everlasting** value.

Nor can we think of a girls' dormitory in that dwarfed and limited sense of mere sleeping rooms. The enlarged need and service of a women's dormitory has exalted and glorified it to that of temporary home, with a mother and sisters and if need be, fathers betimes. It has come to be full of **living rooms.**

Because so many of us have benefited from dormitory life, we crave the same for our own daughters, that they may learn, together with their academic courses, those equally vital and perhaps more urgently needed lessons of patience, kindliness, consideration for others, forbearance, long-suffering—which make for harmonious and happy living, developing a dynamic, vital, Christian testimony.

'Tis not in the classroom alone where our girls learn "Culture for Service" but truly a girl's dormitory life is forceful in the adjusting of her young life to the more weighty and difficult tasks of the future days.

'Tis with remorse and pain we parents frequently find that we have selfishly, oftentimes blindly perhaps, failed to provide conditions for growth for our daughters in our homes. We have foolishly pampered and fussed for and about them and neglected the responsibility of training them by precept and example. They leave home to enter college crippled and unqualified to master themselves. As decisions face them, they are frustrated and helpless because we parents have been of small vision.

Life under guidance in a women's dormitory has often and in various ways provided this condition, yes, this **demand** for growth which was denied them in our homes. Let me hasten to warn lest we confuse dormitory with reformatory and further relax our homes. We want our girls saved, not reformed. Our dormitories can be hallowed places that with Christian supervision and love enable our young women to fit into that larger pattern of the Master's service.

Goshen College needs another women's dormitory so that more of our girls can learn to live happily with other people. For living with others in dormitories is a part of their training for life after they leave college that cannot be minimized. In a dormitory they must give and take, they must share, even the reception room sometimes, and do without many luxuries our homes afford. Here they learn to find and choose values that surpass material things. They further learn to grasp those spiritual and eternal qualities that dormitory life presents with its many challenges.

We need a women's dormitory to help more girls learn the vital truth that they, too, have come, "not to be ministered unto, but to **minister** and to give their lives in service to others!"

THE BUILDING PLANS

By Leland A. Bachman

It was forty-seven years this Commencement Season that ground was first broken in the wheat field which is now the Goshen College Campus. The intervening years have seen tremendous changes. It is unlikely that the men who took part in that first ceremony would have dared to predict that during the 1949-50 academic year, there would be an all-inclsive enrollment of more than 1000 students, that the first ten-acre campus with two buildings would now be nearly forty acres with fourteen buildings, and that Alumni of Goshen College would be scattered throughout the world serving their Lord.

This growth has not come about without trials. There have been many obstacles along the way. But God has blessed Goshen College and as her leaders during the years have turned to Him for guidance, so He has pointed out the way.

For a number of years we have looked forward to the time work should begin on the Women's Dormitory. Now that the day has arrived, we would with humbleness of heart thank God that He has directed that this should now come to pass.

This new dormitory will mean that one hundred men may move back into Coffman Hall and that many men who are now rooming in homes in the community may move to the campus. It will also mean that the $7,000 now being paid annually for rent in private homes will become a part of the income of the College instead.

The Educational Finance Corporation will invest $150,000 in this building. The balance of approximately $125,000 is to be raised by the alumni, the church, and friends of Goshen College. Once the building is completed, from the forty-six dormitory rooms alone, the College will receive an annual income of nearly $10,000.

But now let us look at the dormitory itself. It will be a solid brick structure built around a steel skeleton. Casement windows in each dormitory will be approximately seven feet wide. Twelve large windows will give diners a full view of the campus to the east. The roof will be flat, in keeping with the architecture of other buildings on the campus.

As you hold the program folder in your hand, you are looking at the building from the west side. The main part of the structure extends from within nineteen feet of the health center to approximately forty feet from College Avenue, a total of 171 feet. This section is 46 feet wide. The ground floor will house a dining hall large enough to seat 600 guests. The building is so constructed that there will be no pillars or posts in the dining hall. The second and third floors will be used for student rooms.

As you stand facing the building from the west, to your left is a projection 58 by 78 feet. The kitchen and current storage space will be on the ground floor with a full basement beneath it to be used for regular storage and the servicing of equipment. Above the south portion of this kitchen covering a space of 58 by 46 feet will be a second floor for dormitory rooms.

The building will be so constructed that a third floor may be added in the future. From the drawing on the inside page of the program folder you will see that the 19 feet between the health center and the south end of this new building will be used as an entrance hall which people may enter either from Main Street or from the main campus finding their way into the new reception room under the present health center or into the dining hall of the new building. This will be built as a ground floor entrance with a small hallway running from the second floor of the new dormitory to the health center so that when necessary, students may go from the new building to the health center without leaving the building.

You will be interested in a list of some of the materials necessary to complete this building. For example, there are approximately 22 tons of reinforcing steel, 81 tons of structural steel, and 140 tons of steel joists. The roof area covers 12,000 square feet. The cubical content of the building is approximately 461,000 feet.

The Building Committee promise to be faithful stewards of your money. We shall build as economically as possible and still produce a structure that will be thoroughly substantial and practical, and a credit to the Goshen College Campus. We shall complete it as rapidly as money is available and good building practice permits.

We covet an interest in your prayers that under God we may successfully carry to completion the responsibility you have assigned to us.

GROUND-BREAKING BY THE ALUMNI ASSOCIATION

By John Umble

Christian friends, alumni, supporters of Goshen College:

I consider it a great honor to be asked to take part in this ceremony today. This is a great day for the Alumni Association. It is the first time in the history of the college that the Alumni Association has been asked to carry out a major project for the institution. Everyone on the program this afternoon is a member of the Alumni Association or a student in the college. Fifty years of adolescence elapsed before the Association grew up and could be trusted to take part in the major operations of the college. It is a distinct honor, and I appreciate it. In the name of the Association I should like to thank the officers and Board of Trustees for the confidence that they repose in us.

As I look back now to the early days of the Alumni Association, I think we were mainly interested in the externals of the school, of the Elkhart Institute. Our instructors were paid four hundred dollars for a year of forty weeks. We were looking forward to the time when they could receive a higher salary. So we thought of money. There was no dormitory. We had only one building. The kitchen was in the basement. When the cooks prepared our ration of boiled pork, potatoes, and cabbage, the odors floated up through the corridors into the classrooms. So we thought of buildings, and we thought of raising money. I think we were very much like a child in a home who judges the success of the home by its furnishings, by the kind of house, by the make of the car—whether they can afford something better than a Ford. The Alumni Association was the same. We thought about externals, about money, about buildings, about buying more land for more buildings.

I am not finding fault with money. Money is very necessary at a college like this. It required money, much money, to build the College Union. It will require money to build this dormitory. But to make money a primary object is a mistake even for an Alumni Association. When they organized the Alumni Association, they adopted as a motto "Power Through Unity," and I think they had in mind power to raise money and to keep alumni united in their loyalty to the college for the purpose of building a bigger institution. I am not sure that we always kept in mind that there were some things that were more basic.

It seems to me that our being chosen today to do this task as an Alumni Association shows that the Board of Trustees now believe that we are able to put first things first. We have learned through the years. The Mennonite Church has learned. The church started an educational program when few people realized what an educational program meant or what it entailed or what the outcome would be. Educational work in the Mennonite Church has endured severe growing pains.

Now all work together—students, faculty, alumni, and church. We have come to a philosophy of Christian education. We have come to learn that there is something tremendously basic about this matter of education. It is not enough to teach science and the arts and literature. It is not enough even to attempt to inspire young people with noble ideals of "Culture for Service." There must be an underlying basis for all of our work in the classroom, on the campus, and throughout the church. The church, the school, alumni, non-alumni, all of us are beginning to realize as we never have before that the success not only of our school, but the success of our church, the success of every Christian undertaking is dependent on a proper relation with Jesus Christ. It is only as we interpret and apply slogans and mottoes in the light of His Word and in relation to His will that they have any force or value for the building and beautifying of life.

If we accept Him as our Saviour and our Lord and if we accept the Biblical ideals of discipleship, of following Him where He leads, of heeding Scriptural injunctions, of actually obeying the commands of Jesus and His apostles, He personally becomes the basis of all our life. Underlying all our activities must be this devotion to Jesus Christ and the intense desire to follow Him as Master and Lord. That comes to us as the miracle of His saving grace. Then He imparts to us the dynamic, the inspiration, and the power of the Holy Spirit to do the things that we ought to do.

Then will result beautiful human associations, beautiful family life, beautiful community relations. Hearts filled with the love of God will give freely for building the institutions of the church on the home front and on the foreign field.

A church that gets along well together, a church that does the will of God in the world brings the Gospel message, as we were told last night, to everyone everywhere. It is in this spirit, I think, that we should undertake the building of this new structure. We need this new building. We need it so that here young people may have a better opportunity to learn the Christian way of life, to breathe the proper atmosphere, and receive the proper nurture so that they can derive the greatest benefit from the program of Christian education at Goshen College. And when alumni meet in Christian fellowship, we shall have a place where we are not crowded as we have been but where many more can share the inspiration of the annual reunion at commencement time.

I now remove the first spadeful of ground for this new building.

(The speaker then stepped from the platform to dig the first spadeful of earth from the building site.)

The first act in the building of this new and beautiful structure is completed. There are many other things to be done before our ninety-four young women and six hundred diners meet in this finished building, and I am certain that all of us wish to pledge ourselves to do our part.

(This the audience did by rising.—Ed.)

"SOMEBODY SAID SOMETHING ABOUT MONEY"

By Dr. Carl M. Hostetler

Every time I looked at that title I had to think of Will Rogers—cowboy philosopher; loved by the American people for his homespun, humorous way of presenting facts. Although he became our unofficial Ambassador to the World-at-large he still insisted that all he knew was what he read in the papers.

Last week a letter came from the Alumni Office at Western Reserve (an annual affair) presenting the need for money to cover the rising cost of medical education. I was reminded that it was a professional education we got there at the School of Medicine, with no taint of how to handle business. I am not an Economist, though **among our Alumni** we have fine ones. I am not a banker. We have the loyal services of bankers in our number.

Few Alumni started with less knowledge of money affairs than I. When I opened my first office, my wife set up the system and kept the books straight for me. She took care of the records and the bills and the tax until her family duties became more important than the business. During the first months that she didn't check on the books, I got a statement that our Personal and Property Tax was delinquent. None of us in the office knew it had to be paid. My work, you see, **is not** money.

But there are a few simple facts I understand, and would like to talk about. In my file I have a statement my son sent me when he was six. It says, "Carl M. Hostetler OZE me one QURTER for working." That I understand. If you work, you deserve a fair return for your effort. And equally true and much more important to us this afternoon is the truth that it takes money to pay bills.

That you are conscious of that simple fact is evidenced by the fine response of the Alumni to the need for funds—money—to build and equip the College Union **debt-free.** Although the solicitation for funds continued over four years, the statistics show that you did not become weary with well-doing. (If you did, be grateful the statistics don't show it.) The contributions and the number of donors increased each year. Would you be interested in knowing what you did?

In 1946-47, 833 donors gave an average of $25.91 to total $21,581.66.

In 1947-48 about 900 donors gave $26,393.57.

In 1948-49 1004 donors gave an average of $41.00 to total $42,000.00.

The statistical figures for this year are not available to me, but in all the Alumni have given over $100,000.

With this support of the building program it seems to me the Alumni Association has come of age and assumed a mature responsibility.

Brother Royer, first president of the Alumni Association, reminded us on Saturday evening of the object of this organization. And I was pleased to realize that the vision of the original organization has been carried forward through the years. Let me read again the threefold object of the Association as it was conceived by the men who wrote up the first constitution.

1. To maintain school friendships and a strong school spirit.
2. To further the interests of this Institution. The growth and prosperity of this school depends in a measure upon what the outgoing students do for it and say for it. As members of this association they will be especially interested in the welfare of this Institution and will labor for its success.
3. To promote higher education.

How better could we state the purpose toward which the Alumni have been working during these recent years? A look down the road which we have come gives us perspective for the future.

Today we begin a new project. In 1929 the Mennonite Educational Finance Corporation was formed to assist our educational institutions in financing mainly dormitories and other self-liquidating projects. The specific need then was housing for men. Today we are again in need of student housing.

I understand (this is from a paper other than "news") that the existing organization is being adapted so that it can function in the present need. About half of the cost of the building can be carried in this manner. The remainder of the money to pay the bills will be raised through the **giving** of loyal Alumni and friends throughout the church.

In a recent meeting of the Board of Directors of the Alumni Association, we discussed Alumni participation in this new building. Although we took no official action we tended to look favorably on the idea of taking up as a project the construction of the first floor—the dining rooms and kitchen—facilities which returning Alumni inevitably use, and enjoy yearly.

We take pleasure in the growth of Goshen College: in the increase in the enrollment, in the fine men and women who make up her faculty, in the plans for an adequate physical plant. The Alumni who have learned to love the motto "Culture for Service" will certainly want to contribute of the earnings of their service to this essential building on the campus. "Service," one of the men recently said, "is the rent we pay for our space on earth." Let's keep our rent paid.

SUMMER PLANS OF THE FACULTY

(An ambitious reporter of **The Goshen College Record** has collected the following information about faculty plans for the summer of 1950.—Ed.)

President Miller will be sailing from Los Angeles June 23, spending July in Japan and August in China and the Philippines.

Dean Carl Kreider will spend his summer here at the college as acting President and Director of the Summer Session.

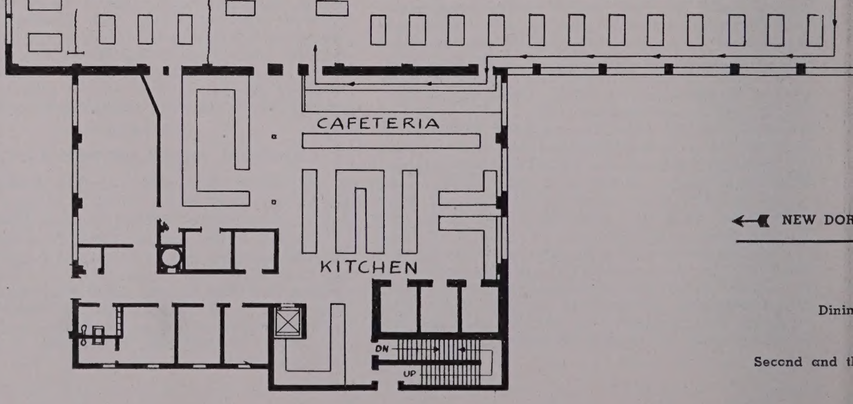
FRONT LAWN MAKE
DOR

On Monday, June 12, J. Gordon Jackson, construction engineer, began excavation for the new women's dormitory on the front campus. The ground floor of the building will provide space for a dining hall seating six hundred, for a cafeteria and kitchen, and also for a public lounge and cloakrooms. The second and third floors will provide living quarters for ninety-four women.

The main part of the building will extend north from the north wing of Kulp Hall to approximately thirty feet from College Avenue. The kitchen and cafeteria will be located in a wing extending toward South Main Street. Under this part of the building there will be a basement for storage.

At the ground-breaking ceremony on Monday, June 5, Dr. Carl M. Hostetler, president of the Alumni Association, stated that the Board of Directors of the Association contemplate assuming as their project for 1950-51 the construction of the dining hall and kitchen portions of the dormitory. Leland Bachman, chairman of the building committee, announced that the building would be entirely of steel, concrete, and brick construction, one hundred per cent fire proof. The over-all length of the building will be 190 feet and the width of the dining hall 46 feet. The kitchen and the cafeteria will be located in a wing 58 by 78 feet.

The estimated cost of the building is $275,000. Of this amount the Mennonite Educational Finance Corporation, which lent the funds for the building of



Dinin

Coffman Hall and the remodeling of Kulp Hall in 1929 and 1930, has agreed to lend $150,000, to be repaid on the amortization plan. The remainder of the building fund, $125,000, is to be raised by donations from alumni and other friends of Goshen College.

The building committee hopes to complete construction so as to have the building ready for use in the fall of 1951, but they plan to proceed with constrution only as rapidly as funds are available.

The members of the building committee appointed by the Mennonite Board of Education are: Leland A. Bachman, business manager of the college, chairman; Dean Carl Kreider, secretary; Dr. H. Clair Amstutz; Dean Viola Good; Chris L. Graber, of the Department of Public Relations; Melvin Lauver, treasurer of the Mennonite Board of Education; and Annas Miller, of Pine Manor Farms, Inc. The architect is Orus Eash, an alumnus of the college. J. Gordon Jackson, who did highly satisfactory work in building the College Union, has been retained as construction engineer for the dormitory.

As we go to press (June 19) a gaping hole 59 by 79 feet and about 9 feet deep in the northwest corner of the front campus marks the area where the basement underlying the kitchen and cafeteria has been excavated for storage space. New sewers have been laid. The extension of the South Main Street sewer to the south end of the campus a number of years ago has made it possible to shorten the drainage lines which once emptied into the old Main Street sewer at the northwest corner of the campus.

He also will have an opportunity on this tour to renew and strengthen ties with former students and friends among the Indian people.

Naturally, also, President and Mrs. Miller are looking forward to visiting their children and grandchildren on the India field, Mr. and Mrs. Weyburn Groff and their children.

MISSION BOARD MEETS AT GOSHEN

The Mennonite Board of Missions and Charities and related conferences utilized the facilities afforded by the College Union for its annual meeting from June 6 to 13. The Missionary Training Conference extended from June 6 to June 9, and the City Missions Conference from June 7 to 9. Parts of the sessions of the two conferences overlapped.

The object of both conferences was orientation and inspiration—introducing the trainee to the Board, its relation to the church, support, budgets, financing, and reports, ideologies that the missionary will meet on various fields, and introduction to the areas in which the Board is doing the work.

The third annual church-wide meeting of Mennonite Youth Fellowship was held June 9 and 10, and covered such phases of youth work as responsibilities, work in the church, worship and fellowship experiences, preparation for leadership, a review of the past work of M.Y.F., and a look into the future.

The annual meeting of the Mennonite Board of Missions and Charities began with committee meetings on Friday and Saturday and the first business session on Saturday afternoon. One of the most interesting sessions was held on Sunday afternoon when fifteen representatives of various fields and phases of mission work discussed their work in five-minute testimonials. Over 2500 were present at this session.

Another high point in the conference was the Tuesday afternoon program which included the appointment of workers by the Board and a consecration service by Chester K. Lehman, dean of Eastern Mennonite College. The following new appointees were called to the platform for the consecration service: Mr. and Mrs. Allen Sherk for the Province of Bihar, India; Anna Kay Massanari 50, of Fisher, Illinois, for Puerto Rico; Mr. and Mrs. David Shank 50 (Wilma Hollopeter 46), of Goshen, for Belgium; Mr. and Mrs. Nelson Hostetter 50 (Esther Miller) for Argentina; Mr. and Mrs. Frederick Erb 50 (Fern Troyer 49) for Detroit; Mr. and Mrs. Robert Stoltzfus 50 (Rachel Horst x51) for the Bethel Mission (colored) in Chicago; Winifred Mumaw AA50, of Elkhart, for Detroit; Mr. and Mrs. Luke Birky x50 (Verna Conrad), of Oregon, for the relief-service program in Puerto Rico.

Another interesting feature of this service was the introduction of aged retired members of the Board: D. D. Miller, of Middlebury, Indiana; D. G. Lapp of Sterling, Illinois; and S. E. Allgyer, of West Liberty, Ohio.

One of the largest separate meetings of the conference was the Women's Missionary Sewing Circle Auxiliary on Tuesday afternoon. An estimated congregation of between seventeen and eighteen hundred women were present at this session to listen to addresses by speakers representing various phases of the work of the sewing circles.

Other groups meeting in connection with the conference were the Mennonite Medical Association, the Mennonite Nurses Association, the Mennonite Pilots, and the organization sponsoring youth welfare projects.

Many visitors expressed their satisfaction with the excellent facilities afforded by the College Union for meetings of this kind. Meals were served in the college dining hall and in the cafeteria in the College Union which Mennonite sewing circles recently equipped with a gas stove and baker, a dishwasher, refrigerators, and a fifty-foot cafeteria serving counter. For guests who did not wish a full meal the Snack Shop in the College Union served light lunches—sandwiches, hot and cold drinks, and desserts.

Officers of the Mennonite Board of Missions and Charities for the coming year are: J. H. Mosemann, president; J. B. Martin, vice-president; J. D. Graber, secretary; L. C. Hartzler, secretary for service and relief; E. C. Bender, treasurer.

Members of the Relief Committee are; H. S. Bender, H. Ernest Bennett, Paul Erb, Lewis Martin, and O. O. Miller.

SUMMER SESSION, 1950

The enrollment for the 1950 summer session breaks all previous records, at least for the last quarter century. The total number of students enrolled at the beginning of the second week was 235.

Dean Kreider suggests several possible reasons for the increased enrollment. Probably the most significant of these is the excellent record of the Department of Education in training and placing both elementary and secondary school teachers. Another reason might be the strengthening of the Education Department by the increase in the number of doctor's degrees, Dr. Karl Massanari and Dr. Mary Royer.

GRANTED M.A. DEGREE

Miss Lois Winey 36 completed the requirements for the Master's Degree in Business Education in the School of Education of New York University in June. Miss Winey's studies enable the College of Liberal Arts of Goshen College to offer courses in office management and retailing, thus broadening the field of the department and making it possible to enrich the offerings in commerce.

In September Miss Irene Hershberger, B.A. Goshen College 1947, who taught courses in commerce at the college in 1947-48, will return to the faculty as instructor in commerce. For the past two years Miss Hershberger has been teaching commerce and home economics in the Walnut Creek, Ohio, High School.

An increasing number of recent Goshen alumni and ex-students are continuing with graduate work. SCHOLARSHIP FOR FOREIGN STUDY

Howard Hess Charles 41, assistant professor of Bible at the college, has received notice from the United States Department of State of the award of a scholarship for foreign study. The scholarship pays travel expense, tuition, living expenses, and a stated sum for incidental expenses during the academic year, 1950-51.

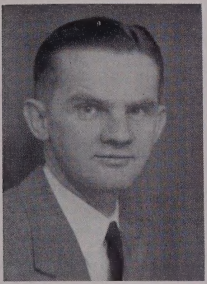
The award is made by the United States Department of State under the provisions of the Fulbright Act. Funds used in the Fulbright are foreign currencies realized through surplus property sales abroad.

Professor Charles, even prior to his notification of the award, had decided to enroll at the University of Edinburgh in order to study under the renowned New Testament scholar, Dr. James Stewart. Mrs. Charles, the former Miriam Stalter 41, of Elida, Ohio, will accompany her husband to Edinburgh. Their sailing date is September 9.

GOSHEN ALUMNI JOIN STAFF

President Miller recently announced that in addition to the new instructors announced in the March issue of the NEWS-LETTER; James Clemens 35, of Line Lexington, Pennsylvania; Miss Edna Pearl Shantz 48, of Midland, Michigan; and Miss Orpah Mosemann, R.N., of Lancaster, Pennsylvania, two new instructors will be added to the Goshen College faculty next fall.

Miss Mary Kay Nafziger 47, teacher at Parkside School in Goshen since her return from the student tour of Europe after her graduation from Goshen, has been elected instructor in education. She will teach courses in introduction to education, teaching of reading, teaching of arithmetic, teaching of language and composition, and school management. S. J. Hostetler 23, who has spent several terms as a missionary in India, has been employed as interim instructor in New Testament Book Study, Romans and Corinthians, and Greek.



James Clemens

Edna P. Shantz

Mr. and Mrs. James Clemens 35 arrived in Goshen early in June and began at once the trying task of attempting to purchase a suitable residence. Mr. Clemens holds both the M.S. in French and German from the University of Pennsylvania and the M.S.L.S. (Master of Science in Library Science) from Columbia. He will assume his duties as assistant librarian in September. Miss Neva White, for some years eager to engage in some type of foreign relief work, will serve under the M.C.C. in Hong Kong beginning in September.

Miss Shantz has completed a year of teaching Home Economics at Eastern Mennonite College. She spent several days attending the annual meeting of the Mennonite Board of Missions and Charities at Goshen before taking up graduate study at Michigan State College. She will continue her work at Michigan State during the first semester of next year before beginning her teaching duties at Goshen in the area of clothing, textiles, and applied arts.

COLLEGE ISSUES SECOND ALBUM OF RECORDINGS

The second album of recordings features four numbers by the Motet Singers and four by the A Cappella Chorus. The musical and spiritual value of the numbers was the basis for their selection. The recordings include many styles of church music varying from Bach to the Negro spiritual.

The recordings were made on a recently purchased "Magnacord" tape recorder. The chair-storage room in the College Union served as the studio. The records made from the tape recording were obtained through the International Radio and Electronics Corporation, Elkhart, Indiana.

The entire set of ten-inch records may be purchased at the college bookstore and other Mennonite bookstores for $3.90. These recordings show several improvements over last year's album. The discs are break-resistant and are of a better quality than those in Album Number One.

AMERICAN SCIENTIFIC CONVENTION

The fifth annual convention of the American Scientific Affiliation, Inc., will be held this year on the Goshen College campus, Tuesday through Friday, August 29 to September 1. According to the constitution of the organization, this is an organization of "a group of Christian men of science devoting themselves to the task of reviewing, preparing, and distributing information on the authenticity, historicity, and scientific aspects of the Holy Scriptures in order that the faith of many in Jesus Christ may be firmly established."

Persons interested in this aspect of our education are invited to make arrangements by writing to Dr. Paul Bender at the college.

CHIMES RING FROM CLOCK TOWER

The chimes donated by the class of 1944 are now installed in the clock tower of the College Union. Six horns, operated in pairs by 50-watt amplifiers, ring out each quarter hour in true Westminster style. The tolling of the hour follows each hourly set of chime notes. The horns are directed to give maximum coverage of the campus and minimum disturbance to the neighborhood.

The system is controlled by a master clock operated electrically from 60-cycle power. The clock also has a spring movement which enables it to run for a time if the electric current is off. The master clock operates several secondary clocks, the tower clocks and the Auditorium clock. The clocks are automatically brought to correct time at the end of each hour.

SIGN AGREEMENT WITH ELKHART GENERAL HOSPITAL

The members of the Co-ordinating Committee appointed by the Board of Education of Goshen College and the Board of Directors of the Elkhart General Hospital on July 5, 1949, to draw up and negotiate a contract between the two boards have signed an agreement to become effective August 1, 1950. The agreement provides that the contract shall be reviewed yearly and more often if necessary. It covers certain obligations of the College, certain obligations of the Hospital, and other items in which the College and Hospital mutually agree.

Under the terms of the agreement the College is to operate a School of Nursing at collegiate level with standards in accord with the regulations of the Indiana State Board of Nurses Registration and Nursing Education and the North Central Association; to plan, direct and revise the curriculum; to select and provide for full-time teaching personnel; to provide space and equipment for all laboratory and classroom instruction with the exception of clinical instruction; and to provide all equipment used solely for ward teaching.

The College also agrees to submit to the Hospital the policies concerning admission of students, to house and maintain the students on the College Campus, to reimburse the Hospital for any expense arising out of the conduct of the School of Nursing which would not have occurred in the ordinary administration of the Hospital, and to give to instructional personnel of the Hospital the same rank as instructors in the School of Nursing.

The Hospital agrees to provide a suitable number of patients for the clinical instruction of students of the College in medical, surgical, and obstetrical nursing and their specialties; to provide a suitable number of patients for the practice of nursing during the preclinical period; and to reimburse the College for the number of nursing hours furnished the Hospital by students of the College.

Part-time teaching personnel at the Hospital will be selected by the Hospital from a list of suitable applicants supplied by the College. Any of the Hospital nursing personnel who by their position, training, experience, and qualifications can contribute to the education of the student will be considered in the selection of part-time teaching personnel.

It is mutually agreed that "part-time teaching personnel" will refer to those head nurses actively engaged in the ward teaching of students and at the same time being responsible for the direction of the care of patients assigned to their wards. It will refer also to any department head actively engaged in student instruction and at the same time being responsible for the administration of a Hospital department.

Teaching and supervisory personnel utilized by the College in the Hospital, nursing service personnel, and part-time teaching personnel all may have a dual responsibility in so far as education and patient care is concerned. In matters pertaining to education, these personnel will be responsible to the College, and to the Hospital in matters pertaining to patient care; the direct responsibility in either case to follow the organizational channels presently set up in both institutions.

The College and the Hospital also mutually agree that the primary purpose of the Hospital is to conduct a general hospital to care for the health and illness needs of the community, and no clause in the agreement will be construed to detract from that purpose, or to limit the authority of the Board of Directors of the Hospital in the direction of the care of patients or general administration of the Hospital.

It is recognized, as well, that the primary purpose of the College is to educate young women to become professional nurses according to the standards of the Indiana State Board of Nurses Registration and Nursing Education, the North Central Association. and the Mennonite Board of Education. It will naturally follow, therefore, that the student's education will not be sacrificed to the interest of the Hospital.

The members of the Co-ordinating Committee are: Dr. Ernest E. Miller, president of Goshen College, chairman; E. K. Zimmerman, administrator of Elkhart Hospital, secretary; Nelson E. Kauffman, of Hannibal, Missouri, president of the Mennonite Board of Education; F. A. Lobley, president of the Board of the Elkhart General Hospital; Miss Orpah B. Mosemann, acting director of the Goshen College School of Nursing; Esther Widmer, director of nursing services in the Elkhart General Hospital; H. A. Pribble, treasurer of the Board; and Dr. J. M. Fleming, member of the Executive Committee of the Elkhart Hospital. During the absence of President Miller in the Far East, Dr. Carl Kreider, serving as acting president of the College, will take President Miller's place on the Co-ordinating Committee.

NURSING SCHOOL TO OPEN LABORATORY

The College has completed plans for beginning the clinical aspects of the Goshen College School of Nursing on August 14. Goshen College is setting up a nursing arts laboratory in the Science Hall. The equipment will be modern and will be identical with that used in hospitals. Students will commute to the Elkhart General Hospital for clinical experience, and transportation will be provided by the College.

A committee of nurses and physicians have chosen as the uniform of the student nurses the pinafore style which is the newer trend in uniforms. The uniform includes a white blouse and a striped seersucker jumper in a light shade of green that will be cheerful in the sickroom. The cape will be maroon with a silver lining, and the cap was especially designed for the Goshen College School of Nursing.

The program extends over four years, four 12-month periods. First-year students enroll in September in the General Education Curriculum of Goshen College with a course in nursing. They will begin the preclinical aspects of the program in the middle of the following August. Then in September at the beginning of the sophomore year the student will go to the Elkhart Hospital for experience in supervised procedures.

The first semester of the sophomore year will be comparable to the preclinical program of the traditional three-year nursing program. During the remainder of the sophomore year and throughout the junior and senior years, the student will spend most of her time in the Elkhart Hospital and affiliated institutions but also will be pursuing academic courses at the College.

Starting preclinical work in August of this year will be the following eight students: Ruth Beard, Elkhart; Margaret Brubacher, Ayr, Ontario; Charlotte Hertzler, Goshen; Florence Reinheimer, Shipshewana; Mary Katherine Sauder, Ephrata, Pennsylvania; Lois Shank, Goshen; Elnora Weaver, Gulliver, Michigan; and Leona Yoder, Goshen.

The eight students mentioned above will begin the following program of study on August 15: Nursing Arts taught by Mildred Shoemaker, R.N.; Drugs and Solutions, taught by Esther Widmer, R.N. The following courses for the first semester of the sophomore year will begin in September: General Literature, taught by Professor J. Harold Smith; Elementary Nutrition, taught by Dr. Olive G. SCHLABACHS TO SERVE IN ETHIOPIA

Dr. Walter Schlabach, M.D., 44, under appointment for mission work in Ethiopia, is to take over the responsibility for the medical program at Nazareth, Ethiopia, under the Mennonite Relief Committee. He is to replace Dr. Meryl Grasse, M.D., 44, who is transferring to Java for relief service with the Mennonite Central Committee.

Mr. and Mrs. John E. Lehman 39 (Margaret Swope 44), formerly of North Lima, Ohio, and Loretta Mayer x50 have completed their term of service in Ethiopia and are returning to the United States.

James Kuhns 49 has been appointed acting director of the relief unit at Nazareth to succeed former director, John E. Lehman, who left in June. Leona Yoder 40 is responsible for negotiating with the Ethiopian government regarding the placement of teachers.

NEW CONCERT GRAND

You alumni who attended the 1950 commencement no doubt admired the beautiful deep tone of the new "Steinway concert grand piano" played so delightfully by Charles Burkhart 50 and Miriam Kauffman x51 at various events during commencement.

This fine instrument, with a nine-foot sounding board, a factory-rebuilt model, was presented to the college as a gift by a number of interested friends. Among these friends were members of the class of 1929 who had purchased the Conover grand piano which has served well for musical programs in the Assembly Hall.

The need for a concert grand piano became evident with the nearing completion of the College Union. With the prospect of future lecture-music numbers being held there, its purchase was imperative, not only because of the large size of the auditorium, but also because many concert artists demand a Steinway concert grand piano for their appearances.

The music department of the college also was much interested in acquiring the instrument for use in all types of musical programs. The instrument, reputed to have an excellent tone quality, carries the same guarantee as new models although it has been rebuilt. Most of the parts are new except the sounding board and the case. The latter has been completely refinished.

The money for the project was given with the understanding that the piano will be given the best of care. It will be used only by permission for major musical events and will not be used as a teaching and practicing piano.

RECORD STAFF FOR 1950-51

Owen Gingerich 51, son of Professor and Mrs. Melvin Gingerich 26 (Verna Mae Roth x29), has been appointed editor of next year's RECORD; Robert Hershberger 53, son of Mr. and Mrs. John Hershberger 28, of Oakland, California, associate editor; and John Smoker 52, of New Paris, business manager.

Gingerich was editor of the 1950 **Maple Leaf.** This summer at Harvard he will be doing editorial work on the **Sky and Telescope,** a popular astronomical magazine. Hershberger, an active participant in forensics, has served as reporter for **The Record** during his freshman year. Smoker lives in New Paris, the home of the **Farmer's Exchange,** printer of **The Record.** He is a premedical student and was business manager for his high-school yearbook.

Other appointments include Barbara Riffe 52, of Goshen, feature editor; Larry Hurst 51, of Goshen, sports editor; Miriam Sensenig 51, of East Petersburg, Pennsylvania, editor of page two; John Bixler 52, of Kidron, Ohio, circulation manager; and Mervin Miller 51, a member of the 1950 **Maple Leaf** staff, photographer.

ALUMNUS ENDOWS FELLOWSHIP

Dr. and Mrs J. E. Hartzler 04 (Mamie Yoder 08), of Goshen, have made possible a fellowship at Hartford Theological Seminary, yielding approximately one thousand dollars annually. The scholarship is to be awarded to Mennonite students who are graduates from Hartford Theological Seminary or any other seminary of recognized standing and who have the necessary scholastic qualifications. Admission to the fellowship is granted by action of the Hartford Theological Seminary faculty. From 1936 to 1947 Dr. Hartzler was a lecturer in the Department of Systematic Theology at the Hartford Theological Seminary. Although retired from the lectureship at Hartford since 1947, he continues as a special lecturer on Mennonite polity.

TO BEGIN PRACTICE IN JOHNSTOWN

Denton Croyle x48, formerly of Hollsopple, Pennsylvania, is entitled to write D.D.S. after his name since June 14 when he was graduated from the School of Dentistry at the University of Pittsburgh. After he has completed the state board examinations, Mr. and Mrs. Croyle (Mary Schnell 47) will move to Johnstown, where Dr. Croyle plans to begin practice about August 18. This will mean a new start for Dr. and Mrs. Croyle, with the doctor working and Mrs. Croyle keeping house full time.

During their residence in Pittsburgh, Mrs. Croyle was employed in a secretarial position; but she is looking forward with pleasure to devoting her entire time to homemaking. Until they find a permanent place of residence, their mailing address will be rural route two, Hollsopple, Pennsylvania.

ITEMS FROM TWO CLASS LETTERS

Through the kindness of Catherine Hernley, Ethel Yake, and Ada Schrock of the class of 1946, the editor is able to share with his readers extracts from the 1946 class letter. Most of these letters were written last spring but were not received at the Alumni Office in time for publication in the May NEWS-LETTER. At any rate, most of the news is rather exciting and will be "news" to most alumni.

Class of 1946

Kay Crager, Bangued, Abra, Philippines. The Philippine unit consists of Wilmer and Velma Heisey back in the mountains, and Ed and Helen Alderfer and I here in civilization at the hospital. Helen is housekeeper and dietitian and Ed is the leader. Velma runs a clinic and Wilmer teaches school. I act as cashier, bookeeper, and technician at the hospital. We are soon to gain another unit member—a nurse, Ferne Hershberger, and she will become hospital administrator. Part of my job is to collect the bill from the patient, and that is a big job in a foreign language with a people born to bargain for a lower price than the first one quoted. After settling bills I have twice been given eggs and once a watermelon as thanks for not being too hard on the patient.

Ruby Hostetler, 2029 Prairie Street, Elkhart, Indiana. Thoughts of summer occupation. Guess mine will be with the M.R.C. Youth Team.

Mrs. Paul Letherman (Loretta Springer), 322 W. Main Street, Akron, Pennsylvania. Have our first real home now since we are married. Before this we had been living in one room in Puerto Rico. Paul is kept very busy with his job as accountant for an excavating concern at Honeybrook, Pennsylvania. In the evenings he is kept quite busy **studying** accounting. I was working as his secretary. . . . Now enjoying the duties of keeping house, going to sewing circle, etc.

Alice Grace Hostetter, Grantham, Pennsylvania. Orchids to the girls in Scottdale who keep this class letter circulating so well. Looking forward to the Oratorio Society's presentation of Handel's "Israel in Egypt" at the Forum in Harrisburg on May 9. On February 15, I completed my work at Temple University and received the Master of Education degree.

Elsie White, Lebanon Hospital, Lebanon, Oregon. Am employed at the Lebanon Community Hospital in Lebanon, Oregon. The Mennonites of this conference are running the place. I usually work in the maternity department.

Mrs. Lloyd Frantz (Helen Rohrer), Goshen, Indiana. Last Thursday evening we went to Goshen to hear the last number of this year's lecture-music series. The program featuring the Southernaires, was wonderful. Extremely happy with our two girls, Brenda 2 in January and Sharon now 6 months old. Lloyd still at Ball Band in Mishawaka.

Mrs. Dave Shank (Wilma Hollopeter), 103 Kenwood Place, Goshen, Indiana. Michael at three months and two weeks has real personality. When Dave is finished with this semester he will have all his requirements for his B.D. degree, but he will lack 12 hours of electives . . . hopes to transfer those hours back to Goshen and then receive his degree. Auditorium looks immense.

Mrs. Henry Yoder (Esther Eash), route two, Hollsopple, Pennsylvania. On March 14, little Rachel Ann was born. Fire at J.M.S. an approximate loss of $8,000 . . . caused by an over-heated hot air furnace. Flames followed hot and cold air ducts, shooting into all the classrooms and hall. . . . Four fire companies battled the flames. Not one library book was spoiled. Our district M.Y.F. is sponsoring a 15-minute radio program over WCRO, Johnstown, Sunday morning. Romaine (Stahl) Sala's Junior Girls' Chorus has been furnishing the music, Harold Thomas preaching the sermon.

Mr. and Mrs. Kenneth Heatwole (Ruth Kreider), 208 N. 32nd Street, Richmond 23, Virginia. Plans for the summer very vague. Either do some form of voluntary service again or else stay right here in Richmond; then Kenneth can get a start on some of the work of his senior year. I have found much enjoyment singing with the Baptist Church Choir Thursday evenings for rehearsal and Sunday mornings and evenings for services. Besides the choir I do an occasional solo and sing in a ladies' and a mixed quartet.

David Derstine, 217 W. Broad Street, Telford Pennsylvania. It was wonderful receiving the class letter while we were in Europe. As we look back upon our time in Europe, it is a joy to think of the work we had the privilege of doing. Aside from our work, such things stand out in our memories as a trip through beautiful Switzerland over the snow-capped Alps, Holland with its cheese market, old costumes, windmills and canals, to say nothing of its acres and acres of the most beautiful tulips one could hope to see, and, too, the unusual beauty of the Scandinavian countries. Our main work was working with the many refugees found in Belgium. It was a godsend to have Maxine with me during those busy days. She was matron of our center and bookkeeper for the unit and also helped in clothing distributions. In my work I never had a dull moment—having such interesting experiences as contacting government officials, listening to the stories of the refugees, traveling to the four corners of Belgium visiting refugee camps, and conducting clothing and food distributions. Then there were the days I conducted guided tours for the Mennonite student groups traveling through Belgium. Included in this group were such people as Professor and Mrs. Guy Hershberger and son, Paul, who was acting as "correspondent" for the **New York Times**. I am working for my father in stone quarry and excavating work. Average two and three invitations a week to speak concerning our relief experiences, and to show our relief and travel pictures to church and Sunday-school groups, schools, and civic organizations. Then, too, we are organizing an M.Y.F. unit—Christian Workers' Band—in Blooming Glen.

Mrs. Paul Hertzler (Carolyn Weaver), 1013 South Ninth Street, Goshen, Indiana. We have moved into the coziest little cabin on Ninth Street. . . . The auditorium is tremendous. It will certainly help matters to be able to have two basketball games playing at the same time. As it is now, there are so many teams that some are scheduled at nine o'clock in the evening. I'm tutoring a handicapped lady in typewriting three hours a week. The Motet Singers almost come up to the Robert Shaw Chorale. All three choruses are singing "The Messiah" at commencement time this spring.

Leona Trump, rural route five, Goshen, Indiana. Still living at home and teaching the third and fourth grades at Pike Street School in Goshen. I enjoy this age of children very much. I have 27 youngsters—only 10 third graders! This small number gives me abundant opportunity to work with each individual child. And what makes me the happiest is that this year there is not one single discipline problem in my whole room. I am also helping to teach music in the fifth- and sixth-grade room. I feel like a full-fledged teacher now that I've had three student teachers. Last year Marilyn Burkholder from Archbold was with me. This year I've had Verelda Zook from Illinois and Awilda Miller from Iowa. Next summer I hope to start working on my Master's degree.

James Gurley, 123 Foster Avenue, Elkhart, Indiana. Since June of 1947, I have been pastor of the McCoy Baptist Church in Elkhart. We are glad for the spiritual blessings which the Lord is giving in His work here. This year I am a senior at the Northern Baptist Theological Seminary in Chicago. Graduation only eight weeks away.

Leda Litwiller, Hudson, Indiana. Spring Concert is scheduled for April 28. We work in all the grade children and the high-school chorus in this program. It means work, but I do enjoy it. This summer I plan to take a trip to the west coast.

Dorothy Powell, Hudson, Indiana. School year going fast. A cafeteria was added and that makes more work. The home ec classes are having an exhibit at the next P.T.A. meeting; so that means getting things ready for that. I may be joining Lee on her trip west this summer.

Paul L. Yoder, 101 Dewey Avenue, Goshen, Indiana. Teaching again this year at Eden Township School (Honeyville). . . . Would rather teach than do anything else. . . . Trying to direct a chorus. One advantage in living near the College is the opportunity to attend the lecture series. I thought the one this year was especially good. We appreciated most the musical numbers, especially the Southernaires. We hope to attend a family reunion in Virginia.

Grace Eichelberger, 2112 N. Waco, Wichita, Kansas. My work continues with the Social Welfare Board in Wichita.

Mrs. John Oyer (Carol Schertz), 422 E. Jefferson, Goshen, Indiana. Working for Dr. Carl M. Hostetler Office nursing is quite different from hospital, but I find it interesting. There is always something to learn. Enjoyed an M.C.C. reunion in the college lounge. About 80 ex-relief workers present.

Earl Leinbach, 4044 West Michigan, Indianapolis, Indiana. Have moved out of our trailor into a big house. . . . Renting out the rooms on the top story to help meet expenses. Applying some of the principles of our pediatric-teaching to little David. They seem to work. When we reflect on the Christian atmosphere at Goshen College, we realize more than ever the great contrast between our Mennonite teachers and the lack of Christianity shown by many of the teachers at I.U.

Dr. Glen Miller, Goshen College, Goshen, Indiana. Whenever I write a letter to our circle, I throw open my 1946 Maple Leaf and visit with you a bit. Particularly impressed with what has happened in these few years. Teachers, missionaries, relief workers, preachers . . . I have heard most favorable reports of Norman Kraus's preaching at one of the uptown churches here in Goshen. Ruby and Helen plan for a five-year reunion in a year from the coming June.

Mrs. Ansel Henderson (Ferne Barkey), route one, Mishawaka, Indiana. Our family now numbers four. Linda Lou arrived four hours too late for a first Christmas. Brian will be two the twenty-first of April. Sunday night we went to hear the A Cappella Chorus. Certainly enjoyed the program.

Mary Kay Plank, West Liberty, Ohio. Enjoyed the year's work a lot. I have congenial teachers to work with. I plan to spend summer in Mississippi with my sister.

Mr. and Mrs. Harold Bauman (Elizabeth Hershberger), 1615 West Market Street, Orrville, Ohio. Several weeks ago our section of Ohio had its annual G.C. reunion. Usually we have it during the summer in the form of a potluck picnic. But this time it was an evening banquet with President Miller present for a very interesting speech. We enjoyed meeting many old friends, but as usual were among the younger alumni. Philip celebrated his first birthday not long ago. . . . Yesterday I swept up uncooked noodles that had been sprinkled all over the living room rug. But we love it!

Mrs. Lester Glick (Doris Miller), West Jefferson, Ohio. Thirty more meals to plan, two more monthly reports! In Columbus, and will be till June. Lester will be in field work from June till December, and as yet he hasn't been placed. We are looking with some anticipation toward a possible placement in northern Wisconsin. Lester is in graduate school at Ohio State, majoring in Social Administration. He has one more year of work, including his field work, and then we hope to begin working in the Child Welfare of the church.

Mrs. Milford Paul (Winifred Erb), Mennonite Apartments, Scottdale, Pennsylvania. Looking forward to a five-year reunion in spring of '51. We'll be there —with the babies. My work remains the same—dishes, cooking, taking babies outdoors, cleaning (when I have time), washing twice a week, drying and bathing babies, shopping, etc. Hope to take a short vacation to Washington, D.C., in May—probably go to Richmond to see the Heatwoles. Planning to camp out quite often this summer. I did enjoy writing Primary Quarterly for two quarters—along with Miriam Sieber Lind. . . . About expenses, etc., for the letter. This time we asked for 50¢. Other times we asked for 25¢. The total cost of the letter is about $8.00 (labor donated) and the previous two times we received $7.06 and $4.57. This time we received $11.00. We like to ask you for even amounts; so next time it will be 50¢ again—maybe later less.

Ada Schrock, Mennonite Apartments, Scottdale, Pennsylvania. The concerts in Pittsburgh are worth talking about. I got to see de Sabata, Paray, Bernstein, and Kubelik conduct, and Heifetz and Elman play violin. I don't know if I'm quite as enthusiastic about de Sabata as Ethel and some others are, but I think Bernstein is a pretty good egg. It was really a treat to watch him play piano and conduct at the same time. I won't soon forget that rendition of Beethoven's First Piano Concerto. Paray is good—not spectacular in any way, but he makes the orchestra produce. . . . And then there's M.Y.F.—I always like to talk about that. As of now there are 80 affiliated units, one of which is a Holland unit. The monthly releases are going to about 150 people and groups right now. I enjoy my work with M. Y. F. very much, but I don't know if I would like being a typist all my life; it just isn't quite up my alley. Don't tell anybody, but I sort of believe I'd like to get back into the teaching game again.

Ethel Yake, Scottdale, Pennsylvania. Before I run off the thirteen stencils which Ada has cut, I want to say greetings to you all. Since the beginning of April, Red Cross is giving life saving at the Y.M.C.A. and several Mennonites from the "hill" are taking the course. Ada told about our concert going this winter. We've been lucky, for because the Publishing House offers classes in the evening, we got student rates for season tickets. For me it's been a broadening experience and pleasant too.

Catherine Hernley, Scottdale, Pennsylvania. Gospel Herald, Gospel Herald, Gospel Herald: this has been my portion day (and night!) for six months. Tomorrow Brother Erb returns. Then life may become more normal again. And I may take a vacation, a relaxing one (I hope) in Welch, W. Va., with the Conrads (my sister Nancy and family). Hope to see some of you at Mission Board time.

Honor List of Alumni Contributors

During the fiscal year beginning September 1, 1949, and ending August 31, 1950, alumni contributions again reached a new high. An analysis of the figures, however, indicates that this year's number of contributors and the per capita contributions fell below 1949. Included in the total contributions are several thousand dollars in class gifts which had been held over in class treasuries from previous years for special projects in connection with the College Union.

The table on page 16 shows that alumni contributions for 1950 totaled $45,721.49 as compared with $40,280.20 for the year 1949, but the number of individual contributors is lower than for 1949. This means that as reports of the near completion of the College Union emanated from the campus, some alumni diverted their gifts to other causes.

Perhaps this was as it should be. Many good causes plead for a share of the Christian's tithe. Alumni of the small struggling Christian college need always to remember, however, that the extension of many good causes is directly dependent on personnel trained and equipped, mentally, physically, spiritually, in such a college as their Alma Mater—a Christian institution placing Christ and His vision and mission at the very core of all its campus activities and its church relations.

President Ernest E. Miller, Acting President Carl Kreider, and the other administrative officials of the College, as well as the officers of your Alumni Association are profoundly grateful to all those whose names appear below on the "Honor List of Contributors" and also to the many others who by reason of illness or other misfortune were unable to make a contribution in money this year but who assured the officials of their continuing interest and their prayers that Goshen College may maintain and strengthen her Christian witness through training young lives for service in the Master's kingdom. That, too, is our prayer as we enter on another year of service to the church and her young people.

The College and the entire constituency rejoice that the College Union could be dedicated debt free. The building already is filling a large place in the life of the College, the community, and the church. It is hard to see how the work of the College has been carried on without it.

The steady growth in enrollment and in enlarged curricular and noncurricular services to the student body, now emphasizes the need for better housing and more equipment. The School of Nursing has brought some added expense. And as explained on pages eight and nine of this issue, a new dormitory for women is an imperative need. The need for money will continue urgent during the coming year.

The Alumni Office has spent many hours in trying to print a complete and accurate list of contributors. No doubt there still are errors in the list. The Office made every effort to print an errorless list to mail to alumni in July. We regret that it was necessary for a half-dozen or more alumni to point out errors and omissions in that list. The Office has corrected these errors and added to the list the names of all alumni who sent in their contributions since the July list was prepared.

One major difficulty is to determine the year in which a certain nongraduate student should be classified. Naturally, graduates are listed in the year in which they received their academy or college degree. Academy and college nongraduates are listed in the class with which they would have graduated if they had completed their course. Winter Bible School students, summer session students, and special students of many kinds (spring term, part-time, extension, etc.) are listed in the year in which they first enrolled at Goshen College.

SERVING WITH TOPEKA SERVICE UNIT

Mr. and Mrs. Frank Raber 29 (Clara Jennings x32) have resigned as superintendent and matron of the Detroit Mennonite Mission and have been appointed to serve as leader and matron of the Service Unit at the Topeka, Kansas, State Hospital. They succeed Mr. and Mrs. Ralph S. Lehman x44, who had volunteered for a one-year period.

The M.C.C. reports several unique values seen in the work of this Service Unit during the past year: (1) the contribution being made to the hospital itself, (2) the training of personnel for continuing service in mental hospitals, and (3) the growth spiritually and in other ways, among the workers whose life centers in the unit house.

Professor B. Frank Hartzler 29 was on his way to California last September when both the Topeka Unit and Hesston College appealed to him for assistance. He purchased a large house and remodeled it to provide a suitable residence for the members of the Unit. He has been spending one day a week rendering much-appreciated service in the music department.

ERBS SUCCEED RABERS

On July 23, J. Frederick Erb 50 was installed as pastor at the Detroit, Michigan, Mennonite Mission. Mr. and Mrs. Erb (Fern Troyer 49) spent the summer in charge of the Laurelville Mennonite Camp as manager and matron and moved to Detroit early this month.

MISS WHITE ACCEPTS M.C.C. POSITION IN FAR EAST

Miss Neva White 44, who has been connected with the Goshen College Library since 1941, has accepted a three-year appointment under the Mennonite Central Committee. She served as assistant librarian after 1944; and following her graduation from the University of Michigan Library School in 1946 with the degree, Bachelor of Arts in Library Science (A.B.L.S.), she has been serving as acting librarian. Miss White left on September 1 for Hong Kong, where she will serve in a secretarial capacity and in library work in the M.C.C. office.

THE SMITHS PUBLISH A BOOK

Professor and Mrs. Willard H. Smith 28 (Verna Graber 28), both members of the Goshen College faculty, have written a book on their two years' experience as commissioner to Paraguay for the M.C.C. and as matron for the Mennonite Center in Asuncion. The name of the book, "Paraguayan Interlude," and the subtitle, "Observations and Impressions," indicate the content and the nature of the volume.

The book deserves a wide circulation not only for its authoritative factual information about the least known of all Latin American countries but also for its literary value. The book successfully meets two crucial tests. Its content is authoritative as well as entertaining, and the style makes it readable and literary. Readers who are acquainted with the authors will not be surprised at the flashes of humor that brighten the pages.

Professor Smith's years of teaching of Latin American History, and his and Mrs. Smith's early study of German and Spanish prepare them for the reception and interpretation of their observations not only in Paraguay but in other parts of South America which they visited. Their knowledge of both languages usually was sufficient for general purpose use, even though on one occasion a waiter was obliged to put into use the proverb, "Take a Dutchman as he means and not as he says," when Dr. Smith ordered "jabon y jueves" (soap and Thursday) instead of "jamon y huevos" (ham and eggs).

The book describes in an unhurried fashion, quite in keeping with the leisurely manner of the South American, the trip to Paraguay, the visit to Argentina, and the voyage from Buenos Aires to Asuncion. Then follow a description of the Paraguayan land and people, the coming of the Mennonites, a trip to the Chaco, life in the city of Asuncion, a visit to the colonies in eastern Paraguay, an air-flight to Brazil, the commissioner's untiring efforts to discover and put into operation some project that would repay the Paraguayan nation for their kindness to the Mennonite colonists, the trip homeward across the Andes, up the coast into Bolivia, through the land of the Incas, and finally a summary and evaluation of the work of the commissioner during his two-year period of residence in South America.

The method of writing the book adds to its charm and interest. The authors used their letters written to friends in the homeland and their letters and reports to the M.C.C. at Akron, Pennsylvania. This gives the reader the impression of intimate, firsthand glimpses of the land and people.

COLLEGE CONGREGATION CALLS MOSEMANN

At a recent meeting of the Goshen College congregation the members issued a call to Professor John H. Mosemann to serve as pastor. Professor Mosemann has been serving the Yellow Creek congregation west of Goshen during the absence of Ralph R. Smucker 28 in India for a special three-year term in the American Mennonite Mission at Dhamtari, India. The College has consented to relieve Professor Mosemann of one half of his teaching load so that he may devote more time to the work of the pastorate.

Dr. S. C. Yoder will continue as bishop of the congregation. He reached the retirement age last year and was given the rank of President Emeritus by the Mennonite Board of Education, but, on account of the leave of absence of Professor Howard Charles for graduate study in Scotland, he has been asked to teach at least half-time during the coming year.

PRESIDENT SERVING M.C.C.

President Ernest E. Miller 17 is having a strenuous sabbatical leave in the service of the M.C.C. But he has been enjoying meeting many educational and religious leaders in Hong Kong, Japan, and the Philippines. Incidentally he and Mrs. Miller (Ruth Blosser 17) won the shuffleboard tournament on the boat en route across the Pacific.

They had a pleasant meeting with the Ralph Buckwalters and Carl Becks in Japan, the Ed Alderfers in the Philippines, the Daniel Stoltzfuses in Hong Kong. How different from fifty years ago when one would meet only two Goshen alumni on a trip around the world and those two in India. Now the president finds Goshen alumni at practically every important stop, and all are happy to tell people that they are from Goshen College.

Another pleasant experience is to find everywhere people to whom the name Mennonite is well—and favorably!—known. This was true on the boat and also in the countries visited.

Mrs. Miller has gone on to India. President Miller's assignments will keep him occupied in Indonesia, Japan, and the Philippines until early fall.

Shifts in Goshen Staff

Meanwhile, college routine proceeds much as usual. Before President Miller left, the dedication of the debt-free College Union was history. The plans for the new dormitory were completed and a building committee appointed, headed by Leland Bachman 38, business manager. The School of Nursing was organized, and an adequate program for clinical facilities inaugurated. The educational and religious program of the institution was in strong hands.

Dr. Carl Kreider, dean of the college, was the chief speaker at the Ohio state convention of the Mennonite Youth Fellowship held at Kidron, Ohio, June 23-25.

Professor Paul Mininger 34 succeeds Howard Charles 41 as religious counselor of students. Professor Charles is studying in the University of Edinburgh, Scotland, on a Fulbright Scholarship.

Dr. Paul Bender, acting dean, spends more and more time in the dean's office in the southwest corner and less in the office of the registrar. He still serves as Director of Admissions, ably assisted by Lloyd Conrad 38, assistant registrar, and the two efficient secretaries, Clara Eshleman sec 47 and Martha Kanagy 49.

Miss Kanagy taught in an eastern Ohio public school last year but resigned at the end of the term to accept a position in the registrar's office.

CROWDED CONDITIONS IN MEN'S QUARTERS

The pictures at the right were taken in the Men's Quadrangles in August. The "Quadrangles" are arranged to house eighty-four men in two barracks connected by a section furnishing rest room and shower facilities. The space represented by the picture at the left is occupied by thirty-six men and a small "utility room" used for pressing clothes and storing luggage.

The other picture represents the room allotted to four men. It it about nine feet wide by fifteen feet long, or 135 square feet of floor space.

That means sixty-seven and a half square feet for *two* men and their furniture—a double deck bed, two feet eight inches by seven feet; *one* closet, two feet wide by five feet three; one drop-leaf table, one foot eight inches by two feet; *one* chest of drawers, one and a half feet deep by two feet eight inches wide; *one* folding chair that occupies a space one foot two inches by one foot four inches; and *one* book case one foot deep by two feet wide.

Now, if one deducts the combined area occupied by the furniture—thirty-nine square feet—from the total space allotted to two men—sixty-seven and one half square feet—what does he get? About twenty-eight feet—the space that a poultryman allots to seven Plymouth Rock hens! Hens—mind you!—not roosters!

Is it any Wonder that the Mothers of the Men Packed into the Barracks Insist that the New Dormitory should have Priority on the Goshen College Building Program?

SCHOOL OF NURSING UNDER WAY

During the last two weeks in August the second-year class in the Goshen College School of Nursing began their period of instruction and training in "Drugs and Solutions" and in "Nursing Arts." Each morning for a two-hour period Miss Esther Widmer, R.N., 37 gave instruction in Drugs and Solutions. This was followed by a two-hour period of instruction in Nursing Arts by Miss Mildred Shoemaker, R.N., 52.

The class of eight students is shown below receiving instruction in Nursing Arts. Front row (left to right): Miss Mildred Shoemaker, R.N. 52, instructor in Nursing Arts; Leona Yoder 53, Goshen; Elnora Weaver 53, Gulliver, Michigan; Back row: Florence Rheinheimer 52, Shipshewana; Charlotte Hertzler 52, Goshen; Margaret Brubacher 52, Ayr, Ontario; Lois Shank 51, Goshen; Mary Kathryn Sauder 53, Ephrata, Pennsylvania; Ruth Beard 51, Elkhart.

Several afternoons a week the class spent in the new Nursing Arts Laboratory making beds and receiving training in other nursing arts. Beginning September 1, they drove to the Elkhart General Hospital three days each week for clinical instruction in their chosen profession. They make the trip in a 1947 Model De Soto Suburban. The students and their instructors are greatly pleased at this fine addition to their equipment provided by the business manager, Leland Bachman 38. They had feared they would need to make the trip in some decrepit bus or truck.

Interest in the School of Nursing is growing. Advance registration indicates that approximately sixteen students will enter the first year of training.

THIRTY-EIGHTER

(The following items from the Thirty-Eighter were ready for the July issue of the News Letter but were crowded out on account of the large amount of Commencement news. The same is true of the "Personals" on pages 14 and 15 of this issue.—Ed.)

S. Paul and Vesta (Nafziger) Miller, Jamgaon, via Drug, Madhya Pradesh, India. On January 26, 1950, India became a Republic, and at that time many names were changed. "Central Provinces" was changed to "Madhya Pradesh," which is the Hindu, meaning practically the same thing . . . . Paul continues to run the leper clinics every Wednesday . . . average over 600 leper injections a month. . . . The Primary School here continues in the same way. It is so hard to bring about any improvements when our teachers are so poorly trained. At present the mission has no Normal School; so the chances of getting better teachers for some time are not very great. . . . We still have two Bible women and one evangelist who go out to villages five days a week. . . . The Nationalist spirit of the country has gotten into the church and is causing a lot of trouble.

Anna D. Leatherman, Upland College, Upland, California. Last summer University of Michigan Biological Station near Cheboygan, Michigan . . . studied Entomology and Advanced Ornithology . . . am teaching Biology, Botany, Bacteriology, and Nature Study. . . . This summer I again plan to go east.

Ruth Ressler, APO No. 25, San Francisco, California. It's funny, how completely a person would lose track of you folks, if it weren't for this periodical. . . . Rhoda and I are living above the garage in the M.C.C. unit at Konohana, Osaka, Japan. . . . We teach English to the Japanese of all sorts and ages and stations in life. . . . One of my "pupils" is coming to America soon, to spend the summer studying the police system of Washington, D.C., Baltimore, and Los Angeles. He is one of four delegates from Japan. He has eight thousand six hundred Osaka policemen under him. . . . Six-cent air-mail letters reach us in four or five days . . . took us forty-nine days to make the trip from New Orleans to Kobe last summer.

Myrtle (Schnell) Hertzler, 3041 Dexter Road, Ann Arbor, Michigan. Living in Ann Arbor this winter . . . a clean and beautiful little town.

Winifred (Nelson) Beechy, Goshen College, Goshen, Indiana. Atlee is serving as Dean of Men and teaching one course in Education . . . am enjoying my work as a full-time homemaker. . . . Judy was born in Switzerland and will be two in May. And last November Susan was born here in Goshen. So we now have three little girls. Karen is 5½ and is going to Kindergarten this year.

Ruby (Martin) Zook, LaTour, Missouri. The dead line is very near, and I surely want a 38'er; so here's my say, as well as my quarter. Long live the Thirty-Eighter—and my congratulations to the one who is responsible for it in 1950. . . . Junior is 15 and is in high school. . . . His sister, Vera, is 12, a good girl and a big help to me. She very much enjoys her piano. . . . I help out in church and community affairs whenever needed.

L. F. Troyer, Pastor, The Mennonite Church, Carlock, Illinois. I spent a week last August as one of the instructors at the Western District Young People's Retreat in Kansas. They have purchased a camp site along the river in Kansas . . . also spent a week as instructor in our own camp program at Camp Mack, Indiana, and in August was elected president of our Central Conference.

John and Gertrude (DeBoer) Blough, Iowa Mennonite School, Kalona, Iowa. Eighty-five students attending the school this year. Paul Guengerich is principal. Three of the teachers are Goshen College alumni. John enjoys the daily contact with other Christian teachers. He is teaching music, physics, and general math. Last year he taught physics and chemistry. He had only three classes a day. The rest of the time he had charge of the audio-visual education. He taught in Ferndale, a borough of Johnstown. . . . We live about 20 miles from Iowa City. John expects to start working on his Master's Degree next summer at Iowa State University. . . . Our children miss the Christian Day School which they attended in Pennsylvania. They go two miles to a one-room country school here.

Louise (Weaver) Swoveland, rural route five, Box 274, Goshen, Indiana. Sap buckets are hanging on the maple trees; we've new lambs in the barn; last week egg check took a jump upward. Real signs of spring . . . spend time reading aloud literature on the level of my three-year-old son, John Frederick.

Thelma (Oyer) Noe, 909 South Main Street, Eureka, Illinois. Randy and Judy are nearly three years old and two respectively. Randy keeps us busy with his questions of "what" and "why." . . . We bought an 80-acre farm at the edge of Eureka, where we hope to build a new home in a few years.

Don Kreider, 254 College Street, Wadsworth, Ohio. I continue to work for the Ohio Match Company, and we continue to tell ourselves and as many others as will listen that Ohio Blue Tip matches are the largest selling brand in the world . . . house that was for sale right in our neighborhood, a small two-story house with some landscaping and a lawn already. . . . Eldon is now 9, Dierra is 6, and Leo is 4 years old. Fourth and first-grade schoolwork keep the two older ones busy, and Leo never seems to run out of things to do when they are gone.

Anna (Hallman) Byler, Alfonso XIII-1195, Bragado, FNDFS, Argentina. When Litwillers were moved to Buenos Aires to take up duties there, Frank was appointed director of the Bible School, and we moved to Bragado last June. . . . Today the first students arrived—a German couple from Paraguay. On Monday two more Germans will come, and one Argentine student. There will also be two young people from here in Bragado. . . . Four or five Argentine young people are planning to come next year. . . . I have been going out in Bible reading two or three afternoons each week.

Alta (Good) Hershey, Box 1018, Aibonito, Puerto Rico. Since the first of November, half of my time has been occupied teaching school here at Pulguillas. I have been substituting for Mrs. Springer who is the regular teacher. I am in the schoolroom from 8:30 till 12:00 each day, teaching subjects for the first and second grades, then in the afternoon Beulah [Litwiller] teaches the third grade. . . . If I had the Spanish well in hand, preparation for classwork would be much shorter. . . . Several afternoons a week then Lester and I spend out visiting in the homes carrying the Gospel. . . . Yesterday, Lester with three Puerto Rican men had a first service in the home of a Jorge Santiago down in Coamo Ariba. There is no other evangelical work carried on in that valley.

Emanuel Hertzler, 3041 Dexter Road, Ann Arbor, Michigan. Barbara is ready to start to school next winter and here I am, still going to school. This semester is the last of my formal work. I'm taking two courses: Statistical Methods and Biological Chemistry. Last semester was memorable for the fact that I passed my language exams. . . . I expect to take my oral exams in July and have my thesis in pretty good form by fall. We expect to leave here in June and hope to be settled in Kent by August 1, when I am to resume teaching there . . . am teaching two sections of embryology, trying to do a little on my research and study for the orals.

Mary Risser, rural route two, Hershey, Pennsylvania. This past winter we were molding animals and fruit plaques from molding plaster. We made rabbits, hens, and Bambi sets for Easter. I am teaching first-grade boys in the Hershey Industrial School. We have about 1060 boys, from the ages of 4 years to 18. . . . This past winter I was a member of the Community Concert Association. One outstanding feature was the appearance of the Columbus Boychoir.

Arlowene (Stiver) Weldy, rural route one, Mishawaka, Indiana. Still on the farm where we have been for the last eight years. . . . The twins aged nine months are quite a joy and task master. They are Tim and Tom. Then there is Randy 8, Sherry 6, Brent 2½ years old. Sherry is my little hired girl, and Randy is his daddy's hired man. He helps with the feeding and care of the calves and heifers. We are milking about 22 head of cattle and farming about 225 acres.

Bertha Risser, rural route two, Hershey, Pennsylvania. Reading, writing, and arithmetic have been my main concern through the winter months. The wonderful new books available on our shelves help to make the school days delightful. . . . Today each home in Lebanon received a picture book about our city schools. . . . The big activity at our building this term was a historical study of our section 100 years ago. We built a model of the town as it looked a century ago. . . . Mary and I have been watching the progress on the super-highway about a mile from our home. This is a continuation of the road from Pittsburgh and runs to Philadelphia. It stretches across our modest country roads and streams like a magic carpet.

Mr. and Mrs. Wayne Brenneman 47 (Hilda Warye pt47), of the United Missionary Society Mission at Igbetti via Ilorin, are planning to return home on furlough at the end of the school term in December. The school year, running from the last of January to the first of December, is divided into quarters of eight to eleven weeks each, with a few weeks' vacation between terms. Especially in Bible School teaching the work is difficult because there are no books available in the vernacular and the teachers are obliged to translate and mimeograph all their material. Although the Yoruba language is one of the three largest in Nigeria (over three million), everyone who goes to school more than a few years starts to study English. This reduces demand for an extensive literature in the vernacular. Mr. Brenneman hopes to do further work at Goshen College while home on furlough, probably in education.

TABULATION OF ALUMNI DONATIONS

The following table presents in outline form a comparison of the contributions for the years 1948, 1949, and 1950.

Where both husband and wife are alumni of Goshen College, half the contribution has been credited to the husband's class and half to the wife. Contributions of Summer School students and Winter Bible School students are credited to the class graduating in the first year of the student's attendance at Goshen College.

The table indicates decrease in number of contributors in some classes and also a decrease in the amount contributed by some classes. In a few cases contributions dropped below the 1948 figure.

The year, September 1, 1950, to August 31, 1951, is a new fiscal year. Is it too much to expect that every class will record more contributors and larger amounts in this coming year? The new dormitory and dining hall to be known as an "Alumni Memorial" should make a strong appeal to alumni loyalty.

Home-Coming Plans

A Home-Coming Committee, under the chairmanship of Professor S. A. Yoder, is working with the chairmen of the Y Social Committees to plan a program for the 1950 Home-Coming on November 23, 24.

The annual Turkey Day Festival will begin with a sermon in the auditorium of the College Union at eleven. This will be followed by the annual turkey dinner. A. C. Gingerich, Turkey King of Wellman, Iowa, again will donate the turkeys for this annual event. An after-dinner program will follow the Thanksgiving dinner. The Goshen College choruses will present the annual Home-Coming musical program at eight in the evening in the auditorium of the College Union.

The Friday schedule will follow the same pattern as in preceding Home-Comings. The regular classes will meet from 7:30 to 11:35 with a half hour out at 10:15 for a special chapel service. Following lunch in the dining hall, served cafeteria style from 11:15 to 12:30, there will be a brief period for rest and fellowship followed by the Annual Alumni-Varsity basketball games at two and at three-thirty.

The Lecture-Music Series will present the annual Home-Coming lecture in the Auditorium in the evening at eight. The Committee has engaged Ray Eggersted, a rising young travel lecturer, showing colored motion pictures of America's colorful Southwest. This should be one of the high points of the course this year.

Miss Phyllis Roose 46, dietitian, will appreciate your sending in reservations for the Thanksgiving dinner, but she can accommodate a few extra guests who decide at the last minute to be present at Home-Coming.

So, come! This year for once the College will have room for everyone at the lecture, at the ball games, and at all the services connected with Home-Coming.

Guests who desire to reserve lodging should write to one of the personnel deans, either to Dean Atlee Beechy, or to Dean Viola Good. Guests planning to attend the Home-Coming lecture should purchase their tickets at the College Business Office before Friday noon, November 24, to avoid a last minute rush at the ticket booth in the College Union.

CHURCH SERVICES IN COLLEGE UNION

On account of the phenomenal growth of the College congregation, now consisting of four hundred sixteen baptized members, of whom many are young people with a number of children, the annual meeting voted to hold church and Sunday-school services in the eastern half of the auditorium of the College Union.

So long as the congregation met in assembly hall it was necessary to use both wings and the entire balcony to accommodate the growing audience. Sunday-school classes met in classrooms in the Administration Building, in the Library, in the social room of Kulp Hall, and in the Science Hall. On account of the congestion in the corridors and on the stairs between Sunday school and church services, the congregation experienced considerable delay in getting settled for the church service.

For three Sundays in September the congregation experimented with having the opening services for Sunday school in assembly hall and then moving to the auditorium in the College Union for church services. This again caused considerable delay.

Hence, the congregation voted to have both Sunday school and church services in the College Union and at the same time voted to hold church services before Sunday school. This will make it possible for the older people of the congregation to attend services without mounting the stairs in the Administration Building.

It also places the entire congregation in front of the speaker during the church service. The new arrangement is on an experimental basis until December 31. At that time the Church Council will decide whether or not to continue the new system.

SPIRITUAL LIFE CONFERENCE

Dr. H. S. Bender, dean of the Seminary, was the principal speaker in the opening religious series of the year, September 15-17.

He opened the conference with a Friday chapel address on the rich young ruler's question, "What Must I Do to Be Saved?" The Friday evening topic was "A Contrite Heart." Saturday evening he distributed a mimeographed sheet entitled, "My Covenant," to help students think through the implications of his third subject, "Maximum Christianity."

Professor John H. Mosemann, pastor of the College congregation, delivered the fourth message of the series on Sunday morning, "When Is a Church a Church?"

Dean Bender's final message, "Follow Me," formulated the essence of Christianity in the concept of discipleship.

PEACE CONFERENCE

A Peace Conference held on the campus over the week end of October 6-8 began in the Friday morning chapel service with an address by Professor Atlee Beechy, dean of men, on the subject, "The Implications of the Draft for College Students."

The Conference continued on Sunday in the College Union with a discussion of other aspects of the peace question. Professor John Mosemann, in the Sunday morning worship service, challenged the congregation with the idea that Christianity means, "Love Without Limit." On Sunday afternoon J. Harold Sherk, of the Akron offiice of the M.C.C. spoke on "Implications of the Present Draft for Our Peace Witness."

The evening meeting began with testimonies by three students, "Why I Am a Nonresistant Christian," by John Stanley Oyer 51, of Goshen; Margaret Meyer 52, of Sterling, Ohio; and Friedrich Krause 53, of Gronau, Germany. Professor Don E. Smucker, of Chicago, gave the closing address, "Revelation and Response."

ATTEND EVANGELISM WORKSHOP

Twenty-four seminary students, accompanied by Professor John H. Mosemann, motored to Chicago on Wednesday, October 11, for an Evangelism Workshop in the Home Mission in Chicago from October 11 to 15. Bishop Nelson E. Kauffman, president of the Mennonite Board of Education, was director of the workshop and Professor Mosemann assistant. Bishop J. D. Graber 25, secretary of the Mennonite Board of Missions and Charities, also was one of the lecturers.

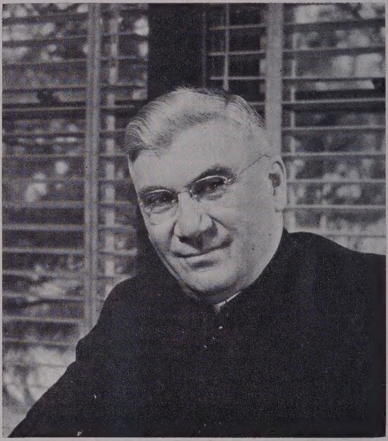
The group met each morning for a discussion of "Problems of Evangelism" by Nelson Kauffman. At 9:45 J. D. Graber conducted the daily lectures on "The Holy Spirit and the Workers." At 10:30 outside speakers discussed "The Principles of Evangelism."

During the half-hour period between 11:30 and the noon recess the group planned afternoon activities, including literature distribution, hospital visitation, observation of industrial missions, prison work, colportage work, open-air Bible classes, and open-air services. The evenings were spent in cottage prayer meetings and observing and conducting street meetings, observing rescue mission work and work of a similar nature.

On Sunday, members of the group received assignments in various missions, observing and participating in the activities. The final meeting on Sunday afternoon provided for a review and evaluation of experiences, and suggestions for the next workshop.

GRABERS IN GERMANY

C. L. Graber, of the offiice of public relations, has been drafted by the M.C.C. for a six-month period to aid in the resettlement of the Danzig Mennonites in Germany, displaced persons living in the homes of German residents in the British and American zones. He is to undertake projects of land resettlement in western Germany as well as the construction of dwellings near Krefeld, Germany, for some of the refugee families.



C. L. Graber

The task assigned Mr. Graber is prodigious, one that M.C.C. has wrestled with for several years without success. Mr. and Mrs. Graber, the former Mina Roth, of Iowa, sailed from New York on the **S.S. Queen Mary** on October 14. Before returning to the States they plan to visit in the homes of relatives in France and Switzerland. Both of Mr. Graber's grandfathers were born in Switzerland.

UNCLE NORMIE PLAYS MOTET RECORD

Late in August one morning Goshen radio listeners were thrilled to hear Norman Ross, of the "Northwestern Hour" of WMAQ, Chicago, announce at the close of the number, "You have been listening to a selection from Bach sung by the Motet Singers of Goshen College." After a few complimentary remarks, he promised to play another selection from the Goshen College Record Album at a future date.

That morning the usual greeting on the campus was, "Did you hear Uncle Normie on the 'Northwestern Hour' this morning?" The reply usually was a delighted affirmative, showing again the popularity of a good, clean radio program and a high type of music!

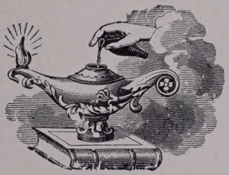
The numbers contained in the 1949 Goshen College Album of recordings are: "O, Sing unto the Lord," "Wake, Awake," "Before Jehovah's Awful Throne," "When I Survey the Wondrous Cross," and "There's a Green Hill Far Away." Several copies of this album are still available at the Goshen College Book Store.

The new 1950 album of Goshen College Recordings, also for sale at the College Book Store, contains the following numbers: "Let All Peoples Praise the Lord," "Jesus Thou Joy of Loving Hearts," "Ye Are Not of the Flesh," "Anybody Here," "O Sacred Head," "Almighty and Everlasting God," "Let All Nations Praise the Lord," "Salvation Is Created."

Dwight Weldy 40 of the music faculty of the College visited Norman Ross last summer. After hearing the Goshen recordings the radio announcer stated that he would use some of them on his 7:00 a.m. program. Mr. Weldy then gave him copies of both albums.

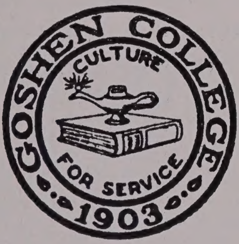
WHENCE OUR EMBLEM?

The copper engraving from which the accomanying print is made was used by Dr. H. A. Mumaw according to a statement by his daughter, Phoebe x95, widow of the late A. C. Kolb of Kitchener, Ontario. This seems to be the antecedent of the present book and lamp, used on the Goshen College Seal.



If so, the new seal, while it has gained in simplicity of design, seems to have lost something of its symbolical significance. The hand extending out of the cloud and pouring oil from a vessel could be interpreted as meaning that the Divine Hand is the Omnipotent source of Light for the Grecian lamp of learning.

The Alumni Office would appreciate hearing from anyone familiar with the source of the idea and the symbolism of the etching. For the sake of comparison, note the College Seal below.



SCOTTDALE EDITORS IN TRAINING

Ellrose Zook 33, House editor for the Mennonite Publishing House in Scottdale, Pennsylvania, is studying religious journalism at Syracuse University. Allan George Eitzen ext 50, one of the artists at the Publishing House, is taking further art training at Philadelphia Museum School of Art in Philadelphia. He will continue to do some art work for the Scottdale publications while he is in school. Grant Stoltzfus 41, editor of **The Mennonite Community**, is taking graduate history courses at the University of Pittsburgh. In the same university Ford Berg 46, Missions editor of the **Gospel Herald** is taking two evening courses in journalism.

COLLEGE ENROLLMENT DOWN

Goshen College, like other colleges and universities in the Midwest, seems to be feeling the effect of the decline in the national birth rate during the depression years of the early thirties. On October 12 full-time enrollment was down 9.6 per cent under that of October 5, 1949. Total full-time enrollment was 533 and part-time, 127.

Although senior class enrollment is nearly normal, the junior class higher than last year, and the sophomore class only slightly below normal, the total first semester enrollment is under that of a year ago. During the past five years, enrollment in the senior class has shown an increase every year until the present and in the junior class has remained nearly static, but enrollment in the freshman class has shown a steady decrease since 1946-47 and in the sophomore class since 1947-48.

Enrollment by classes on October 12 was: Freshmen 156—80 men, 76 women; Sophomores 124—62 men, 62 women; Juniors 111—60 men, 51 women; Seniors 112—68 men, 44 women; Advanced Seminary 24—21 men, 3 women; Postgraduates 6—4 men, 2 women; Part-time 127—39 men, 88 women. Total full-time enrollment last year on October 5, was 590, and part-time, 139.

PETER DYCK, A KNIGHT

The Rev. Peter Dyck 51, new pastor of the Eden Mennonite Church at Moundridge, Kansas, has been presented with a medal bestowed by Queen Juliana of The Netherlands in appreciation of his services as relief worker in that country. The queen appointed him a Knight of the Order of the Orange Nassau.

Rev. Dyck served as an M.C.C. relief worker in various European countries for eight years and had a leading part in the extensive distributions of food and clothing among the Dutch people. It is estimated that one out of every ten persons in the entire population were reached by this aid.

Rev. Dyck is now a student at Bethel College.

FIVE GOSHEN ALUMNI AT MESSIAH

Messiah College has five new staff members for the school year 1950-51. All are Goshen College graduates. Isaiah Harley 40 is instructor in the social sciences; Fern Hershey 49, instructor in home economics and women's physical education; Royce Saltzman 50, instructor in music and men's physical education; Esther Shank 49, dietitian; and LeRoy K. Mann 50, controller. This should cement still more closely the pleasant ties of Christian co-operation and friendship that already exist between Messiah and Goshen.

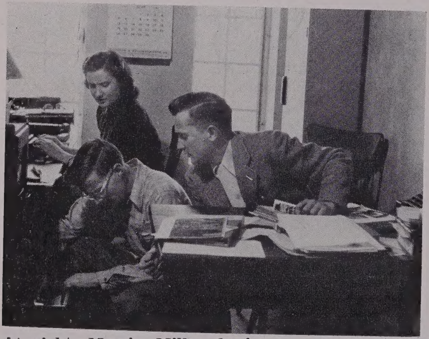
1950 WORK DRIVE

The students again this year petitioned the faculty for a two-day work recess to earn money for the Building Fund. Mervin Miller 51, of Goshen, and Pauline Graybill 53, of Freeport, Illinois, co-chairmen of the Service Committee of the Y, had charge of the drive. They reported that nearly five hundred students were engaged in some kind of gainful employment during the two days.



At right, Mervin Miller, business manager of 1950 Maple Leaf and chairman of this year's Work Drive

The committee secured jobs for nearly two hundred students. Twenty-eight picked apples for Dr. H. C. Schlosser in his orchard west of Vistula; 20 picked up potatoes for James Ummel, south of Elkhart; 20 picked apples at the Bristol Orchards, south of Bristol; 15 picked up potatoes for Paul Hoover, west of Goshen; 18 motored to Archbold, Ohio, to pick tomatoes and do housework.

Ernest Bennett 47, assistant treasurer of the Mennonite Board of Missions and Charities in Elkhart, employed six men in carpentering and four women at secretarial work. Dale Weaver 51, general agent for a refrigerator defroster, employed nine students as house to house salesmen. Sanford A. Yoder, rural route five, Goshen, called for seven students to assist in chicken vaccination.

Five men filled silo. Others were engaged in various jobs, including carpenter work, painting, interior decoration, house-cleaning, sanding floors, washing floors, walls, and ceilings, and landscape gardening. Evan Oswald repainted the College sign on South Main Street, west of Kulp Hall.

Most of the students had volunteered for work for both days. A few who did not have Saturday classes returned to their homes in Ohio or Illinois and did not return to the campus until Monday. Most of the students working at some distance from the campus carried their lunch prepared in the College dining hall. A considerable number returned to the campus for lunch both days.

The Y decided to give the first one thousand dollars of the proceeds from the drive to the United Hospital Fund to equip the secretary's office in the proposed new Goshen Hospital and the remainder to the Building Fund to help in the construction of the new dormitory for women. The Y set the goal at $6,000 and the motto of the drive was:

"Work for Unity—
School and Community"

As we go to press not all the students and faculty members have turned in the proceeds from the two-day effort. The Business Office reported receipts on October 12—$5399.12.

"SENIOR SNEAK?"

The members of the senior class left in three busses at noon on Thursday, October 12, for the annual senior retreat, successor to the former "Senior Sneak." Their first stop was at Bloomington, Indiana, where Byron Bender 49 had made previous arrangements for their lodging and sight-seeing.

On Thursday evening they heard at Indiana University a lecture, "These Things We Believe," by David Lilienthal, former chairman of the Atomic Energy Commission. The class spent Friday at Brown County State Park and returned to Goshen Friday night.

Delbert Erb, of Scottdale, Pennsylvania, is class president and Professor John C. Wenger 34, class sponsor. Professor and Mrs. Wenger accompanied the group as chaperones.

"FACE LIFTING" ON THE CAMPUS

Early in October workmen repaired the parapet on the Administration Building. Viewed from the ground the bricks showed evidence of wear and it was feared that the whole parapet might have to be rebuilt. A close examination revealed, however, that this building, erected in 1903 under the direction of J. S. Hartzler, was in a remarkably good state of repair. Part of the parapet was rebuilt, but few bricks needed replacing. In most places all that was necessary was to do some pointing up of the bricks and to reset the stones at the top of the parapet.

Workmen are dismantling the "Old Gym" built by the students between November 19, 1921, and January 15, 1922. The roof could no longer be kept in repair because it swayed as much as four or five feet in a stiff breeze. Some of the maple flooring has been used in the study rooms in the Quadrangles. Most of the heavier timbers in the building still are in a good state of repair.

During the summer and fall Karl Greiner, landscape gardener and janitor, metamorphosed the sea of mud and the dreary patches of struggling grass between the Administration Building and the College Union into a beautiful grass-covered lawn with neatly-laid-out flower beds that really bloomed and gave a festive air to the campus.

More than one hundred dollars worth of evergreens and flowering shrubs, donated by Mr. and Mrs. W. W. Oesch 10 (Elva Garber 08), of Goshen, have been used in landscaping the grounds around the College Union. A row of privet hedge extends south for a block from High Park Avenue to the southwest corner of the parking lot and marks the division between the South Campus and Main Street. Plentiful rains during the summer encouraged the growth of these new plantings so that not a single tree or shrub was lost.

NEW MEMBERS OF BLUFFTON COLLEGE FACULTY

Delbert L. Gratz rt43, a Bluffton College graduate who joined the Bluffton College staff as librarian this fall, received the Ph.D. degree from the University of Berne in Switzerland during the summer. Mr. Gratz had been engaged in relief work in Germany and during the past two years has been studying at Berne.

Ada Lapp 31, of Sterling, Illinois, who for a number of years has been teaching in Iowa and Illinois, has been elected head of the newly organized Department of Elementary Education.

Luther Shetler 39, for a number of years a teacher in the Middlebury, Indiana, schools and more recently a graduate student at Indiana University, will teach mathematics. Mrs. Shetler is the former Geneva Stamm 38.

Richard Weaver rt43, son of Professor John E. 14 and the late Mrs. Weaver (Elnora Kauffman 13), a candidate for the Ph.D. in Chemistry at the University of Michigan, will teach chemistry and physics.

A fifth new member of the faculty is Kenneth Mast, who has been appointed head coach of football and basketball.

ORDINATIONS

On September 3 at Tiskilwa, Illinois, C. Warren Long 29 was ordained bishop of the Willow Springs congregation near Tiskilwa, Illinois. Bishop Aaron C. Good of Sterling preached the sermon and gave the charge. Bishop J. N. Kaufman, of Morton, spoke on the relationship of the congregation to the bishop. Bishops Ezra B. Yordy, of Eureka, and Henry R. Schertz, of Metamora, also were present and took part in the service.

On August 6 Samuel Swartz 34 was ordained to the ministry at the La Gloria Mennonite church at Premont, Texas. Bishop Milo Kauffman, of Hesston, preached the ordination sermon, Bishop E. S. Hallman, of Tuleta, Texas, conducted the ordination service, and Elvin V. Snyder 27, returned missionary from South America, spoke the ordination prayer. The congregation dedicated the new church building on the same day. Milo Kauffman preached the dedicatory sermon.

The dedication service gave opportunity for a good example of the manifestation of the brotherly community Christian spirit. Participating in the service in addition to the local ministers and Milo Kauffman, were H. T. Esau, missionary of the Mennonite Brethren Mexican Mission of Premont; J. W. Duerksen, pastor of the Mennonite Brethren Church in Premont; and H. M. Landis, pastor of the Brethren Church at Falfurrias. For twenty years or more the Mennonite congregation and the Brethren congregation, both small struggling organizations, had worshiped together in a building owned by the Brethren Conference. Now both of these congregations have become strong enough to erect separate church buildings. The **Mennonite Weekly Review**, in the issue of September 7, printed a picture of the ministers named above.

FACULTY MEMBER HONORED

Dr. Roy H. Umble, Professor of Speech, has been appointed National Executive Secretary-Treasurer of the Intercollegiate Peace Speech Association. One of his principal duties will be to supervise the association's annual state and national contests in oratory and extempore speaking.

In announcing the appointment of Professor Umble, Professor Howard C. Morgan, the retiring National Executive Secretary-Treasurer, said, "Mr. Umble is quite familiar with the work of the Association. He represented Goshen College in the State Peace Contest in Indiana in 1934. Later, while he was an instructor in speech at the University of Pittsburgh, he was instrumental in organizing the contests in the State of Pennsylvania, and served as State Chairman for that state. Returning to Goshen College after the war as a member of the Speech faculty, he took charge of the local peace contests which have an enviable record for number of participants over a period of many years. With his experience and devoted interest in the work, Mr. Umble is well qualified for the capable direction of the state and national contests."

Awards

Professor Morgan, retiring Executive Secretary, has held that position for fifteen years. For many years he was a professor in Earlham College and is now an instructor in debate and public speaking at Capital University.

The Intercollegiate Peace Speech Association began in 1906 with a membership of three colleges, Earlham, Bluffton, and Goshen, and grew until the outset of World War II to one hundred seventy-two colleges and universities in twenty-seven states with more than eight hundred fifty students participating in the contests. Seven states continued with their programs during the war and six have returned to membership since.

Reverend Amos W. Geigley, retired Mennonite minister from Fairfield, Pennsylvania, annually furnishes two hundred dollars in prizes for the Indiana Peace Speech contests, and the Five-Year Meeting of the Society of Friends the prizes for the National. Awards for the national contest are based on the manuscripts alone. To be eligible for entry in the National a student must place not lower than third in his state contest.

AUDITORIUM SERVES COMMUNITY

Several times this fall the auditorium has been placed at the disposal of the community for gatherings of interest to the general public.

On September 24 Dr. Toyohiko Kagawa, noted evangelist, lecturer and author, speaking at a vesper service, addressed the largest audience that has assembled in the new building. All seats in the main auditorium, including the bleachers, were occupied. Several hundred people were seated on the stage, several hundred more in the lobby outside the main entrance and several hundred more in the College lounge. The audience, estimated at three thousand, included visitors from Ohio, Illinois, and Michigan. The offering amounted to nearly $2000.

The first number of the Goshen College Lecture Music Series, the Fisk Jubilee Singers, also drew a near capacity audience. A few seats, possibly two hundred in the front part of the auditorium, were vacant, but in one of the bleachers nearly all the space was occupied.

Another community lecture brought to the city by a group of local Christian laymen also brought a large audience to the auditorium. Glenn Cunningham, world's fastest miler and an ardent advocate of clean sportsmanship and clean living, spoke in the auditorium on Saturday evening, October 14 on the subject, "Willing to Win."

The second number on the Goshen College Lecture-Music Series, Alexander Kipnis, probably one of the most outstanding bass-baritones, again brought a large and appreciative audience to the campus on the evening of October 19.

Meetings held in the auditorium so far have demonstrated the excellent acoustical properties of the hall. During the recital by the Fisk Jubilee Singers the director stepped to the front of the platform and, speaking in an ordinary tone of voice without the aid of the public address system, made herself heard distinctly all over the auditorium.

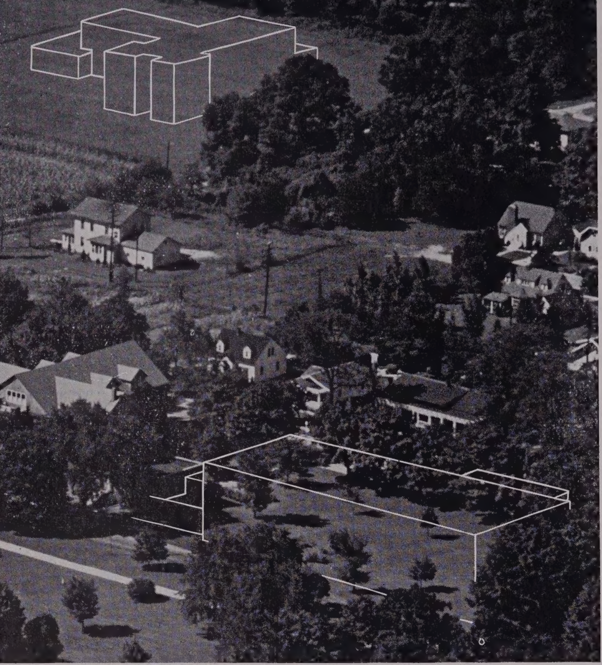
Plans are under way to obtain a top-rate speaker for the general session. Other features will include lively discussions by various interest groups. Alumni teachers are invited to attend and participate. Professional shop-talk will be encouraged!

NEW AERIAL VIEW OF CAMPUS

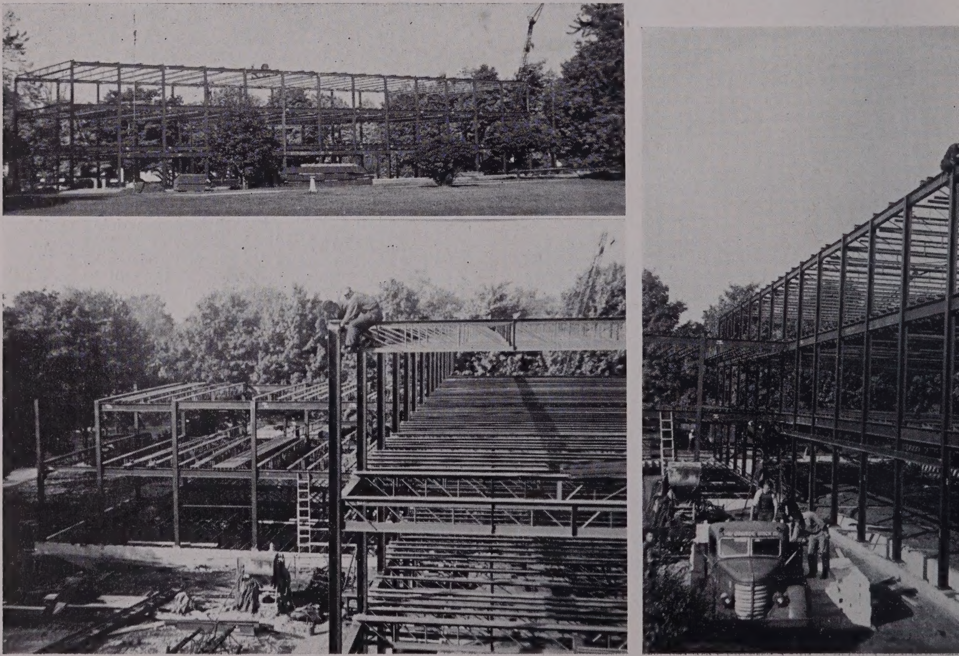
The News Letter is indebted to the inspiration and ingenuity of the Editor of the **Goshen College Record,** Owen Gingerich 51, for the accompanying cut showing the location and size of the new dormitory for women on the campus and of the proposed Goshen City Hospital in the field west of the College Union and in the angle formed by Shoup's Woods.

As stated elsewhere in this issue, construction of the dormitory is well under way. According to announced plans, construction of the hospital is to begin about January 1, 1951.



Aerial view to the southwest shows the locations of both the new dormitory and Goshen City Hospital.

At Top—Dormitory Seen from Southeast. Below—View of Structural Steel from South. At Right—View of Structural Steel from Southwest.



DORMITORY REACHES SKYWARD

Progress on the new dormitory for women continues according to schedule. Although work on the footings and basement walls was delayed somewhat by the scarcity of cement, J. Gordon Jackson, Construction Engineer, completed the concrete work late in September.

During the last week of September and the first two weeks of October most of the structural steel was placed in position. The huge steel columns and girders and the steel joists form a sturdy-looking core for the new building.

With the structural steel in position it is easier to visualize the size and extent of the new dormitory. Next to the College Union it will be the largest building on the campus. Because the building is so urgently needed, the Building Committee is pushing construction as rapidly as is consistent with building economy. Another determining factor in speeding up the work, however, will be the contributions received from the constituency.

The first carload of architectural brick for the exterior walls arrived on the College siding on October 9 and the first truckloads of sand-lime common brick arrived on October 11. The Building Committee is experiencing some difficulty in employing bricklayers on account of the sudden and seemingly unreasonable rise in the expected hourly wage.

AN ALUMNI GROUP FROM THE LAST CENTURY

The accompanying cut was made from a picture bearing the legend, "Clara Mumaw's Friends Taken at her Home." It was given to Dean Harold S. Bender by Mrs. A. C. Kolb (Phoebe Mumaw x95) to be deposited in the Mennonite Historical Library. A note on the back of the photograph names the following: (seated on the ground, left to right) Vernon Hartzler x96, Nancy Kulp 04, Arthur Lehman x95, Anna Brunk x95, Barbara Coffman x97, and Ira S. Johns x97; (seated on chairs) Grace Lehman x97, Irvin R. Detweiler 01, Clara Mumaw 95, and Walter (?) x96 or Harry (?) x99 Stauffer; (standing) Ella Kulp 04. The picture probably was taken in the fall of 1897 since this was the year in which Irvin Detweiler came to Elkhart from Sterling, Illinois. Anna Brunk, Irvin R. Detweiler, Vernon Hartzler, Ella Kulp (Mrs. William Gehman), Arthur Lehman, and Clara Mumaw (Mrs. Glen Unzicker) are deceased.

PRESIDENT MILLER HARD AT WORK

President Miller's diary forwarded at irregular intervals to his secretary, Miss Lenore Dietzel, in Goshen affords daily glimpses of his busy and many times trying days—trying not only because of delaying, procrastinating tactics of Far East government officials but also on account of heat, filth, and generally almost unbelievably primitive, unsanitary living conditions.

But his diary also reveals that he is accomplishing the tasks which the M.C.C. sent him to undertake. In Hong Kong in the face of very discouraging delays and plain Far Eastern immobility and indifference, his persistence and ingenuity succeeded in completing arrangements for leasing, repairing, and remodeling an abandoned police station in a lovely location overlooking the bay for use as M.C.C. headquarters and a children's home.

On August 24 Mrs. Miller left on the **S.S. Tirea** for a seventeen-day voyage to India. On Tuesday, August 29, President Miller, Daniel Stoltzfus 49, with the architect and the contractor, spent several hours going over the details of the repair program at Shatus, the location selected for the M.C.C. headquarters. After a full day's work at Hong Kong, he made the seven-hundred-mile trip to Manila over the supper hour arriving there by bedtime.

In the Philippines President Miller's main assignment is to terminate the M.C.C. hospital service. Since the Disciples Mission is not in a position to take over the Bangued M.C.C. Hospital, President Miller and the unit decided to try to learn whether the Medical Division or the Rural Life Division of the United Christian Church of the Philippines would like to take it over. President Miller and the unit and certain missionary leaders discussed possible future work for M.C.C. in the Philippines. One group favors work in Mindanao and expressed a wish that the M.C.C. would continue in the Philippines on a permanent basis to assist in the problem of migration.

The entry from the diary, Wednesday, September 6, while not quite typical, illustrates some of his travel inconveniences: "Up at 5:30 to use our neighbor's bathroom before they want it. A Polish Jew exile and his wife and two children occupy it. He has no citizenship. He is teaching German in University. We go through their children's bedroom to get to bathroom. The folks sleep on other side of a thin, half to ceiling partition from us. Great life! Ed [Alderfer 43] and Miss Conrad drove me out to airport at 7:30. I am on flight at an altitude of 9,000 feet and a speed of 150 miles. We occasionally have slight bumps. These occur in vicinity of clouds. We have just had pineapple juice and sandwich. We stopped at Cebu for change of plane. Here I met missionaries Schlosser from Free Methodist en route to Mindanao where they are to work. We taxied into Damagiete in a pouring rain. [Roy] Smucker was at the airport to meet me with his wife and Mr. Bell, who has charge of radio station."

From Manila he returned to Hong Kong on September 13. From Hong Kong he had intended to leave for Honai in Indo-China but urgent cables from Osaka and Akron instructed him to go to Japan on account of the typhoon and flood—two and one-half hours of wind reaching a velocity of 123 miles per hour followed by a tidal wave seven feet high, rolling in to submerge torn and wrecked houses. Then back to Hong Kong on September 21. On September 22 he left for Indo-China where the American Consul hoped that the M.C.C. will set up a unit. Presiden Miller feels that at this station the M.C.C. might furnish nurses or a lab technician in connection with the E.C.A. program.

This portion of the diary ends with the entry for Monday, September 25—"At Seaview Hotel, Singapore. The plane arrived at Kalang airport last night at 9:00. By 9:30 I was through immigration and at the hotel—out on the edge of town right on the sea. I had dinner 9:45-10:30 in lovely garden right by the sea—a full moon and a balmy evening. It was about too perfect to be real. And I had good bed, air conditioning and bathroom with hot water. It was awfully good after several weeks of rough going. I got a big bundle of dirty clothes to washwoman and sent two suits for pressing. And I got a haircut. A boy brings me tea and shines my shoes. But tomorrow at 9:30 I am off for Indonesia. I spent the entire forenoon writing my report for M.C.C. on my trip through Indo-China. This P.M. I saw medical officers and immigration officials to get clearance for Indonesia."

Her address is: Mont des Oiseaux, Wissembourg-Weiler, Bas Rhin, France. She writes, "I am back in Europe, but often my thoughts return to the states and especially Goshen. I appreciate so much that I had a chance to attend a Mennonite school. I learned more of the history and principles of our forefathers than at home in the native country of the Anabaptists. To fellowship with fellow believers and to worship our Lord and God with them were wonderful, enriching experiences. It always is a great pleasure for me to listen to the Goshen College record album. It brings back to me the beautiful concerts of our choruses, the special music in our services, but most of all it reminds me of the daily twenty minutes when all the students and instructors got quiet 'before Jehovah's awful throne.'"

Enrollment Trends

The full-time enrollment at Goshen College this fall is about ten per cent below the enrollment for the first semester of the previous school year. This decrease is in part due to the marked decrease in the number of freshmen who enrolled this year as compared with the number of freshmen who entered last September—a decrease of about seventeen per cent. This was not necessarily due to a decline in interest in higher education but was due in part at least to an absolute reduction in the number of potential college students—American high schools last spring graduated the smallest class in many years. The depression slump in the American birth rate has now reached the college level.

Another observation in regard to this decrease in enrollment is that the reduction in the total number of students was practically equal to the decrease in the number of men enrolled. While the number of women enrolled remained constant (239 last year and 238 this year), the number of men enrolled decreased from 352 to 295. This decrease of 57 in men's enrollment is only slightly more than the decrease in the number of ex-service men enrolled. There are 25 less ex-C.P.S. men enrolled this year than last and 25 less veterans—a decrease of 50 in the number of ex-service men enrolled. These facts would seem to indicate that the decrease in the total enrollment was almost entirely due to the decrease in the number of ex-service men enrolled.

The graduating class of 1950 included, along with many part-time students, the largest senior class in the history of the college. The senior class this fall numbers twenty-four less than the senior class of the first semester, 1949-50. These statistics merely point up the fact that the college has passed the postwar peak in enrollment and that the composition of the college community is returning quite largely to prewar conditions in which there are fewer older students.

Another observation from the facts presented in the enrollment tables is that a higher percentage of freshman students remained in college for only one year. This fall, only sixty-six per cent of last year's freshmen returned to continue their college studies, whereas last fall seventy-seven per cent of the previous year's freshmen returned as sophomores. This would seem to indicate that more young people are considering one year of general college education as a worth-while cultural goal, or it might be that more students have had to discontinue college because of financial considerations. The former is the more probable, since the percentage of retention of sophomores for the present junior class is much better than a year ago.

Mennonite students of all branches constitute about eighty-four per cent of the student body, about one per cent more than last year. Members of the Mennonite Church, the branch operating Goshen College, have increased their position to seventy-six per cent—the highest percentage for the ten-year period in the table of comparative enrollments. This would indicate that the decrease in total enrollment this fall was more pronounced among non-Mennonite students than among Mennonite students.

In the table showing geographical distribution of students, Indiana continues in first place. Pennsylvania, however, has climbed into second place, not because of a large increase in the number of students from that state, but because of a marked decrease in the number of students from the state of Ohio, which has held the second-place position for many years. Pennsylvania showed an increase of four students, and Mississippi, which had no students in Goshen College during the school year of 1949-50, has this year furnished four. The states of Iowa, Illinois, Ohio, and Indiana showed greatest decreases in enrollment. Changes in enrollment from other states were not of any significance.

What can be expected in enrollment for next fall? If one is pessimistic and uses the poorer percentage of retention of the past two years for each class, one might predict a further decrease in enrollment for next fall—a figure near or even below the 500 mark. But if one is optimistic and uses the better percentage of retention for each class, one could predict that the enrollment next fall should be about the same as this year. The present acceleration in the U.S. program of drafting men for the armed forces and the trend in economic conditions within the next ten months will to a large extent determine whether one would make the pessimistic or the optimistic prediction.

Lloyd V. Conrad, Acting Registrar

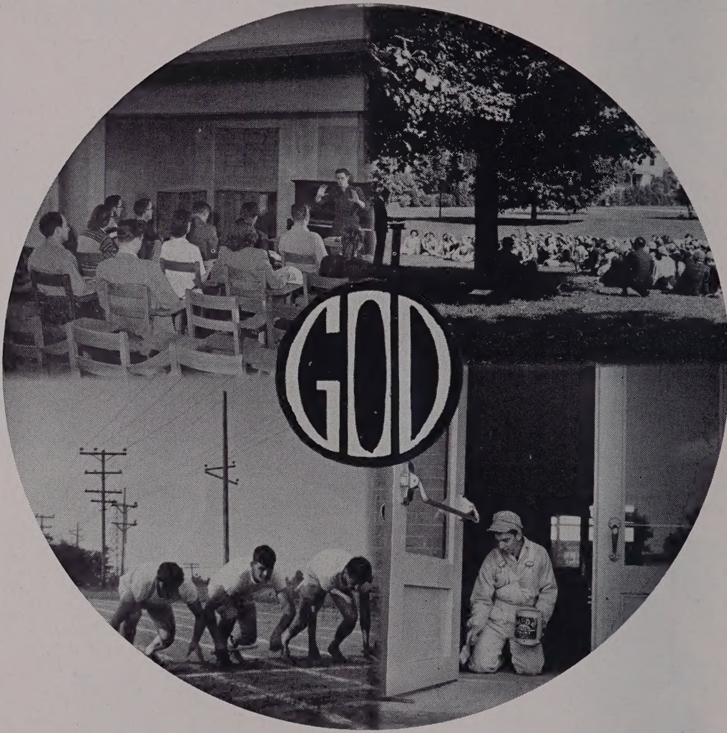
*Can Help You
Live Successfully For God*

A Successful Christian is one whose life-center is



It is the aim of Goshen College to bring all of life—worship, work, study and play—into a unified, well-rounded Christian personality. For this reason Goshen College can help you Live Successfully For God.

Goshen College Bulletin—February 1950 Vol. XLIV No. 3

Published monthly by Goshen College, Goshen, Indiana. Entered as second-class matter November 17, 1924, at the post office at Goshen, Indiana, under the act of August 24, 1912. Accepted for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 17, 1924.

Our Times Demand Successful Christians

There is a good deal out of joint in our world today. China, Korea, the Middle East and parts of Europe are still in political chaos. In our own country there is conflict between labor and capital and a constant struggle over civil rights. There is increasing juvenile delinquency. Our world is still a competitive society rather than a co-operative fellowship.

There are groups trying to resolve these difficulties. We have our politicians. Their banners are legion. They represent free enterprise, communism, state socialism, a bankrupt liberalism—all of them claiming to be the hope of the world but not one of them offering a way to make any change inside men. We have our scientists. They offer us every possible technical aid to living. They give us more power and greater skill and speed, but they have not been able to do a thing about the moral character, the vision and the ideals of men. We have our educationists. Ours is a generation more highly and more widely educated than ever in the history of mankind. But even our educationists are failing to give us moral controls and an adequate notion of the values which are enduring and eternal. So for all our social and political theory, all our scientific progress and all of our secular education, we brought ourselves into the world's recent war and out of it having learned little except how to be more destructive.

So in the words of the Apostle Paul, "The creation still waits with eager longing for the revealing of the sons of God." The world today is not short in man power but it is still in desperate need of the right kind of men. Now sons of God are made in only one way. Paul wrote, "Ye are all sons of God through faith in Jesus Christ," and again, "As many as received Him to them gave He the right to become children of God, even to them that believe on His name." The right kind of men will first accept Jesus as Lord of their lives. Our times demand men and women who will open their lives to God's power. Such men and women will be mightily used by Him.

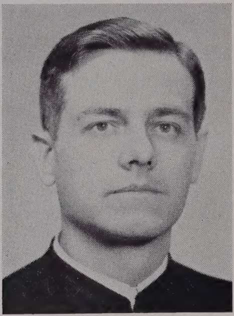
A Christian College



Education has been defined as "the adjustment of vision." But to what shall our vision be adjusted? Whether education shall prove helpful or harmful to Christian youth will be decided largely by the answer to this question.

Goshen College believes that the abundant life is possible only as life is built around Christ. Its foundations must be laid in a deeply satisfying experience of salvation through faith in Him. But this is not enough. To live successfully for God our Christian experience must be undergirded by a strong Christian faith and an intelligent Christian interpretation of life. Goshen College seeks to help each student not only to know Christ as Saviour but also to follow Him as Lord in every area of thought and conduct. She is concerned that her students develop a sense of stewardship of time, talents, opportunities and possessions. She is anxious that her students will be challenged to dedicate their lives to Christian service in whatever vocation they enter.

But Goshen College does not merely hold up Christian ideals for living. She seeks also to provide an atmosphere in which these ideals can be realized in experience. These ideals are part of campus life and activity. Association with other Christian young people, service opportunities on and off the campus, stimulating classroom discussions, the help and inspiration of the chapel service, recreational activities, dormitory prayer meetings and student devotionals and other phases of campus life help to foster growth in Christian experience and in practical Christian living.

A Strong Faculty

Briefly these are the ways Goshen College faculty is strong.

Because a large number of its members have advanced degrees, the faculty is academically stronger today than ever before. This means that through the sacrifice of money, work, and time the professors have attained for Goshen an educational standard recognized by such accrediting agencies as the North Central Association, the Board of Regents of the University of the State of New York, and the Indiana State Department of Education. Goshen College is also a member of the Association of American Colleges and is on the approved list of the American Medical Association.

The deep spiritual quality of the faculty is another way in which it is strong. They are dedicated to the cause of Christ. He is manifest in their teachings as well as their lives. Because of this the faculty expresses a personal interest in each student. They want each individual to receive the most from his college experience. Likewise the students can feel free to talk to them concerning any problems that arise in their lives.

But this is not all, the faculty is strong because of its sacrificial living. Many have refused to accept teaching positions in other schools where they could receive a much larger salary. This requires material sacrifices on their part. But still they stay and enjoy teaching at Goshen.

The students appreciate the faculty. They are thankful for what they have done and are doing for them. Yes, a strong faculty is helping Goshen College students to live successfully for God.

Financially Sound

What do we mean when we speak of the financial soundness of an educational institution? The state universities and teachers colleges receive support from state taxes. Their income is assured. They are "financially sound."

But what about private schools and colleges—colleges like Goshen receiving no financial aid from the state? Earlier the financial soundness of such institutions was measured by their invested endowment. During the depression in the early thirties, however, when endowment earnings shrank to a fraction of their original amounts, accrediting agencies began to give privately endowed institutions credit for income derived from regular annual contributions.

When the North Central Association of Colleges and Secondary Schools granted accreditment to Goshen College in 1941, it was largely—so far as finances were concerned—on the basis first, of freedom from debt; second, operation within the budget; and, third, the consistent annual contributions of the constituency. The N.C.A. accepted a statement of these annual contributions in lieu of endowment income.

The financial soundness of Goshen College is based on the loyalty of its alumni and on the confidence of the constituency in the soundness of the program of Christian education carried on by the institution. The confidence of the constituency is expressed in gifts to the endowment fund, in annuities, and in regular annual contributions. Appeals for building expansion and for the purchase of additional equipment always meet with a prompt, generous, response.

Accrediting agencies have good reason to consider Goshen College financially sound.

A Vital Educational Program

Goshen College is not a cloister. Its professors do not sit in ivory towers oblivious to real life problems. Goshen College seeks constantly to mold its program to meet the needs of our times.

In a day of increasing divorce rates, juvenile delinquency, race tensions, labor disputes and international suspicions, Goshen College recognizes the need for education which promotes wholesome group relationships in the family, community and world. Courses in the social sciences, in literature, languages and the fine arts are designed to increase understanding of other peoples and cultures. Courses in psychology and education, sociology and economics, science, home economics and Bible provide opportunities for the development of understandings, attitudes and skills in the art of home and community living in an age of technology and interworld communications.

In a day when men rely upon the methods of science to unlock the secrets of the universe, they test all creeds by these same methods. More than ever before, men are saying "Faith without works is dead. Show us your faith by your works." To meet this challenge, the crying need of our times is for men and women who commit their lives to the way of Christ in useful vocations which will build better homes and communities throughout the world. Goshen College, therefore, seeks to help students to think through all areas of knowledge whether in the sciences, arts, humanities or social sciences in relation to the principles of Christ.

Professor of Home Economics

A Growing College

Goshen College is growing in its consecration and devotion to the purposes of Christian higher education. She is seeking continually to clarify the significance of these purposes for the entire life of the college. She has a growing curriculum and educational program. New courses and departments are being added as demand arises and resources are available.

Goshen College has a growing student body. An increasing number of young people are seeking guidance and direction in their preparation for Christian life and service.

Goshen College has a growing faculty. To meet the needs of this growing institution new members are being added to the faculty each year. The college makes provision for the professional growth of its faculty so that they can improve their service to students.

Goshen College has a growing program for the religious development and expression of its students and faculty. A growing Bible Department emphasizes direct study of the Bible as the Word of God. Many religious meetings and conferences provide opportunities for enlarged vision and renewal of Christian commitment.

Goshen College has an expanding program to provide the necessary buildings and physical equipment that will make possible sound education and wholesome living for all students. The new Auditorium-Gymnasium with its many associated facilities is the latest addition to the buildings on the campus. Construction of a new women's dormitory will began in the near future.

Goshen College is a growing college.

So Teaching Is Your Goal?

Racing westward with the setting sun a pilot of 1949 photographs the yellow light of late afternoon over the Florida coast, records the orange high lights on the darkening Texas landscape, and flies over San Diego in time to catch the last red glow of the sun as it sinks below the Pacific horizon. In such a time as this Goshen College urges you—men and women with strength and purpose—to learn how to do a hard but rewarding job. You are needed to teach today's children and youth who will fly tomorrow's faster planes and hold in their hands increasing power to overcome time and space—but for what purpose? You can help them to find that answer. Will it be to make and transport the superbomb of destruction and death, or to carry to the ends of the earth "the Balm of Gilead to heal the sinsick soul," as the college chorus sings?

The children and youth of the mid-century world need YOU with your historic heritage of peace to teach them the three R's, the skills and knowledges of modern living, and the love of God. Desperately they need Christian men and women of skill and insight to guide them into normal, wholesome growth emotionally, mentally, physically, and spiritually.

In small towns, in large cities, hidden away in the foothills and on country lanes, the children in today's overcrowded and understaffed schools call for you to come and teach them. Goshen College is ready to help you go to them in the name of Christ.

Will you come so you may go?

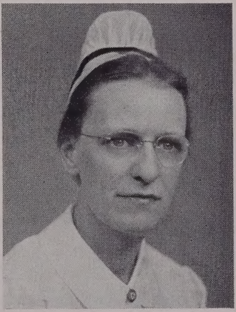
Associate Professor of Education

Or Would You Like To Be a Nurse?

When a student nurse finishes her basic program and receives her coveted R.N. degree she finds many open doors for service. After spending more than two years in a hospital she may choose to remain there as a general staff nurse or to qualify as head nurse and supervisor. In the area of specialization she may choose to become an anesthetist, a doctor's assistant in the operating room, or an X-ray technician. She may wish to help rehabilitate the mentally ill or the physically handicapped. She may do health teaching in clinics, class room teaching, clinical instruction to student nurses, serve as administrator in a school of nursing, as an office nurse in a hospital, or as a public health nurse. Nursing is also an excellent background for preparing young women to meet the responsibilities of marriage and motherhood.

The advance of the church at home and in foreign lands is often hindered by lack of properly trained and wholly consecrated personnel. For this reason, the Mennonite Church is looking continually for courageous, consecrated youth who are able to meet the spiritual needs of suffering humanity as Christian nurses.

Goshen College now offers a collegiate program in nursing education. The four year program, leading to a Bachelor of Science in Nursing, has carefully integrated the academic courses with the clinical aspects of training. This will give the nurse a broad educational background and at the same time prepare her to become a good bedside nurse in an environment conducive to spiritual growth. If she chooses to continue her training she then will have an excellent background for further specialization.



ORPAH B. MOSEMANN
Acting Director of Nursing Education

What About Pre-Professional Work?

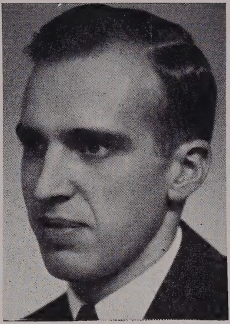
The need for good doctors, dentists, engineers, chemists, physicists, or biologists is greater today than ever before. If you have taken stock of yourself and know that you have the ability, the health, the interest in one of the professions, and have the desire to serve humanity in one of these areas, we invite you to Goshen College for your preparatory work.

Not only will you find our technical scientific courses adequate, but you will find the entire college geared to give you that depth and breadth of training and culture so necessary for a correct foundation. Increasingly the professional schools are looking for students who know something about history, literature, art, economics, speech, and sociology, as well as chemistry, physics, mathematics, and biology. It is a serious mistake to become too hasty in the pre-professional phase of one's training.

Many of our alumni are at this moment serving professionally on our mission or relief fields, in private offices, in hospitals; others are now at work in our medical or dental schools, or in the graduate departments of State Universities. A number of our present Seniors already have been accepted in Medical schools for entrance next Fall.

There is work for many more.

Glen R. Miller
Professor of Chemistry



Then you will have abundant opportunity to serve God and man. The farmer's work is basic to the maintenance of life itself. Modern farming is a business which challenges the best in management skills. The technical and mechanical development of our age may be enjoyed by farm and non-farm families alike. What is more important, the farmer works with nature. He is reminded constantly of God's creative power and His continuing providence. The farmer has a golden opportunity to help build a Christian rural community, the strength of the nation.

In increasing numbers, young farmers are seeking training for their work. The Christian farmer seeks not only technical skills, but also the well-rounded training which will help him to become a leader and contributor to community life.

You Like It on the Farm?

In her expanding program of agriculture and farm-related course offerings, Goshen College attempts to meet the training needs of those who will farm. Technical courses such as Soils, Horticulture and Marketing will be offered next year, with additional courses to be offered the year following. Courses in Accounting, Botany, and Chemistry will interest the prospective farmer. Courses in Bible, Christian Doctrine, Mennonite Community Life, Rural Sociology, and Music will help students become effiective Sunday School, church, and community workers.

Why not allow Goshen College to help you realize a full life of service on the farm?

Howard Kauffman
Instructor in Sociology and Economics

You Want To Be a Secretary?

Goshen College offers three curriculums to the student interested in secretarial service or in commerce.

The one-year secretarial curriculum leading to the secretarial certificate is designed to serve: 1. individuals without business training desirous of becoming efficient secretaries or stenographers; 2. graduates of high school business courses wishing to perfect and increase their commercial skills; 3. those out of high school for several years who may or may not have been working in offices; 4. those interested in a year or two of college and desiring some courses in business.

Our one-year graduates find employment as secretaries, stenographers, typists, and bookkeepers in offices of doctors, superintendents of schools, welfare agencies, county agents, industries and businesses. A number of them are helping to meet the need for well-trained office workers in our church institutions. Some graduates find employment within their own families with their fathers or relatives who are businessmen.

The curriculum for the two-year secretarial course leads to the Associate in Arts degree. This curriculum includes a variety of general education courses in addition to the commercial courses. These enrichment courses further prepare the graduate for abundant living and effective Christian service.

Those one-year or two-year graduates who later enter other professions, such as teaching or nursing, find their business training a profitable extra skill in their profession. Nor are homemakers—wives of ministers, teachers, farmers, missionaries, and businessmen—at a loss to find opportunities to use their typewriting and bookkeeping skills.

Goshen College also offers a four-year curriculum with a major in commerce for the student interested in teaching or in business administration.

Instructor in Commerce

The Church Needs Trained Workers, Too!

The call of the church for prepared workers has never been so great as today. As the one-pastor system grows, more congregations are asking for trained pastoral leadership. The expanding foreign mission program urgently needs more and better trained missionaries. The remarkable growth of congregational mission outposts, as well as rural missions under district mission boards, constantly calls for new workers. The need for capable teachers in our church high schools, colleges, and Christian day schools is increasing. Our publication work still needs editors and writers. We are in a period of unusual expansion when the greatest need is for prepared workers.

The Biblical Seminary at Goshen College is maintained by the Mennonite Church just for the purpose of meeting these needs, in co-operation with the Bible Schools at our other church colleges. It is for this purpose that a large and varied offering of general and specialized courses for both advanced and elementary students is provided, taught by six full-time Bible teachers. It is for this purpose that direct practical work experience is provided for all Bible students in a series of mission outposts manned regularly with Sunday and week day services by almost one hundred students. A special evangelism workshop of one week in Chicago is a splendid asset. A large library of almost 40,000 volumes, with over 10,000 volumes in Biblical, theological, practical and historical fields directly bearing on the Christian worker's study also contributes. The Mennonite Historical Library is unsurpassed anywhere. Your opportunities at Goshen for the best preparation are outstanding.

The Church needs you to join the ranks of the workers. Come and join us.

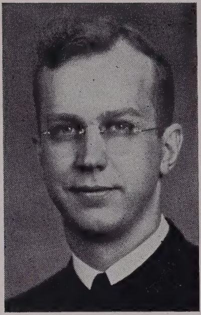
Dean of Biblical Seminary

Taking a Liberal Arts Course



Many young people feel that unless they have in mind a specific vocational goal there is no point in going to college. What does Goshen College have to say to such people?

In the first place, your college experience may help you choose your vocational goal. In the liberal arts curriculum you study in all of the major fields of learning and may find one of these fields an area of particular interest where you can specialize later on.

In the second place, even if you finally decide on a vocational goal for which college training is not absolutely necessary, your time in liberal arts has not been lost. Let us assume you wish to become a farmer. You probably will never gain better experience than you have on your father's farm. At the same time, liberal arts study in college will be helpful. You will study such subjects as Bible and church history in order to gain a deeper appreciation of the church and of Christianity. You will study science in order to understand the physical world in which you live and the true glory and majesty of God's creation. You will study the history of civilization in order to learn how God has worked through people in the past. You will study great literature in order to appreciate the lives and thoughts of other people. You will develop appreciation for great art and music.

Successful living demands a general education such as our liberal arts courses provide. If specialized education is required in your chosen profession, the liberal arts background will prove indispensable to your further training.

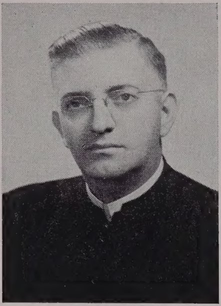
Financing Your College Days



We, at Goshen College, are eager to help you get an education. The total charge for board, room, and tuition is low. We offer liberal scholarships to worthy students. Some students work on the campus or down town while in college. Others work during vacation. In these ways, students can meet part of their expenses.

But students need additional cash to pay the remainder of their college bill. Maybe you have saved some money. If not, then you will need to get financial help. If you really want to go to college and show by your attitude that you are worthy of help, probably you can find some one to assist you. Often parents can do this. Perhaps some other relative will lend you money. A number of congregations have a special loan fund to help their young people.

You know what it will cost you to study at Goshen College. Determine how your college bill is going to be paid and you will be a happier, better student. We stand ready to help you in every way possible.
